Hon. Mr. Tweedie-By this amendment we compel the Street Railway Company to keep in good repair most all the streets in the city for some seven miles over which its tracks run, being responsible for the maintento this house. The question was asked ance and repair of the streets from curb to curb, and this is the first time any such far-reaching legislation has ence them to vote a certain way upon ever been enacted in this country. It is the most effective legislation that could be devised to protect the interests of the city.

The vote being taken upon the amendment it was adopted without a dissenting voice.

The section of the bill regarding th by-laws was then taken up. Hon. Mr Tweedle said that in his opinion the common council, which under this bill the Philippines are near us we welcome is given the right to make by-laws for the efficient operation of the street railway, should be required to give the

company 20 days' notice of such bylaws before sending them to the gov ernor-in-council for approval. Mr. Hazen did not think it proper to the power to make its own by-laws and give that power to the common council. He believed the better way would

his, the first opportunity I have had, cil for approval, and if they could not agree then submit them to the governor-in-council. In this way the coun cil would have a way of making its views known and felt and an injustice would not be done either party. The section was adopted as amended and John had a right to an exclusive fran-the bill reported to the house and passed.
