Sir,

Referring to your letter of the 9th instant, with enclosure, in the matter of the buildings owned by the former lessees of the mill-site on the Fisher River, I have to request that you will be good enough to obtain and forward to the Department an estimate of the probable cost of dismantling the buildings, and sorting and piling the lumber, and accurately measuring that portion of it which may be found fit for use. You should state the number of men required, the estimated time, and the rate per day to be paid otherwise, as the lumber, or at least a good part of it,
