deavoring to leave the room, detached pieces of flesh having been found on the door latch. Although suffering intense pain, the child, as well as she was able, told her parents how it happened. While in bed, she said, she felt her feet cold, and got up for the purpose of putting her dress over her night-gown. There was a stove in the room, and considerable fire in it. In passing/it, her clothing must have caught fire/and it is supposed that she tried to get out of the supposed that she tried to get out of the room and did succeed in getting into the hall, but bewildered with fright and pain she returned, and sat down on the bed many those the room and the succession on the bed many those the room of the room o where her parents found her. The little his statement, or explaining it away, in boy's feet were slightly burned, by the sister sitting near him. Fortunately the infant, which was asleep all the time, was uninjured. Strange to say, none of the clothing on the bed took fire. The little

clothing on the bed took fire. The little sufferer craved piteously for water, which was given to her; and after suffering the most exeruciating pain, expired in her mother's arms, three hours after the accident. We deeply sympathize with the breaved parents in their sid affliction Coroner Farrel held an inquest on the body this afternoon. The jury returned a verdict in accordance with the facts above related.

Solution of the export duty on lumber manufactured from wood of American growth:—

Gough—Has the Government had any correspondence with the Dominion Government in reference to the removal of lumber export duties as provided by the Treaty of Washington?

Hatheway—None; but I had some conversation with the Ministry on the subject, and cannot correspond in reference to it while the decision in the Treaty of Wash-
