High Wind Made Scores Low. The St. John City Rifle Club held their first shoot on Saturday afternoon on the Local Rifle Range; the match opening at 3 o'clock. The attendance was not as large as was looked for, but all present enjoyed the afternoon's shoot. They had their work cut out for them in trying to fight a tricky wind, which made high scoring impossible. The following were the winners in the match with their scores:—

A. Class. Army Sergt. Jas. Sullivan, 200 yds. 35; 500 yds. 32; 600 yds. 26. Total 93.

ARM BROKE; SUES DOM. GOV'T FOR \$3,000. In addition to the McAniff and Jardine suits in each of which the Dominion government is to be defended in suits for amounts of \$25,000, a third case, also by way of the I. R. C., is booked for hearing at the next sitting of the Exchequer Court in this city.

This suit is being brought on behalf of Mr. Frank Rogers, a local jeweler, who claims \$3,000 as compensation for injuries received while a passenger on a suburban train.

Mr. Rogers has engaged Mr. H. A. McKenna to handle his case in the Exchequer Court. The petition filed at Ottawa states that while Mr. Rogers was sitting at a window reading a newspaper his arm was broken by a blow from a projecting portion of the apparatus attached to a refrigerator car standing on a parallel track. The cause made it clear that this apparatus was improperly projecting owing to the neglect of the railway's employees.

12-YEAR OLD HEROINE WITH BABY BROTHER IN ARMS WAS SAVED AFTER SINKING TWICE

A more notable display of pluck has not been heard of very often than that which twelve year old Annie Bacon was the heroine on Saturday afternoon, when a triple drowning was very narrowly averted at Pokokik. The little girl with her two year old brother in her arms was pulled into a boat by a party of millmen after she and her charge had sunk for the second time.

Annie Bacon, is a daughter of Mr. Welland Bacon, of Indiantown, a driver for Francis Kerr. The child whom she saved from drowning at almost the loss of her own life, is Ollie Bacon, her two year old brother. The two were in a boat which was tied to the wharf at Pokokik bridge, and with them were three other children, one of whom was another brother of the Bacons, aged five.

Rocked the Boat. The youngsters were rocking the boat and the smaller boy lost his balance and pitched headlong into the water. For a time the others tried to catch hold of him but without success.

Second Brother Fell In. The five year old brother in a frantic endeavor to grasp the younger

himself fell into the water, which was over ten feet deep at that point. He succeeded however, in reaching a log, which he climbed astride of, and called for help with all the power of his small lungs.

Girl Plunged Overboard. In the meantime the younger brother had sunk twice. The sister then jumped overboard to save the baby.

Both Sunk Twice. She reached him and grasped him in her arms, but could do nothing more than support him while her own vitality remained with her. With the utility brother shouting for assistance, she clung to the two-year-old until she had sunk twice.

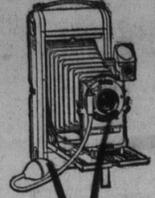

Mill Men Reached Them. The cries were heard and five of the mill hands headed by Mr. Charles Gibbon, quickly loosened another boat and rowed to the scene of the accident, which their arrival only saved from being fatal. Very fortunately the accident occurred shortly before five o'clock. Had it been a few minutes later, instead, the men would have been dispersed to their homes, and a double drowning would probably have been recorded.

OFFICER TOOK PRISONERS NAMES OF THE YACHTSMEN PLEASED WITH ADAMS' LUCK

Those members of the R. K. Y. C. in the yard of the club house at Millidgeville on Sunday afternoon received a visit from Officer Silas Perry, of the North End Police force.

The policeman, who was in plain clothes, made a tour of all the yachts on which their owners seemed to be engaged, and asked to see the names of those on board. In most cases the information was freely furnished and was noted in a book. The number of boats within the city limits was much smaller than last Sunday as seven or eight of the sail yachts and several motors have taken the water during the week. Nothing has yet been done beyond the recording of the names in Officer Perry's notebook. The yachtsmen themselves were inclined to bantering each other over the affair.

Yesterday saw the opening of the sailing season at Millidgeville. The Louvina and the Winogose spent a large part of the day in the main river, and the day in the bay. Twelve of the sailing yachts have now reached the water, and the yard is becoming noticeably clear.

Sheriff Holden, of Sunbury county, passed through the city on Saturday evening, en route from Dorchester to his home at Oromocto. He had just taken the convict Adams to the penitentiary from Burton where he had been summoned to answer a charge of horse-stealing.

Speaking of the return trip to Dorchester, the sheriff said that Adams made the remark to him that he must be the only man whom the officer had ever taken to the penitentiary who was willing to go. The prisoner's willingness to return was due to the fact to serve in order to complete his time on the sentence for beating a patient in the Dartmouth insane asylum.

"I was hugely surprised at the speed with which the news of the Englishman's successful plea had spread through the grounds, he was repeatedly congratulated by the convicts. Every man in the prison seemed to know of the decision. Adams was quite the hero of the hour, and received the compliments showered upon him in the most gracious manner.

THE LOYALIST SOCIETY OUT TO SERVICE

The Loyalist Society attended divine service at Trinity Church last evening. The sermon was preached by Venerable Archbishop Raymond, who made reference to Loyalist Day which falls on Tuesday of the present week.

The officers of the society occupied special seats which were reserved for them. The anthem of the evening was "O Sing Unto the Lord."

In his sermon the Archbishop referred to the various outstanding applications on the history of St. John; the landing of Champlain on St. John the Baptist's Day, the first planting of the British flag and the landing of the Loyalists. He dwelt at length upon the ideals of the United Empire Loyalists, their desire to see the Empire preserved, their love for their Motherland and their personal loyalty to their King. He made a plea for those ideals at the present time.

A SPLENDID CONCERT AT MT. ALLISON

Sackville, May 16—One of the most delightful concerts ever given at Mt. Allison was listened to by a large and appreciative audience, Friday evening. The violin class has increased so in numbers, under the able management of Miss Ayer, that no less than thirty-seven performers appeared on the stage on this occasion. One of the most pleasing on the programme was the solo work of Miss Clara Smith, of Sackville, N. B., who gave her gratifying recital. She performed the difficult task of playing with an orchestral accompaniment with excellent finish and volume. The "William Tell Overture" was particularly enjoyable combining as it did artistic feeling and great speed. Most prominent among the performers were Miss Hilda Hawker, pianist and Mr. Roy Smith, 1st Violin, both from St. John.

The Mt. Allison Ladies' College is just closing its most successful year in its history, both in point of attendance and the excellence of the work done. The year has been a record one. The closing exercises take place at the end of the term when twenty diplomas will be given to students who have completed the different courses taught in the school; seven in piano, one in Voloc Culture, Science, two in Art, and one in Violin. Of these the Misses Nellie Myles and Hilda Hawker, both from St. John graduate in piano.

You'll never regret the price you pay for a good suit. C. J. Pidgeon's styles are fashion leaders, the qualities are the best and the prices are the lowest.

25 YEARS NOW THE TERM FOR KIDNAPPING

Special to The Standard. Ottawa, May 16—The evening sitting Saturday was devoted to the rapid passing of Government measures. Discussing the bill amending the Criminal Code, Mr. Houghton Lennox, of the Government, and Mr. Reid, of Grenville, obtained an increase of the term of imprisonment for kidnapping from 7 and 14 years to 25 years. Mr. Aylesworth remarked that if conditions were as represented action should be taken. At all events the matter should have been referred to a special committee. Some action seemed necessary.

Race track betting also came in for discussion. Mr. Borden read a telegram from the British Columbia Medical Association Conference urging action and stating that many American gamblers were coming into Canada. Had the Government received representations from the benches for a few seconds, Mr. Aylesworth then said that there were many opinions on the subject. Mr. Borden said that if conditions were as represented action should be taken. At all events the matter should have been referred to a special committee. Some action seemed necessary.
