

months aheady. I am getting desperate. I was lucky enough to get a Scholarship and spend two years in England, and I remember that - the thought of what faces them - and they are fighting for us - while we do nothing, is unbearable.

Do you think that perhaps you could help me get into the Army, for overseas service? If you could, I should be ever grateful. I have some qualifications. While in England I was for two years in the Oxford University O.T.C., where I got my Certificate "A" as a Vickers gunner. Since the war began, I have, through the C.O.T.C., had further training in Machine guns (Vickers), and recently passed both the written and practical examinations, 2nd Lieutenant to Lieutenant. Record of this is on file at Headquarters, N. D. II. Shortly after passing the practical exam. - in Camp at Vernon. I wrote to the D.C. of the Westminster Regiment, at New Westminster, applying for a Commission. They are a Machine gun Regiment, and have been mobilized in the 2nd Division, C. A. S. I. Their main body has gone East for further training, but I thought there might be some chance
