

DR. INCH HERE ON EDUCATIONAL AND CHURCH AFFAIRS

Superintendent of Education Does Not Think Practicable Now to Make Kindergarten Part of Public Schools

HOPES OF THE U. N. B. Would Like Government Grant Raised to \$20,000 to Enlarge Facility—Speaks at Luncheon at Which Portland Church Pledges \$1,500 for Missions—The Nelson Shields.

Dr. J. R. Inch, chief superintendent of education, who came to the city from Fredericton, was entertained at luncheon by some of the leading Methodists of the city yesterday. The Laymen's Missionary Movement was discussed by some of those present, including Dr. Inch. In the evening he attended a banquet in the Portland Methodist church at which about 120 sat down to the table.

Afterwards the gathering was addressed by Dr. Inch and Mr. Kingston, and at the conclusion a resolution was passed that Portland church raise \$1,500 this year for Missions. This is practically twice what was raised last year.

Dr. Inch said he was in hearty sympathy with the movement. He did not, however, see that it would be practicable to introduce it as part of the public school system at present. In such towns as Fredericton, Moncton and St. John, however, he thought the government might very well make grants to those carrying on kindergarten schools throughout the province as they were not taught as well as in the primary grades of the public schools.

The following I.C.R. officials were in the city yesterday in connection with the winter traffic affecting their departments: E. Thibin, general traffic manager; J. M. Lyons, general passenger agent; and L. B. Archibald, of Halifax, superintendent of sleeping and dining cars.

SUFFERED TORTURES FOR 70 YEARS

Wife of a Prominent Physician Tells How She was Cured. Mrs. J. R. Flock is the widow of one of the best known physicians in London (Ont.). She was treated by her husband and many other medical men yet never received any lasting benefit. Just by accident she tried a well-known remedy, and now, after 70 years of suffering, she is well. Read her letter to Fruit-atives Limited.

"Dear Sirs—Since my early childhood (and I am now in my seventy-third year) I have suffered indescribable torment from stomach trouble and indigestion, complicated with liver disorders. Being the wife of a prominent physician (the late Dr. J. R. Flock), I naturally enough had a prejudice against proprietary remedies. I was, however, unable to benefit to any great extent through my lifetime, from taking the ordinary remedies of physicians, being constantly in delicate health from stomach disorder and vomiting. Accidentally I came into possession of a sample of "Fruit-atives"—tried them and found myself wonderfully benefited. I take them now as my only medicine as they are keeping me in the most satisfactory health.

After finding out the wonderful medicinal qualities of "Fruit-atives" I have recommended them to many of my friends and acquaintances, who have also had the best results from their use—and one lady friend that I have recently recommended them to, has used them for Sciatica, from which she suffered constantly and was unable to procure any remedy that would relieve her. She is now taking "Fruit-atives" and is cured.

I am glad to be able to recommend "Fruit-atives" and will be glad if you will use my name in any way that will be the means of bringing your remedy before the public." (Sgd.) Mrs. J. R. Flock, 346 Dauds St., London, Ont., Feb. 28th, 1908.
