

WEEKLY WEATHER SYNOPSIS.

Victoria Meteorological Office, 28th Oct. to 3rd Nov., 1903.

The weather during the past week has been somewhat broken and unsettled, and has assumed more of the regular winter conditions.

The week opened with low barometric pressure over the province and rain falling from the Columbia river northward; the pressure at the same time being high on the California coast. On Wednesday evening an ocean storm developed on the Vancouver Island coast causing a strong easterly gale on the Straits and outside waters.

This storm rapidly passed over the upper part of the province and over the Rockies into the Territories, causing in its passage snowfall at Barkerville. By Friday the pressure had increased, and by nightfall a vast area of high pressure covered the entire North Pacific slope, and a spell of the weather ensued with somewhat lower temperatures. On Saturday the high area moved more inland, and indications appeared of the approach of another ocean disturbance from the northward.

Like all these winter storms, this quickly developed with much energy and was accompanied with strong easterly gales on the outside waters. During the remainder of the week weather conditions became more unsettled, and although the pressure rose again on Monday the change was only transient, and at the close of the week the barometer had fallen to 29.60 inches, and a strong easterly gale was prevailing on the outside waters from Vancouver Island to the mouth of the Columbia river, where hourly wind velocities of 58 and 56 miles were reported. Considerable rain fell both in the province and the adjacent states of Oregon and Washington.

During the early part of the week there was considerable fog, though not so much as in the previous week.

At Victoria in the early morning of the 3rd a fine aurora was observed, though not at this station, and at the same time an electric storm of great energy was felt in many places, both on this continent and in Europe, the telegraph wires being somewhat affected in the local office here. The auroral display which accompanied the storm seems also to have been very general.

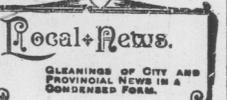

In the Northwest, several storm areas passed through in their passage eastward, but there was not much fall either of snow or rain, and the weather on the whole has been fair and temperatures unusually moderate.

At Victoria there were recorded 8 hours and 54 minutes of bright sunshine; highest temperature, 58.9 on 1st Nov.; lowest, 38.7 on 30th Oct.; rainfall, 0.62 inch.

At New Westminster, highest temperature, 56 on 28th; lowest, 36 on 30th; rain, 2.14 inches.

At Kamloops, highest temperature, 70 on 1st; lowest, 38 on 20th; no precipitation.

Returns from Barkerville, Dawson and Port Simpson incomplete.

No. 4 Company, Fifth Regiment, will have a general business meeting at the drill hall on Tuesday, November 10th. A full attendance is requested.

Maple Lodge, K. of P., Duncans, have arranged with the management of the Edison theatre to give an entertainment and dance on November 27th. Several special attractions will appear, and a good time is in store for all.

There was a large attendance at the First Presbyterian church on Monday when a lantern exhibition showing pictures painted by Tissot dealing with the incidents in the life of Christ was given by Rev. Gordon Tanner, assisted by Rev. Mr. Dean. The entertainment was thoroughly enjoyed.

There will be no field day for the different public schools this fall, as was proposed. Although the idea has been abandoned for this year it will be carried out in the spring. Arrangements are being made for a meeting of the principals of the schools for the purpose of deciding upon a date for the meet and also to draft rules and regulations. The competition will be in all probability be open only to pupils attending schools.

C. H. Dickie, of Duncans, who was in the city last week says that work on the Richard III. mine at Mount Sicker is progressing satisfactorily. After striking rich quartz as described a few weeks ago in the Times, the company again sank twenty-five feet in the shaft so as to better work their best ore. They are now down to a depth of 490 feet, making the Richard III. one of the deepest mines on Vancouver Island. With the work accomplished the management are about ready to begin stopping on the property.

There were nearly 600 Chinese on the Empress of Japan outward bound for the Orient Tuesday afternoon. The major number came from points on the Mainland, but a big contingent went from Victoria as well. The steamer, it is said, had nearly 2,000 tons of cargo on board, including 900 tons of flour for Japan, when, owing to the large number of Chinese securing passage on her, some of her freight had to be discharged to make room for them. This freight will be forwarded on the Tartar. The Colostals are about the last large contingent which will face homeward to indulge there in the joyful festivities of the Chinese New Year, which occurs early in the coming year.

Last Saturday night the annual meeting of the B. C. Association Football League was held at Nanaimo, there being present representatives from the Victoria and Columbia teams this city, the Garrison club, of Work Point, Barkerville, a Ladysmith team and the Nanaimo club. Five teams entered as follows: Victoria, Columbia, Garrison, Ladysmith and Nanaimo. After considerable discussion it was decided that instead of arranging a home-and-home game schedule the Nanaimo and Ladysmith teams should play off between themselves, and the Victoria, Columbia and Garrison teams do the same here. The winning teams are to play the final game deciding the championship on the

second Saturday in April at Nanaimo. The referee of the latter match shall be chosen from two men to be submitted by the team winning the local series of matches. This plan was adopted in order to avoid unnecessary travelling expenses. H. Lawson represented the Victoria and Columbia teams and Corpl. Shute and Sergt. Rensch, the Work Point Garrison.

J. H. Hawthornthwaite, M. P., is touring Texada Island in the interests of Socialism.

Militia orders contain notice of the transfer of Lieut. Angus from the Sixth Regiment to the Fifth at Victoria.

A special general meeting of the board of trade will be held on Friday evening, when the proposed All-Canadian railway to the Yukon will come up for discussion.

In the interior of the province the fruit growers are meeting with a ready market. R. M. Palmer says. They are shipping not only to the Northwest, but are also with the renewed activity in the upper country finding a good home market.

The assault case in which John Clark is the defendant was adjourned on Monday afternoon until Wednesday. According to the evidence of the defence the sailor Thoresen went to the schooner looking for trouble. The captain ordered him off the wharf, and the complainant called him names. They denied that Thoresen was kicked.

The library returns for the month are as follows: Books issued, 1,532; to ladies, 737; gentlemen, 817; highest number issued in one day, 143; average number, 62; new members, 27; ladies, 11; gentlemen, 16. Added to library, Blue Book of the Dominion government, presented by Col. Prior; also pamphlets by A. G. Gilbert on "The Farm Poultry Yard," presented by Senator Macdonald.

B. Gray Roper; seventh division, Mary Wilson; eighth division, Elsie Calder.

A dispatch from Tehama, California, gives the news of a train wreck on the Southern Pacific near that place, and the destruction of a car of scenery belonging to the "Florodora" company, who are to appear at the Victoria theatre next Saturday night. The train gave way, and three cars followed the engine into a ravine. New scenery is being constructed for the "Florodora" company at Portland.

R. M. Palmer, of the department of agriculture, who has recently returned from Duncans, reports that there are active preparations being made in that section of the Island for increasing the orchard areas. This fall and next spring will see a great deal of planting done. This section of the Island is well adapted to fruit growing, and Mr. Palmer believes nothing would give better returns upon limited areas.

The remains of the late Frederick Franck were interred Tuesday, the funeral taking place from the family residence to the West Saanich Catholic church cemetery. There was a large attendance of sympathizing friends, many floral tributes. The religious services were conducted by Rev. Father Oullings at the church and graveside. The following acted as pall-bearers: Messrs. Xavier, Rey, F. Marcott, M. Dean, P. Ferguson, A. Ferguson and F. Dawson.

The proposal to form a cadet corps in connection with the Victoria High school has not yet materialized, and it is expected that the matter will be left in abeyance for some months. It is necessary before a corps can be organized that it be assured of a membership of forty. So far the roll has been signed by only twenty-nine, and until the necessary number of names are received nothing can be done. Beaumont Boggs, who is endeavoring to organize this corps, is not discouraged, but expects that membership will be forthcoming.

The following donations were thankfully received at the aged Women's Home for the month of October: Victoria West Presbyterian and Methodist churches, \$5.30 cash; Mrs. P. There was nothing but routine business before the board of police commissioners at their regular monthly meeting on Wednesday. There was some discussion regarding the disposition of the money received by the department through the publication of the illustrated book, giving a history of the force. It will be remembered it was originally intended that the sum amounting to about six hundred dollars, should be used as the nucleus of a pension fund. Subsequently an agitation arose to have the money divided among the officers and men. This was vigorously opposed by a large proportion of the force, and the matter was left to the commissioners. A special meeting will be called to consider it.

The Victoria Building Society met on Tuesday, and the eighty-ninth drawing was held. The drawing committee was composed of W. J. Anderson, F. P. Watson and W. F. Bone. The first drawing resulted in the selection of share 167, held as follows: 167 "A," Thomas Nicholson; 167 "B," W. W. Northcott; 167 "C" and "D" withdrawn. A second drawing was then ordered, which

The Conservatives of Cariboo are constituting a Dominion election purpose meeting on Friday for the purpose of organization. It is reported that the convention had for its principal object the securing of a nomination for J. T. Robinson, Conservative organizer. With his eye on the nomination it is said that he endeavored to get in early before any rival Conservatives had time to make their position strong. A central organization was effected, but the question of a candidate was postponed. The officers elected were honorary president, R. L. Borden; president, C. A. Seulin, Asst. Secy.; vice-president, J. R. Mitchell, Kamloops; treasurer, Dr. Morris, Vernon; secretary, J. T. Robinson, Kamloops.

Peter Rolland, of Esquimalt, died on Wednesday at the Royal Jubilee hospital. The body was removed to the parlors of W. J. Hanna, from which place the funeral will probably take place on Saturday morning.

Arrangements have been made for opening the reading rooms of the Y. M. C. A. on Sunday. It has also been decided by the directors to observe the association week of prayer, which begins on Sunday next, when there will be a general rally.

The funeral took place Wednesday afternoon of Frederick Harold, the infant son of Mr. and Mrs. G. Jones. It took place at 2 o'clock from the residence of Mr. Jones, 55 Chambers street. Rev. Elliott S. Rowe conducted the services. The burial was in the cemetery.

He hoped they would spend a profitable time together, and that the ensuing year would be one of great prosperity for the Congregational church both in British Columbia and Washington.

Ald. Cameron, M. P., was next introduced by Rev. Dr. Blyth. In a few well chosen remarks he extended to the members of the convention a formal welcome to Victoria on behalf of the citizens. He hoped they would spend a profitable time together, and that the ensuing year would be one of great prosperity for the Congregational church both in British Columbia and Washington.

The bazaar and sale of work held on Wednesday in aid of the church fund of the First Presbyterian church was a decided success. The musical part of the programme was supplied by the Parish orchestra. The ladies of the church provided tea, coffee, cakes and sandwiches. An art gallery arranged in such a way as to constitute a play upon words, caused a great deal of amusement. In the evening the hall was well filled. It was carefully decorated for

the occasion, and presented a very pretty appearance. Tables for the sale of articles were arranged about it, these being under the charge of the following: Tea, Mrs. Thornton Fell; candy, Mrs. McDonald; fancy work, Mrs. Losee; art gallery, Miss McGregor.
