

"BOND STREET SUPPLEMENTS."

For the sake of bringing various local matters before the church and congregation more effectively than by pulpit announcement, an occasional "supplement" is issued with such copies of the *Canadian Independent* as are circulated amongst our own people.

DORCAS SOCIETY.

The Ladies of the church and congregation are accustomed to organize for making garments for the poor, in the Fall of each year, and meet at such times and places as are from time to time agreed upon, appointing their own officers.

CHURCH POST-OFFICE.

A letter-box is provided in the vestibule of the church, for receiving any communications to the Pastor, Deacons, Treasurers, S. S. Superintendents, or any other official or private members of the church or congregation, on church business or other religious matters.
