**IF I HAD THE ENTIRE TRADE OF THIS CITY IN MY LINE, I COULD DOUBLE MY PLANT AND EMPLOY TWICE AS MANY PEOPLE.**

**"PATRONAGE OF HOME PRODUCTS WILL ELIMINATE THE 'IF'"**

If it is right and proper to encourage manufacturing in this city nothing should be permitted to retard the growth of the firms now operating here. On the other hand every assistance should be given such firms in their endeavor to increase their output, every encouragement offered them in their efforts to broaden their markets.

The head of one of our largest manufacturing concerns remarked a few days ago: "If I had the entire trade of this city in my line, I could double the size of my plant and employ twice as many people."

Think what this would mean. Keep well in mind the fact that our manufacturing firms reserve our loyal patronage. It is primarily a matter of self-protection, of "safety first" if you please, for us to favor home products, for the prosperity of our factories depend to a great extent on our individual prosperity.

Our factories share with us in paying our taxes, paving our streets and supporting our schools, churches and charitable institutions. They spend THEIR profits here. They employ labor—these workmen in turn spending their earnings here.

The dollars that are sent away for goods that are inferior to the HOME PRODUCTS BRAND could be kept here it would mean a far greater degree of prosperity for the concerns now operating, new factories would be sprung up, work would be given to thousands of people and our city as a whole would enjoy an unprecedented era of good times.

Let your HOME earned dollars be HOME spent dollars.
