Ayer's Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote and disappear. Hence its wonderful cures, many of which are publicly known, of **Scrofula**, and all scrofulous diseases, **Ulcers, Eruptions**, and eruptive disorders of the skin, **Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm**, and internal **Ulcerations of the Uterus, Stomach, and Liver.** It also cures other complaints, to which it would not seem especially adapted, such as **Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility**, and **Leucorrhœa**, when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even when no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.

Watchmaking in Switzerland.

[From the Swiss Times of May 30.h.]

WE have already drawn attention to the annual meeting of the Society of Arts held on the 23rd current, under the presidentship of M. Th. de Saus-ure, and are now able to furnish some further details.

Professor Soret, in delivering a most interesting report, passed in review the operations of the Industrial Section, in reference to Commerce, laying great stress upon the competition that has taken place in the manufacture of chronometers. This competition was instituted with the object of testing the workmanship and precision of chronometers turned out by Geneva manufacturers, and none but those adopted for pocket use were admitted. They were deposited in charge of the authorities at the Observatory, and underwent the most searching ordeal possible to be applied to pocket instruments of this class. The jury specially retained to decide the difficult question as to whom to award the palm of excellency unanimously decided in favor of Messrs. J. M. Badollet & Co. This firm having carried off the sole prize by for pocket use were admitted. They were deposited in charge of the authorities at the Observatory, and underwent the most searching ordeal possible to be applied to pocket instruments of this class. The jury specially retained to decide the difficult question as to whom to award the palm of excellency unanimously decided in favor of Messrs. J. M. Badollet & Co. This firm having carried off the sole prize by competition for two other chronometers. The allusion to this triple honor was received with enthusiastic applause, and Professor Humbert, President of the Fine Arts Section, closed the meeting with a happy and humorous dissertation upon subjects connected with this department.

Nursery Rhymes, No. 16.

THE TURTLE.

Down King street once I wandered, while before me there meandered
A beast with curious action that I'd noticed not before;
And I watched it gaily flitting, as hither it came skipping,
Like a stone upon the waters, near proud Ormond's shore,—
"'Tis young 'Bolivar' or 'Shellbark' sporting on the pebbly shore:
This it is, and nothing more."

And then there came a tapping, like unto a wild beast's snapping,
Or like a dragon dancing on a stalwart oaken floor.
Cutting quaint and curious capers worthy notice in the papers:
And I halted at the druggist's on King street, twenty-four,—
And pushing back the crowd, glanced meekly through the door.
And saw—'twas turtle—nothing more.

And while the crowd was standing, a man came in demanding
A vial of QUAKER BITTERS—such as he had before:—
"I want it made by Shakers, a select tribe of the Quakers,
To cure an eye-ball painful and a torpid system sore:—
Dyspepsia, cramp and sgue, and pains and aches a score—
Only these and nothing more.

"My liver's in disorder, and my stomach's out of order;
I have chills and intermittents, less or more:
My chest is like a Bank—tight, clammy, cold and dank,
And the gnawing at my vitals is tearing my heart's core.
Have you anything to cure me in your varied stock and store"?—
Quaker Bitters—nothing more.

Then nothing more was spoken, and the silence only broken,
By the movements of the turtle as, in vain, it tried to soar;
And then there came a groaning—a tender plaintive moaning,
And on its back the turtle lay, wildly struggling on the floor:
The man with Quaker Bitters had just turned him slightly o'er—
Only this and nothing more.
