Of the former there are over 200,000 in use, and the extraordinary number of 20,000 were manufactured and sold last sesson, by the Wood Company of United States. We have ever 500 of our manufacture now in use, every one of which (no exceptions) stands as a monument of the grand and unprecedented success of home manufacture and our enterprise. A list of our Agents in this section of the Province will be found appended, and farmers are requested to ask information of them relative to our Mowers in use in their respective localities, which will establish beyond doubt their unquestionable superrority over any other mower to be had in our market. beyond doubt their unquestionable superiority over any other mower to be had in our market.
