

44.9

House-Keepers' Mission.

OFFICERS, 1893-1894.

President—MRS. E. W. HYMAN.

Vice-President—MRS. BECHER.

Directresses—MISS PRIDDIS, MRS. CHAS. LEONARD, MRS. PUDDICOMBE, MRS. WAUGH.

Secretary-Treasurer—MISS L. KIRKPATRICK.

There is probably no work in the city accomplished with so little labor, or wrought so quietly, as that done through the medium of this mission. It has, nevertheless, proved to be a source of real benefit to many.

The Charitable Homes of our city have received a regular monthly supply, which the matrons gratefully acknowledge to be a boon to their various inmates. The sick and aged poor have received from its stores whenever needed and applied for.

We only wish the house-keepers who have been generous enough to contribute, fully realize the comfort and benefit they confer upon their less fortunate fellow-beings, by their gifts of canned fruits, jellies, catsups, etc. As has been stated many times, only the fruit is asked for, jars of equal size and capacity being returned to bearer upon receipt of contribution.

We gratefully return thanks to the many who have assisted us to sustain this much needed work in the past, and trust that the needs of the mission will appeal to many who have not remembered it, to give, however small a donation, to this worthy cause.

We will also be very glad to show our cupboard and explain methods of working, at the "Y's" Rooms.

Respectfully submitted,

LIZZIE KIRKPATRICK,

Sec'y-Treas.
