"PAGE FENCES WEAR BEST"

EVERY FARMER KNOWS

That fertilizers are an absolute necessity to successful farming.
The only question that confronts him is getting the *right* fertilizer.

GUNNS

SHUR-CROP FERTILIZERS

are prepared under the supervision of chemical experts—are backed by forty years' reputation, and are guaranteed to be in perfect condition chemically and mechanically.

Gunns' fertilizers are finely ground, insuring an even, easy distribution. For users of our fertilizers we are ready at all times to analyze samples of soils and recommend the fertilizer best suited, making it up especially if necessary.

For fertilizer book and other information, write

GUNNS LIMITED, WEST TORONTO

This "Alpha" Gas Engine Catalog

is now ready for mailing to all who are interested in reliable and economical farm power

It tells all about an engine which is so well built that you can always depend upon it; which is so simple that a boy can run it; that can be run on either gasoline or kerosene; an engine that starts on the magneto and doesn't stop until you want it to; an engine that will do any kind of work, in any weather, anywhere.

The main object of this handsomely printed and fully illustrated book is to show you how very adaptable the "Alpha" Engine is, and how it is possible for you to select from the "Alpha" line just the size and type of engine and the equipment that will best fit your needs for farm power.

Eleven sizes, 2 to 28 horse-power. Each furnished in stationary, semi-portable, or portable style, and with either hopper or tank cased cylinder.

STEEL frame on steel wheels—that is the lasting basis on which International manure spreaders are built. All parts, including box, beater, spreading mechanism, apron, are built by experts, using best materials, from careful designs based on field tests.

Every detail is strong and durable, built for long life and ease of draft. Among the features that will interest you are these: Simple protected beater driving mechanism, all of steel; gear and worm; low, easily loaded box, with ample clearance underneath; end gate, preventing clogging of beater while driving to the field; etc.

All styles are in the I H C spreader line, high and low, endless and reverse apron, and various sizes for small and large farms. Our catalogues will tell you more. Write for them and let us tell you also where you may see I H C manure spreaders.
