Sir

I have the honor to transmit a return of persons belonging to
the moravian Band to whom I delivered Licenses of occupation
for farm lots on the new reserve in Orford

I took advantage of this occasion strongly to
urge upon them the necessity of steadily devoting themselves
to the clearing up of the land.

I am sorry to be obliged to say that with the
exception of a few families but little has been done towards the
making new farms during the 18 months they have had
possession of the land.

I have
Yours faithfully
J. O. Sarnia

Sir

I have the honor to transmit a letter from Mr. H. S. Pappin
of Hamilton respecting the deficiency in Sec 24. 12 Con Orford purchased
by Mr. Brantwaite

Mr. A. Jones of Chatham the surveyor whom I directed to
resurvey this concession, is ready to proceed with the work

It has occurred to me that to avoid any danger of
acting illegally in this matter it might be safest to call in
Mr. Lynch to correct his survey

I am continually receiving information to confirm
me in the opinion that the subdivision of this concession into
lots has been most carefully performed

So much improvement & clearing by the purchasers
in this concession is in progress, that it becomes very important
that the errors which exist should be corrected with as little
delay as possible

I have
Yours faithfully
J. O. Sarnia
