Marlin

12 Gauge Repeating Shotgun

The 12 gauge Marlin repeater is a gun of perfect proportions, and has one-third less parts than any other repeater. It handles quickly, works smoothly and shoots close and hard.

The Marlin solid top prevents powder and gases blowing back; the side ejection of shells allows instant repeat shots; the closed-in breechbolt keeps out all rain, snow and sleet, and the dirt, leaves, twigs and sand that clog up other repeaters.

All 12-gauge Marlin repeaters have double extractors that pull any shell, and the automatic recoil hangfire safety lock makes them the safest breech-loading guns built.

Old Lawyer (to young partner)—Did you draw up old Moneybag's will?
Young Partner—Yes, sir, and so tight that all the relatives in the world cannot break it.

Old Lawyer (with some disgust)—The next time there is a will to be drawn up I'll do it myself.—New York Sun.

SALE DATES CLAIMED.

Feb. 2nd and 3rd, 1910.—Combination Shorthorn Sale, Union Stock-yards, West Toronto, Ont.

Feb. 3rd.—At West Toronto, A. D. Schmidt & Sons, North Woolwich, Ont.; Shorthorns.

March 9th, 1910.—Arthur Johnston, Greenwood, Ont.; Shorthorns; dispersion sale.

J. A. Watt, Salem, Ont., reports the sale of three young Shorthorn bulls, sired by Jilt Victor (imp.), to the following Ontario breeders: Jas. A. Hawkins, Honeywood; C. Rankin & Son, Wye-bridge, and Alex. Crenar, Lisbon. It is needless to say that these bulls are high-class, since their purchasers are men of known good judgment. Mr. Watt makes a change in his advertisement this week in which he offers for sale a few choice young bulls and heifers, sired by the noted show and breeding bull, Jilt Victor.

Wm. Meharey, Russell, Ont., whose recent importation of 64 Clydesdale fillies was noticed in our last week's issue, writes: They all landed safely. I held a sale at St. John, N. B., on December 14th, and sold the whole lot in one day. I think this was the record importation for 1909, in number by one man, and the quickest sale. The prices were not as high as they should have been, but there were rather too many to select from, and people tried to get them cheaper on that account. They averaged around \$280; all two-year-olds but four. The N. B. Government paid the feed bill and advertising and sale expenses.

The Clydesdale Horse Society is to have a very large volume to print during this winter, remarks the Scottish Farmer, referring to the forthcoming thirty-second volume. It is being gone on with as fast as practicable, but with an export trade carried right on into December, it is not easy getting the volume prepared in MS. and closed. The council took up a strong position with respect to errors in colors and markings, and they can hardly be blamed. The carelessness of entrants which calls for frequent corrections, is having a very bad effect on officials in Canada, who view with amazement the carelessness of the Scots breeders in a matter which means many thousands of pounds to the agriculturists of this country. Whatever may be the merits of the particular case in connection with which the question arose, there can be no doubt of the necessity for something being done to enforce care in connection with the recording of colors and markings. The council also resolved to rent a section of the space at the Brussels Exhibition for advertising the breed. The purpose is to have portraits there exhibited of specially good representatives, with show-cards of breeders and owners, setting forth their names and addresses, and a history of the breed in three or four languages.

TRADE TOPIC.

LEARN TO MOUNT BIRDS.—Taxidermy is a very entrancing art for private pursuit. Hunters, fishermen and naturalists who are versed in its mysteries can mount their own trophies and decorate their homes or offices with them. To those who make a business of it, the profession is a lucrative one. The N. W. School of Taxidermy, 5031, Omaha, Neb., who advertise in this issue of "The Farmer's Advocate," guarantee to teach the art successfully or no tuition fee is charged. Illustrated book free.

There are many anecdotes of actors and playwrights in the lately-published recollections of Sir Squire and Lady Bancroft. Some of these, of course, originated with the always amusing H. J. Byron. To a Provincial landlady he once bitterly complained of having been attacked by fleas.

"Fleas, sir!" was the retort. "I am sure there is not a single flea in my house."

"I am sure of it, too," was Byron's rejoinder. "they are all married and have large families."
