THE EMPEROR HODS A GREAT REVIEW. Train Loaded With War Material Reaches Port Arthur--All Quiet at Vladivostok--Japanese Army Advancing.

TRINITY REACHES PORT ARTHUR. ST. PETERSBURG, May 11.—General Kurapatkin telegraphed to the emperor that a train loaded with war material from Liao Yang has arrived at Port Arthur.

Were scenes of martial splendor on the Champs de Mars today when Emperor Nicholas held his annual review of the detachments of all troops in the military district of St. Petersburg.

Reconnaissance between Saltszai-pudza and Feng Wang Cheng failed to discover Japanese troops. A Japanese column of considerable strength advanced from Feng Wang Cheng May 8 in the direction of Hai Chang.

The satisfaction felt at the re-establishment of communication with Port Arthur is increased by the knowledge that a trainload of ammunition has been safely delivered to the fortress.

Shortly after 6 o'clock in the afternoon the Japanese Guard have been marching toward Kinko, where it was handed over to General Joki, who immediately dispatched it under proper protection to Port Arthur.

Like a shuttle the cortège passed back and forth as the emperor inspected the various regiments. "Good health, your imperial majesty," was the unvarying response.

ST. PETERSBURG, May 11.—Lieut. General Sakharov sent a despatch to the emperor stating that a report of Lieut. General Zassalitch, dated May 10, is as follows: "Troops which appeared to be a division of the Japanese Guard have been advancing for the last two days from Feng Wang Cheng westerly in the direction of Hai Cheng."

OTTAWA, May 11.—The following paragraph, clipped from tonight's Free Press, the subsidized government organ, is given for what it is worth: "The Canadian government will erect new defence works on Partridge Island, near St. John, N. B. This will probably be done in the earliest results of the employment of Capt. T. E. Nash of the Royal Engineers in the militia and defence department of the Dominion."

It is reported here that the Japanese army is concentrated in three groups, the two southern groups being on the lower section of the River Tayang at Honohany, on the left bank of the river at Dayan and at Donanyo in the same locality, and the northern group opposite Habalona, on the road from Feng Wang Cheng to Saltsza, 14 to 15 miles from Feng Wang Cheng.

ST. PETERSBURG, May 11.—There are ample supplies of munitions for the Japanese army, and naturally General Kurapatkin desired to send as much as possible to the fortress.

ST. STEPHEN, May 12.—Border police are preparing for a proper observance of the tercentenary of DeMonts' visit in 1604. A monument with appropriate tablet will be erected on St. Croix Island, where the Frenchman spent the winter of that year.

HE DID CAPT. PORTER OUT OF FIVE HUNDRED. Police Think They Have Caught a Man Who Has Long Been Wanted in Nova Scotia.

A man who gave out to Detective Killen and Sergt. Caplan yesterday afternoon when he was arrested at his boarding house, 24 Pitt street, on a charge of being suspected of obtaining \$500 from Capt. John E. Porter of the north end by false pretences sell the place. McKenzie, or whatever Henderson is thought by the police to be another man entirely.

The facts now in the possession of the police authorities are as follows: The prisoner, who represented that when he came here that his name was Geo. McKenzie, occupied for some time as an office room at 41 Prince William street. During some days recently he carried on negotiations with Capt. Porter for the purchase of some schooner property. Mr. Porter refused to have anything to do with the proposed scheme. On Monday last the man proposed to Mr. Porter that the latter purchase from him the large vacant lot on the southeast corner of Prince William and Duke streets.
