Deep-Seated Abscess in the Hip.

Remarkable Recovery after undergoing three operations without success.

Our Portrait is of Mrs. LAMBDON, of Mott's Mill, Withyham, Sussex, England, who writes: who writes :
"I am writing to tell you of the benefit I have received from your Clarke's Blood Mixture. I had a deep-seated abscess in my hip and was laid up about fourteen months not able to do anything. I was in hospital nine months and had three operations. Still I was no better, so I asked to come home. I had been home three weeks still feeling very ill, so I thought! would try your Clarke's Blood Mixture. The first bottle I used fetched the pus out more than ever, and by the time I had taken half the second bottle I began to eat better, and the discharge oegan to get less. I persevered with the Mixture, and after a few weeks began to get about a little on crutches out of doors. Then I began to get stronger, and now I am feeling better than I have done for years. The abscess is quite healed—I can now do my work and walk quite a long distance with a stick. I am sure if people suffering the same as I was would give Clarke's Blood Mixture a fair trial it would do them good. You can make whatever use you like of this better."

CLARKE'S BLOOD MIXTURE, by reason of its remarkable blood purifying properties, can be relied upon to give speedy relief and lasting benefit in cases of Eczema, Bad Lega, Abscesses, Ulcera, Bolls, Pimples, Eruptions,

Dreco is growing daily in popularity because of its certain action on the digestive organs. Its powers are great to relieve constipation, dizziness, headaches, gas in the stomach, beaching, bloating, backaches and other distressing symptoms, all of which are traceable to poor digestion.
