### Intramural Butchery League Organized

SLIGHTLY SMALLER but as good as ever. One gets this impression on looking at the Intramural Hockey League. The only hitch at present that will forestall operations at the Alexander Ice A 12-team league has been organ- Palace is Jack Frost, who seems ized and will be played in two to take a look around and then sections. Play will commence as hibernate for a week or two. soon as playing conditions permit.

Two Leagues Eleven teams have been entered and as last year will be divided into two leagues - the National, comprising 6 teams, and an American loop containing five squads. At Alexander "Angels" - "Punchy time of going to press it was hoped that some group on the campus would come forward with an application for a franchise in the Freshman Forestneers - Irby American section. This would give over-all balance to the leagues. Four teams in each section will gain the play-offs, with the first in each loop meeting the fourth in the other circuit and the second and third clashing in similar fash-These games will be suddendeath as will be the semi-finals. The final will be a best two-out-of-three Sophomore Science-Jim Schry-

Senior Civils Favorites

The Senior Foresters copped the championship last year, eliminating the Junior Civils. The latter Senior Foresters-C. F. Sturton squad have reached the graduating ranks this season and are on paper favorites to come out on top. The Hut Thirteen-Terry Kelly-9025. Civils are entered in the National League and a lot of their troubles will come from "Punchy" Walker's Students wishing to work as ref-Angels who headed the American eree in the above league are asked League last winter. Unknown quantities in the leagues this year to register immediately at the are the Freshman squads-Forest-ers and Combines, and the York River Cruisers. We also hear that A number of 1948-49 Intramural Hut 13 has acquired a couple of and Interclass team crests have not south-of-the-border imports and been claimed. Would the winners they intend to upset the apple-cart. please call at the Physical Educa-EXTRAS:

No Varsity players eligible . A limit of two junior varsity players on each squad . . . Each team will supply a goal judge, linesman, timekeeper and scorekeeper for each game so supporters have a chance to do some work . . . three 15-minute periods in each game . . Teams have to ice at least eleven players for a game or forfeit it and if a team forfeits more than one game it is suspended from the league . . . Notable absentee from the league this year is an entry from the Married Vets, which was noted for its slam-bang, rough style

### **BOXING TEAM TO** 5.30 9.30 9.30 4.30 MIX WITH McGILL

By JOHN ALWARD

The Varsity pugilists are expected to travel to Montreal to take part in the annual McGill University Sports Night on the 2st of this month. Coach Amby Legere has been in contact with Milton Orr, the McGill boxing coach, and everything has been fairly well settled except for a few financial wrinkles which are expected to be ironed out without too much difficulty. The U.N.B. squad will be comprised of the six best boxers in the college and will undoubtedly make an excellent showing against the McGill team. Every man on the team is of Maritime championship calibre and the squad has been rounded into almost perfect condition by Coach Legere.

### BOXERS

We now have a Shuffleboard Those making the trip will be: Major R. J. Love, commander of Court in the Conditioning Room of Boyd Hudsen in the 120 pound the Contingent, conducted the class, Johnny Currie in the 135 meeting in the absence of Major pound class, Alan Hale in the 145 R M. Bourgeois, resident staff offi-WEIGHT LIFTING CLASSES pound class, Bill Mahood and Allan cer. Major Bourgeois was in Ot-Neill in the 165 pound class and tawa attending the military funeral Dick Gorham in the 175 pound of Lt Col. E. A. Doiron. being held on Mondays from 8.00class. All of these fighters are ex- It was agreed that when Major perienced in Maritime Intercollegi- Bourgeois returns he should apate circles, with the exception of point a mess committee to work Bill Mahood, who has managed to with that of the U.N.T.D. in arrangget a good deal of experience at ing the annual spring formal, spon-Queens University. Three of the sored jointly by the two units. six contestants have won Maritime Intercollegiate tities and the other that there are still vacancies to three are definitely potential cham-piors. Their main common special-tingent. He said that he hoped ty seems to be the ability to pack that "new applications would be a terrific punch.

> is a junior Science student who ries the punch of a man twice unit.

his size. He can back up these assets with amazing speed and ring-wise shiftiness. He won the Maritime Intercoilegiate bantamweight championship at Halifax in 1947 and also won the award given to the best fighter of the meet. Boyd's previous record is a very good estimation of what he will do when he steps into the ring with some poor, unsuspecting McGill pugilist.

JOHNNY CURRIE, 134 pounds, is a junior Forester hailing from Reserve Mines, N. S. Johnny is a master of ringmanship and an enthusiastic boxer who will undoubtedly hold his own in any tussle. Although he has never won a title while at U. N. B., he has always been a threat, which has given him a well-deserved

ALAN HALE, 143 pounds, is Saint John's only contribution to the team. Al is a third-year Science student, who has a punch that reminds his opponents of a battering ram. During last year's Maritime Intercollegiate boxing meet at Halifax Al lost a disputed decision in the scrappiest fight witnessed in Halifax for a number of years. We do not have to worry about Al not being able to handle himself and we can rest assured that he will be in there giving someone a rough

BILL MAHOOD, 165 pounds, is a sophomore Forester hailing from Ottawa. Bill is a fast, hard-hitting, experienced fighter who fought at Queens University last year. His only fight in the Maritimes was a non-decision bout against Allan Neill, present Maritime Intercollegiate middleweight champion, during which he made a very good showing. We can feel quite confident of Bili's success in Mont-

ALLAN NEILL, 168 pounds, a junior Civil Engineer, is a Frederictonian of some note. As has been mentioned before, he won the Maritime Intercollegiate middleweight championship last year at Halifax. Al is a good all-round athlete besides being a red hot boxer. He hits hard and often and is a real oppressor in the ring. He is definitely one of the mainstays of the team.

DICK GORHAM, 171 pounds, is a senior Arts student and a native of Fredericton. Dick has held two titles and is present Maritime Intercollegiate lightheavyweight champ, besides being captain of the Varsity team. quite a reputation for himself in ring circles around the Maritimes with his deadly knockout punch, and we bet they hear about him in Montreal after the McGill show.

McGILL'S STRENGTH

but you can bet that Milton Orr they are to come out on top.

Amby will accompany the team as coach and Stan Jobb, a former players. Maritime champ, will also make A BRIGHT FUTURE the trip as team manager.

RETURN MATCH If this meet is successful, it is hoped that there will be a return engagement with McGill here in Fredericton sometime in Febru-

### C.O.T.C. NEWS

#### LEGALIZED MAYHEM

It was a game which hockey fans will never forget but should try their darndest to. It was legalized mayhem on skates and herein, gentlemen, lies our beef. Most public riots are frequently subdued by policemen flashing billyclubs and strong-arming the hell-raisers. The policeman on the ice is armed with an effective weapon if used properly, namely, a whistle and a pointed finger. But evidently the men in white swallowed the whistles and kept their hands in their pockets. The misadventure which befell the brass section apparently occurred when one Joe O'Toole, a hockey player of considerable note, propelled U. N. B.'s Bill Malone into the boards and parted his hair better than the finest comb ever made. From then on the game was in the players' hands, resulting in one irate fan complaining loudly that, "If the referee was paid for what he knows, he'd starve to death.'

reached when Tom Ballantyne retaliated to high-sticking by the same O'Toole, by grinding him headlong into the fence. It is our also impressed by hard-working modest opinion that, although blood Bill Malone, free-wheeling Jackie was drawn on Varsity's husky defenceman, his action warranted illegal tactics and they went un- wing and we can hear it yetthe Carleton and Yorks, went off THE MARSH HENS! is crocker and splintered his cudgel on the ice and for his efforts he received, lo and behold—a pen- Badminton Exhibition
