RING Fleming is Victor Montreal, Oct. 22.—Outpointing Dick Loadman of Liverpool, Frankie Fleming, Canadian featherweight champion, earned the decision in a ten-round most here tonight before an attendance of 3,000. Fleming's clever defensive tactics would have won for him had he not cut out in the ninth and tenth rounds and out-

SMOKE A GOOD VIRGINIA CIGARETTE AND BE BENEFITED. A good Virginia Cigarette may be made unless the finest tobacco is used in its manufacture. So many things require attention that the farmer who grows tobacco must be careful to select the best seed and to take care in the raising of the crop. The blending of the tobacco is perhaps the most important part of the process. The tobacco must be cured in a special manner. The fine points of the process must be followed to produce a cigarette of the highest quality. The blending of the tobacco is perhaps the most important part of the process. WHY ASPECT OF CIGARETTE Every man who smokes a cigarette derives a certain amount of pleasure out of it—some, more, others, less. It is a habit that has become so universal that it is almost impossible to find a man who does not smoke. pointed Loadman at his own style of fighting. The feature bout was preceded with a lively bout between Clay, a colored fighter, and Victor Langlers. The colored lad is a new comer to the ring here but fought Langlers to a six round draw. In the closing two rounds Clay had the better of it and had Langlers hanging on to avoid punishment. Clay is an awkward fighter and a times used his elbow, which should have been stopped by the referee. Langler fought at various styles but made little headway against the newcomer.

Brosseau and Howard Montreal, Oct. 23.—On Monday night at Monument National, Eugene Brosseau will fight ten rounds with Johnny Howard of Philadelphia. Howard is a likely middleweight and will come to Montreal with several victories to his credit. Brosseau has started training and will continue until November 10, when he will fight Battling Levinsky here. Brosseau also will have a bout at Portland, Me., next month with Augie Ratner.

Jack Coombs, who managed the Phillies for the major part of last season, and who resigned because he failed to get the owners to co-operate with him in securing players, is anxious to get another berth in the big show. He feels that he can make good if he gets back. Coombs, who at one time played with professional teams in this city, was one of the most popular ball players in the major leagues and he has a host of friends who would like to see him stage a sensational comeback. It will be recalled that Jack was shot some time ago by a fellow townsman in Palestine, Tex., during a dispute over the right of way on a road. The bullet struck the side of his car and entered his right

leg above the knee. He is now able to be about again and is planning a hunting trip. A report comes from Halifax that Roddie McDonald has been asked to meet Marty Cross. Roddie and Marty met some time ago in Montreal and the latter had it pretty much his own way. Now Roddie thinks that he can reverse the result and is anxious to show his prowess. Arrangements are being made to stage the bout in Halifax. A despatch from Vancouver says that the Patricks are having all kinds of trouble endeavoring to secure players for the coming hockey season. Alleged amateur organizations are said to be responsible for the situation. It is contended that erstwhile professionals are

being reinstated and are to play with these so-called amateur teams and will receive better remuneration than the big teams can give. Building rinks seems to be the craze throughout New Brunswick this fall—next year and of securing proper grounds. Will the plan materialize? It will if the right people get busy and make it go. Of course the "navil" chorus is busy, but as usual the time is "Oh! It's a good scheme but it is impossible to do so by next season." Talk of that kind is the reason St. John is such a noted sporting town.

for the young men to develop their brain and brawn and why resort to fresh air exercises? It is said to be strenuous. There is talk of endeavoring to place St. John in the New England League next year and of securing proper grounds. Will the plan materialize? It will if the right people get busy and make it go. Of course the "navil" chorus is busy, but as usual the time is "Oh! It's a good scheme but it is impossible to do so by next season." women should be given a chance of filling the high appointments. "I wouldn't do!" said a youthful and envy married husband. "Just think of a woman as a secretary of the treasury. What do they know about finance anyway?" His effective pause was spelled by an older man, who said solemnly: "You just go home to the missus next Friday night \$5 short in your pay, and you'll soon find out."

PRINCE ALBERT the international joy smoke. TALK about smokes, Prince Albert is geared to a joyhandout standard that just lavishes smokiness on every man game enough to make a bee line for a tidy red tin and a jimmy pipe—old or new! Get it straight that what you've hankered for in pipe or cigarette makin' smokes you'll find aplenty in P. A. That's because P. A. has the quality! You can't any more make Prince Albert bite your tongue or parch your throat than you can make a horse drink when he's off the water! Bite and parch are cut out by our exclusive patented process! You just lay back like a regular fellow and puff to beat the cards and wonder why in samhill you didn't nail a section in the P. A. smokepasture longer than you care to remember back!

Stots on the King Pin. The Robins have strengthened their team with two good men, Jenkins and Ramsay. They are both good bowlers and rooters par excellent. With Hennessy and Foshay as additions to their line up the Autos are certainly one of the strongest teams in the league. In the first string the Autos were certainly hitting on all six cylinders. The Autos have the honor of rolling the highest three string team total of the league to date and also the highest single string team total.
