If your neighbor
with a can or two
can make his "old bus"
look like new—so can you

You can do it in a jiffy with
Lowe Brothers' Automobile
Varnish Colors.

You can do it in one day,
and use it the next—if you
need to. No particular trick
in doing it.

Just see that your car is
clean and dry, and as little
dust flying as possible; and
then take a brush and start in.

You will be surprised how it
goes on like melted butter, and
the way it smooths up itself,
to a beautiful mirror gloss.

Don't let anybody palm off
any other auto finish on you.
None other, does what this
one will do.

It is sold by the one best
dealer in each town. Buy a
can or two. Make "the old
bus" look new.

Canada's Opportunity On the Highway of Success—What has that to do with GATES? Everything!

PEERLESS LONG SPAN GATES

The gate pictured below is a companion to the Peerless Perfection farm fence-
ing, strong, durable, with heavy tubular brace, which stiffens it like a steel
bridge. It swings true and rigid as an oak door hung by a master mechanic.
Lateral and upright wires securely clasped at all intersections and stretched upon
a strong rigid frame of tubular steel electrically welded into one solid piece.

For Looks, Wear and Service In appearance a Peerless Gate says: "I am
open hearth steel wire, galvanized and can't rust at any point. For service it is
put together to last a lifetime and is the cheapest best gate made. You will be
interested in our Catalogue. Write Today for Literature describing all our many
styles of Gates, all kinds of Farm and Poultry Fencing for farm, ranch, residence,
park, etc. It will pay you well to get acquainted with Peerless Perfection stan-
dard of construction. Write nearest office today. Do it now."
