frequent visits to Kiel.

The suite of apartments contains a saloon, a bedroom, a working cabinet and a bathroom. The walls will be white and gold, designed in English style, with carvings in wood. Mahogany and stained oak furniture will contrast with the walls, four 8.8-centimetre guns, burnished like gold, will ornament the sides of the saloon, to which folding seats will be attached. The bow of the ship will be decorated with a huge figure of. Germania with sword and shield, and on the stern plate the Kaiser's monogram and arms will appear, with the Prussian and imperial eagles.

burnec to death.

While searching among the bundle of rags with which the room was littered the firemen and police found over \$3,000 in banknotes, and also papers which showed that the ragpicker had recently purchased an annuity of \$240.

For years past the man had gained a livelihood by ragpicking and street begging. He possessed a physical about the sides of the saloon, to which folding seats will be attached. The bow of the ship will be decorated with a huge figure of. Germania with sword and shield, and on the stern plate the Kaiser's monogram and arms will appear, with the Prussian and imperial eagles.

burnec to death.

While searching among the bundle of rags with which the room was littered the firemen and police found over \$3,000 in banknotes, and also papers which showed that the ragpicker had recently purchased an annuity of \$240.

For years past the man had gained a livelihood by ragpicking and street begging. He possessed a physical about the world. Within the last few weeks the shafts at the New Chum Railway at Bendigo, Victoria, have been sumb to a depth of over 4,300 feet, and the quartz there topped has been sampled and crushed, with the result that a yield of gold equal to an ounce per ton has been obtained.

The operations in the mine have been the world's history has gold been obtained from so low a depth as three-quarters of a mile.

Sir Robert Bond said that his trip to this country was entirely of a private character, and was due in great part to the serious illness of his brother, the Rev. George J. Bond, editor of the Christian Guardian. Sir Robert, Bond visited the Muskoka Lakes district, and also the agricultural College at Christian of both of which he spoke in the read, showing that the debt of the city was nearly \$5,000,000.

Alderman Christie pointed out that there was a difference of \$1,000,000 in the city's assets as stated in the company would commence work in Christian of both of which he spoke in the safety board to confer with the municipality.

The auditor's accounts were next in the neighborhood of \$1,000,000. Between four hundred and five hundred men will be employed. He expected to see the dock completed within eighteen months, and thought that the chamberlain's report and as shown by September.

The city laborers were granted their of the common to the provision mittee.

As for the Harmsworth paper and pulp industry it was doing well, but not progressing as fast as the people had been led to expect. The Pearsons, of London, he stated, had almost completed negotiations for the establishment of a similar industry in the colony, and he expected that resulting competition would lead to more expeditious work.

Sir Robert Bond said that his trip to this country was entirely of a private the school board. The city laborers were granted their demand for wages of \$1.50 and \$1.25 a day.

The request of the Imperial Dry Dock Co. was referred to the general committee. A number of the aldermen favored painting the exhibition building. The matter was referred back to the safety board. The question of appointing a jail matron was referred to the safety board to confer with the municipality.
