"I DON'T WANT IT—YOU TAKE IT," says an unidentified member of the Calgary Casinos volleyball team during last weekend's tournament at Varsity Gym. The Calgary Cals took top spot in Section A, defeating the University of Calgary I club. Brooks captured Section B honors, beating the U of C II team in three games. University of Alberta teams finished well down the list.

# Collegians capture swim relays

## Sandra Smith, Elaine Tanner show the way

Four Canadian records and 13 provincial records were broken during the Eighth Annual Golden Bear Relays held at the University of Alberta pool last Saturday. The only open record which was broken was the men's medley relay. The University of Alberta set a new provincial record in this event with a time of three minutes and 57 seconds.

Pat McClosky of the Edmonton "Y" Seals set a national record in the boys' 14 and under 50 yard free style with a time of 23.8 seconds and also set provincial records of 59.7 seconds in the 100 yard back stroke and 52.1 seconds in the 100 yard free style.

In the 14 and under age group the Foothills Swim Club from Calgary set a national record of 3:47.7 in the boys' free style relay and a provincial record of 1:43.6 in the 200 yard free style relay. Killarney Swim Club set a national record of 1:54.8 in the boys' 200 yard medley relay and set new provincial records in the girls' 200 yard free style relay and the girls' 400 yard free style relay.

In the 12 and under group the Jasper Place girls set a new national mark of 1:57.7 in the 200 yard free style relay and also lowered the provincial records in the boys' free style relay and the boys' 200 medley relay. The Acadia Swim Club girls' 200 yard medley relay team set a new mark in the girls' 200 yard medley relay.

Team trophies were won by Jasper Place in the age groups and

the University of Alberta in the open. The meet included teams from throughout the whole province with an entry list of 393 swimmers.

Individually, the University of Alberta Pandas and Golden Bears swim teams had a successful time of it. The teams combined to place first in the open team standings.

The Panda 400 yard backstroke team of Sandra Smith, Haye Mullins, Arlene Henderson and Elaine Tanner finished first in their event with a time of 4:32.6, a full six seconds off the existing meet record. Denise Durfee, Henderson, Smith and Tanner combined to take the women's 400 yard free-style relay in a time of 3:58.5, breaking the meet record of four minutes flat set by the Edmonton South Side Swim Club.

Panda relay teams also finished

fourth in the open 400 yard medley relay, sixth in the 200 yard freestyle relay and second in the open 400 yard individual medley relay.

Panda swimmer Sandra Smith has been chosen to represent Alberta in the Can-Am meet in Tacoma, Washington, on Dec. 14. Swimmers from Alberta, B.C. and the United States will be competing.
