

A Few Facts About Canada.

Quebec is 286 years old.
Toronto is 111 years old.
Halifax is 156 years old.
Montreal is 262 years old.
Winnipeg is thirty-five years old.
Canada exported nearly \$12,000,000 worth.

Canada's fisheries have yielded since 1869, \$377,000,000.

Canada's public schools are taught by 30,000 teachers.

Canada's fishery industry produced \$22,000,000 last year.

Canada spends \$12,000,000 annually on her public schools.

Canada has 500 miles of irrigation canals in the Northwest.

Canada is thirty-seven years old, if dated from Confederation.

Canada has 19,000 public schools, attended by 1,105,000 pupils.

Canada is 145 years old, if dated from the British conquest of 1759.

The first car load of cattle was shipped from the Northwest in 1895.

Cod comes first, to the value of \$125,000,000; salmon next, \$74,000,000.

Canada is 370 years old, if dated from Jacques Cartier's visit in 1535.

The area under wheat in the Northwest has more than doubled in four years.

Great Britain buys \$131,000,000 worth of wheat per year; Canada sells her only \$24,000,000 worth.

Canada exported, in 1903, 60,000 head of beef cattle, besides those sold for local consumption.

Average wheat yield in the Northwest for the last twelve years was eighteen bushels per acre.

Twenty-five years ago, the cattle industry of the Northwest was represented by twenty-five head.

Canada has seventeen Universities, forty-six colleges, twelve academies and five agricultural colleges.

The C.P.R. has let a three-million dollar contract for twenty miles of irrigation canal near Calgary.

Lord Strathcona asserts that within ten years Canada can produce all the grain required by Great Britain.

At present 750,000 animals are being pastured in the Northwest, viz., 400,000 cattle, 200,000 sheep, and 150,000 horses.

Canada has a continuous waterway of 2,300 miles from the mouth of the St. Lawrence to the head of Lake Superior.

Canada sold the United Kingdom \$100,000,000 worth of farm produce of all kinds last year out of \$555,000,000 worth she bought.

Canada has twenty-four round-ups of cattle and horses in her Northwest, and twenty thousand different brands are registered.

Canada has 140,000 men employed in the fishery industry. Nova Scotia comes first, New Brunswick second, and British Columbia third in the fishing industry.

The C.P.R. intends to build a four hundred mile canal along the Bow River. This scheme will irrigate millions of acres—one-half of which will be fit for grazing and the other half for growing cereals.

WHY THE BUTTER DOESN'T COME.

Canada's forest products total \$80,000,000.

Canada has spent \$800,000,000 on her railways.

The government railways are 1,510 miles long.

The Grand Trunk system is 3,162 miles long.

Canada exports \$36,000,000 worth of forest products.

There are 6,600 miles of railway north of Lake Superior, whereas there was not a single mile at confederation.

Canada's mineral production in 1903 was \$63,000,000.

Canada has produced \$200,000,000 in gold since 1862.

The Canadian Pacific Railway has 7,319 miles of track.

Canada has the largest pulpwood forests in the world.

The 30 Years' Old Cure for Asthma.

Chester's Cure is no unknown, untried remedy. Way back in the '70's this famous specific was curing Asthma. Every year since has seen more and more people relieved of their suffering. Though it has never been widely advertised in the papers, asthmatics in almost every part of the world are regularly supplied from Montreal with

Chester's Cure

the only remedy that gives them relief. It contains no alcohol or cocaine. No atomizers required.

Equally effective in curing Catarrh and Bronchitis.

At all druggists, 50c and \$1. If your druggist has none in stock, write the Canadian Agents:

THE LECHEMING, MILES CO. LTD., MONTREAL

Earn a Comfortable Living WITH A Chatham Incubator

Poultry raising with a Chatham Incubator is a very profitable and easily managed occupation. Unless you want to go into it extensively it need take but very little of your time. Government reports show that the demand for chickens in Canada is greatly in excess of the supply, and Great Britain is always clamoring for more. That means a steady market and good prices for chickens.

You cannot raise chickens successfully with a setting hen. She is wasting time setting when she should be laying. While she is hatching and brooding a few chickens she could be laying five or six dozen eggs. The percentage of chickens she hatches is much less than that produced by the Chatham Incubator.

It will pay you to own a Chatham Incubator.

Chatham Incubators contain every improvement of importance in Incubator construction that has been produced. They are made of thoroughly seasoned wood, with two walls, case within case. Between these walls mineral wool is packed, forming the very best insulation. Each piece of the case is mortised and grooved and screwed, making the whole as solid as a rock. Chatham Incubators are equipped with scientifically perfect regulators, which are an infallible means of regulating the temperature.

No Cash to Pay Until October, 1905

We will start you raising poultry for profit with a Chatham Incubator without one cent of money from you until next Fall. That means that you can take off seven or eight hatches and make considerable money out of the Incubator before the first payment becomes due.

We couldn't make this offer if we were not certain that if you accept it you will get complete satisfaction, if we were not positive that the Chatham Incubator will pay you a handsome yearly income.

This is a straightforward offer. We make it to show our supreme confidence in the Chatham Incubator. We want you to accept this offer, as we are sure of the satisfaction our incubator will give. Every machine we have put out so far has made other sales in the same neighborhood.

Our offer is to send you a Chatham Incubator at once, freight prepaid by us, with not one cent of cash from you. You make your first payment in October, 1905. The balance to be paid in October, 1906, or if a Cash Buyer you get it cheaper. Could any offer be fairer or more generous?

The Incubator and Brooder that I bought from your agent, on time, I wish now to pay the whole amount this fall, if you will give me a discount. I am very much pleased with both Incubator and Brooder, and would not be without them, because I cleared this season more than the Incubator and Brooder cost me.

I wish to let you know of my success with your Incubator. Out of 124 eggs I got 74 chicks, and out of my second hatch I got 94 from 106 eggs. I find the machine a pure success, if run according to directions. The brooder is a wonder, and I have not lost a chick as yet, and they are almost feathered.

Yours truly, JOHN H. McKINNON, Collingwood.

Write us to-day for full particulars of our offer and mention this paper. Don't put it aside for another time, as this special proposition may be withdrawn at any time.
