

THE WEATHER.

Toronto, July 28.—A shal-
low disturbance is moving
eastward across Northern On-
tario, causing showers near the
Georgia Bay in the Ottawa
Valley, while in other parts
of the Dominion the weather
has been fine.

Forecasts.

Maritime—Moderate south-
west winds, fair and warm;
scattered showers at nine
o'clock.

Northern New England—
Showers Thursday; Thurs-
day night; Friday, fair except
showers in Central and Eastern
Maine.

AROUND THE CITY

WANTS INFORMATION.
The secretary of the Board of Trade
has received a letter from parties in
the West asking for information about
the city and the port for business
purposes.

WHISKEY SEIZURE.
A case of whiskey at the Canadian
Express Co. consigned to a person in
"North Bay," York County, was seized
yesterday morning by Inspector
Kerr, there being no such place.

CONTRACT AWARDED.
The contract for trenching and re-
fill for the water service from the city
main to the Boys' Industrial Home
has been awarded to Thomas Fyfe
of C. Simon & Co. The specifications
call for a two-inch service from the
city main in front of the Alms House
to the Boys' Industrial Home building
and a new terra cotta service from
the house to the barn. They also call
for the cleaning and scraping of the
brook which crosses the road this side
of the Alms House.

GET \$9,150

In Chambers yesterday morning the
Honour Judge Chandler gave judgment
in the case of the W. F. Barnes Export
Corporation against the Maritime Natl.
Company, Ltd. This is a matter which
has been previously reported in the
courts. It is a claim for \$20,000 by
the plaintiffs for alleged damages re-
sulting from failure of the defendants
to deliver a certain number of kegs of
nails. The amount awarded on
judgment yesterday morning was
\$9,150. Dr. F. R. Taylor, K. C., ap-
peared for the plaintiffs, and Dr. J. B.
M. Baxter, K. C., for the defendants.

Chief Inspectors
In Convention

Telephone Chiefs Called to
Session for Instructional
Purposes in Regard to
Operation of Long Distance
Under New Rates.

The convention of chief operators of
the N. B. Telephone Company called
for instructional purposes in regard
to the operation of long distance un-
der the new rate schedule closed last
evening with social activities.

In the evening the chief operators
were the guests of the company at a
most enjoyable dance on Chipman
Hill. The committee in charge of the
arrangements were composed of N. E.
Moore, H. Wheaton, R. Brown, M. J.
McConnell and the Misses Butler, Be-
yea, Hall, Cuthbert and McKel, and
it is mainly through their efforts that
the affair was so successful. A special
and novel feature of the entertain-
ment was a guessing contest. Each
member of the committee represented
a book and wore a card on which the
author's name was printed. A prize
was given to the person guessing the
most correct names of the books. Mu-
sic was furnished by the Black's or-
chestra. The following concert pro-
gramme interspersed the dancing:
Solo by Mrs. Breen, piano solo by
Miss V. Campbell and a solo by Es-
telle Trill. The different numbers were
well rendered and evoked hearty ap-
plause.

MOTORED TO THE
BEN LOMOND HOUSE

St. John Branch of Canadian
and Building Construction
Industry Members With
Friends Motored to Ben
Lomond Yesterday After-
noon.

The St. John Branch of Canadian
and Building Construction Industries
left the city yesterday by automobile
at four o'clock and proceeded to the
Barker House at Ben Lomond. At
6:30 a banquet was enjoyed by forty
members and friends. A business
meeting was then held when only
routine business was transacted. A
pleasant couple of hours were en-
joyed in the Barker House by the mem-
bers and the guests and all returned
to the city about 10:30 after having
spent a most enjoyable outing. J. H.
Grant, the president of the association
was in the chair.

It's rather embarrassing to say
"good-bye" to a friend, and then meet
him the next day and have to do so
all over. It might be as well not to
say "good-bye" to the horse until
there are at least less than 21,000,000
of him on our farms, to say nothing
of those in our cities.

Inspectors Look
For Bad Plumbing

Great Wastage of Water in
City Cause of Inspection,
and Number of Citizens In-
structed to Make Necessary
Repairs.

Keeping in mind the fact that a
large quantity of water is wasted in
the city through faulty plumbing and
the consequent lessening of the water
pressure, especially in the winter sea-
son when many are afraid of the wa-
ter freezing up and leaving it running,
Com. Jones has had employees of
his department make an inspection of
a great many premises during the
past few weeks, for the purpose of
finding out as far as possible where
the bad plumbing was and have the
matter remedied before the cold
weather sets in.

The inspectors found a number of
places where the plumbing was not
what it ought to be and in every in-
stance the owner of the property was
instructed to have the necessary re-
pairs made to put it in first class
shape and prevent the wastage.

This morning the inspectors will
make a second trip to see if their in-
structions in regard to repairs have
been carried out and if they find any
premises where the necessary work
has not been done will again warn
the owner to have the matter attend-
ed to at once. In a short time another
inspection will be made and any who
have not by that time complied with
the request of the commission will
have the water turned off from their
premises until such time as the nec-
essary repairs are made.

The commission hopes that it will
not be necessary to shut the water
off in any instance but he is determin-
ed to put a stop to all unnecessary
wastage of water and will take ex-
treme measures if forced to do it by
the unwillingness of citizens to aid in
the matter.

STANDARD EMPLOYEE
MARRIED YESTERDAY

James A. Gaulton and Miss
Helen Bertha Gould, Daugh-
ter of Mrs. Martha Stockton,
Were Principals in a Pretty
Wedding Yesterday After-
noon.

A very pretty wedding was solemn-
ized yesterday afternoon at 3 o'clock
at the home of the bride's mother,
Mrs. Martha Stockton, 322 Haymarket
Square, when her daughter, Helen
Bertha Gould was united in marriage
to James Alfred Gaulton.

The ceremony was performed by the
Rev. J. A. MacKellan, of the
Presbyterian Church, who read the
scriptures from the Gospels of
Matthew and Mark.

The bride, who was given away by
her brother, Walter E. Stockton, was
becomingly gowned in white Georgette.
She wore a bridal veil of white tulle
caught with orange blossoms and a
bandeau of pearls and she carried a
bouquet of Ophelia roses.

The bride was attended by her
cousin, Miss Edythe McAloney, of
Portland, Me., who was gowned in
rose silk with an overdress of white
net, with hat to match and carried a
bouquet of pink and white sweet peas.
The groom was supported by Manfred
Brown, of Boston, Mass. The bride's
gift to her bridesmaid was a string of
pearls and the groom's gift to the
groomsmen was a scarf pin.

The house was decorated with ferns
and wild flowers. After the wedding
a reception was held and a dainty
luncheon was served.

The happy couple left by car for a
short tour through the province.

They were the recipients of many
beautiful and costly gifts of silver,
gold, cut glass and linen. From his
fellow employees in the Standard office,
Mr. Gaulton received a handsome elec-
tric parlor lamp.

Misses Annie Stocum, Nellie Cox,
Evelyn Brown, Mamie Alexander, Ger-
trude Alexander and Miss Blanche
Mullin served. Mrs. M. Brown served
at the punch bowl and Mrs. W. C.
Stockton served the ice cream.

The groom is a war veteran having
enlisted in the Fighting 26th Battalion
being one of the first to join in St.
John and at that time he was a ser-
geant in the St. Stephen's church
Kiltie Corps. He went through the
whole campaign and returned home
with his battalion after their long
march into Germany.

LADIES OF NATURAL
HISTORY SOCIETY

A meeting of the executive of the
Ladies of the Natural History Society
was held yesterday afternoon in the
society's building, on Union street.
Mrs. John McAvity presided and the
convenor of the lecture course, Mrs.
George Matthews, submitted an in-
teresting and instructive programme.
The lectures will start in October and
finish in January. The entertainments
will be held in the afternoon, follow-
ing the system in vogue prior to the
adoption of the evening entertain-
ments held last winter.

PERSONALS.

Felix Michaud, of Buctouche, was in
the city yesterday.

A. S. White, of Sussex, spent yester-
day in the city.

W. M. Ryan and D. C. Clinch, at-
tended the races at Fredericton yester-
day.

THE PUBLIC UTILITIES.
The hearing of the evidence in sup-
port of the petition for increased
rates of the Grand Manan Light and
Power Company is scheduled for this
morning at 10:30 o'clock, before the
Public Utilities Commission in the
Government Rooms.

WANTED. Linotype oper-
ator; good wages. Apply
Standard Office.

The Designation
Service Was Held

Large Congregation at St.
Andrew's Church Last
Evening — Miss Eleanor
Galbraith Leaves for North
Hanan, China—An Impres-
sive Ceremony.

The designation service of Miss
Eleanor Galbraith as a medical mis-
sionary to North Hanan, China, was
held in St. Andrew's Church, last
evening. The ceremony was a well
attended and impressive one. Rev. E.
S. Dowling conducted the special
designation, and was assisted by Rev.
Mr. Bevis, of Lorneville, of whose
congregation Miss Galbraith was formerly
a member.

Rev. R. Moorehouse Legate, of
Knox Church, representing the Pres-
bytery of St. John, received the
designation vows from Miss Galbraith
and led in the prayer of dedication.
An English Bible was presented the
future missionary by Mrs. James Mc-

Tavish, on behalf of the Women's
Missionary Society. J. N. Rogers,
president of the St. John Bible Soci-
ety, presented her with a Chinese
Bible, on behalf of the Canadian Bible
Society.

The charge to Miss Galbraith was
made by the Rev. J. A. MacKellan, of
St. David's Church, representing the
Foreign Missions Board.

During the service, Finley Campbell
sang with great effect, "Send Thine, O
Lord, to Every Place." R. S. Coupa
presided at the organ.

Mr. MacKellan's address was a
masterly one. He first conveyed the
congratulations of the Board and the
referred to China as the greatest
mission field in the world because of
its many resources and vast popula-
tion and its destined place in the pol-
itics of the world.

North Hanan, he said, was the great-
est mission field of the Presbyterian
Church in Canada, having a popula-
tion of over eight millions and with a
present staff of fifty-two missionaries.

Every man of the band who was phys-
ically fit had seen service on the
Western Front in the Great War.

He spoke of the business of the work
to be undertaken by the intended mis-
sionary, and which would challenge
her every talent, going as she did
when the hospital work was being re-
organized and enlarged.

He then spoke of China as the
strategic line of the world in chaos, and
of the enthusiasm of the Chinese for
numbers of the Chinese, he said, felt
as did the Chief Justice of South
China, who recently said, "Christ is
the only hope for the nation and for
the world."

He assured Miss Galbraith of the
loyal support of the church in Canada,
which had been shown by the splendid
financial success of the Forward Move-
ment that it is equally enthusiastic for
aggressive missionary work.

Christ, he repeated the assurance of
Christ to His apostles, "Lo, I am with
you always, even to the end of the
world."

Miss Galbraith is a daughter of Mr.
and Mrs. J. J. Galbraith, of Lorneville,
and will leave for the Orient in com-
pany with a number of other out-
going missionaries who sail from Van-
couver on the 26th of August.

The Blasting
Caused Damage

Owing to Complaints Com-
missioner Frink Has Given
Orders That No More Shots
be Put on Northern Side of
Kennedy Street Quarry.

There would be little, if any, more
blasting done at the city quarry on
Kennedy street. Commissioner Frink
said yesterday. Following complaints
which had been received of damage
from the blasts the commissioner
made an investigation and gave orders
that no more shots should be put in
on the northern side of the quarry.
The crusher will be busy for some
time yet crushing the rock which has
already been blasted out. Asked
when the city would begin to take
rock from the old Shamrock granite
site, the commissioner said one of
the crushers would be placed there
just as soon as the deed to the land
was signed.

The "three crowns" of the quarry
pair were still busy before long
they will have to go for lack
money to carry on with. He expect-
ed to begin the concrete sidewalk on
Millidge Avenue just as soon as the
contract is let for the work, the ma-
chine for the job having already been ap-
propriated.

The commissioner also reported
good progress being made in the
porphy repairs on Douglas Avenue
and Marsh Road.

Rev. H. E. Bennett
Has Returned Home

Assistant to Father Young of
Mission Church Has Been
Attending Anglo-Catholic
Congress in London, Eng.

Rev. Herbert E. Bennett, assistant
to Father Young, pastor of the Mis-
sion Church, Paradise Row, returned
to the city yesterday. He had been at-
tending the Anglo-Catholic Congress
in London. Father Bennett arrived
in Sydney Tuesday on the C. P. O. S.
actorian, the liner that brought over
the delegates to the Imperial Press
Conference.

Speaking to the Standard last evening
Father Bennett said the trip was
very interesting. The liner was
equipped with very powerful Marconi
wireless telephones with a radius of
2,000 miles. While 700 miles from
British Isles the passengers en-
joyed selections played by a gram-
ophone in the Marconi experimental
station in Chelmsford, Essex. The
concert took place in the first class
lounge and the audience was deeply
impressed with this wonderful new
invention of Marconi's. When the Vic-
torian neared Newfoundland selec-
tions played by an orchestra in St.
John's were also enjoyed. During the
voyage a newspaper called the "North
Atlantic Times" was published twice
daily. It contained all the news of the
world received by the medium of the
wireless telephones.

The Anglo-Catholic Congress Father
Bennett said, was a great success. It
opened with a procession to St. Al-
bans, Holborn, where High Mass was
celebrated. The sessions of the Con-
gress were held in the Albert Hall,
the largest hall in London with a
seating capacity of 13,000. The Con-
gress closed with another procession
to Southwark Cathedral where special
thanksgiving services were held.

Conditions in England are yet some-
what unsettled and the effects of the
war on the people can still be seen.
However, Father Bennett said, that he
did not find conditions as much chang-
ed as he was led to believe. The top-
ic of the day is Ireland and there is
good ground for hope that a settle-
ment will shortly be reached. There
is a good deal of motor transporta-
tion now in England and motor cars
are carrying freight which was formerly
transported by the railroads.

Motor charabancs have also become
very popular. They travel all over the
country on sight seeing tours. While
he was in London Father Ben-
nett said he saw a charabanc that had
brought a subject from all the way
from Lancashire. These sight-seeing
motor cars have become so numer-
ous that many complaints have been
heard from rural districts. It is al-
leged that the cars occupy the roads
and give the pedestrians or the cyclist
no chance.

While in England Father Bennett
said that he saw a subject from his head-
quarters. He spent several days how-
ever in Oxford, Westcliffe-on-Sea, and
Portsmouth. While in Portsmouth he
visited the naval dockyards where
many auxiliary troops were stationed
to their pre-war state. He also
visited the submarine base and had
an opportunity of inspecting a cap-
tured German submarine.

Father Young, the rector of the
Mission Church, leaves on his vaca-
tion today and Father Bennett will be
in charge of the services in his ab-
sence.

Police Court
Cases Yesterday

Dental Supplies, Gold Plate,
and a Typewriter Stolen,
Walter Machett Charged
With the Theft — Other
Cases Heard.

Several teeth belonging to the Govern-
ment have been stolen, and Walter
Machett was arraigned before Magis-
trate Ritchie in the police court yes-
terday as the thief in connection with
the teeth. He is also accused of
stealing a quantity of gold plate, all
of which articles have been missed
from the dental corps supplies at
the local depot.

In the police court, yesterday, Dr. J.
M. Macsee, formerly assistant director
of dental services in military district
No. 7, said he knew the accused and
he had been employed at the dental
corps previous to the time the offence
was committed and knew where the
missing articles were kept. The doc-
tor said some gold plate, teeth and a
typewriter were missing, the value of
which would amount to more than
\$100. The case was postponed until
other witnesses can be summoned.

Hearing was resumed in a disorderly
house case, in which Mrs. Mary E.
Clarke is the defendant. A. C. Cole-
man said there had been a drunken
man in the defendant's house, and con-
siderable noise was made Sunday
night, and that the house had twice
been set on fire by a broken lamp.
Claude Kinnear told of a man named
"Pincher" Brown kicking the accused
in the face. The case was further
postponed.

**MORE BARGAINS AT DYKEMAN'S
MIDSUMMER CLEARANCE SALE.**
Little Thread Hose, 12c. per pair.
Black Silk Hose, \$1.20 per pair.

Hazen Avenue.

CARL LATTIMER,
Secretary.

That's the Plug

Champion

Half Again as Much Resistance to Current When Heated

Three thousand four hundred and forty-nine experiments, ten years of unremitting laboratory work—and then came the startling results of Experiment 3450. You may now be virtually certain that the insulator of your Spark Plugs will never break from sudden change in temperature.

Champion Insulators have always stood up well under temperature changes. But Champion 3450 Insulator has Three Times the Resistance to extreme temperature variation compared with the best previous insulator.

Always Dependable, Champions are now Super-Dependable. Insist on Champions for your motor. See that Champion is on the insulator as well as on the box. See Our Market Square Window.
