Wherever the strain is greatest there the Ford is doubly fortified—with Vanadium steel. And there is more Vanadium used in Ford, than in any other automobile construction. That's the reason the Ford is strongest—lightest—and most durable.

### STRAIGHT TALKS--No. 2

The word "free" is the word we prize most of all the words in the English language. Let us be free to think, speak, pray in the way we think right, free to come or go. Freedom is the atmosphere of progress. But all this talk of freedom of trade in Canada is a farce. Why? Because the people of this country are being fined for purchasing the every day necessities and comforts of life. At the present time Western farmers are fenced in with tax bars. They are at the mercy of a most complete organization in the shape of the Railroad Magnates, Bankers and Manufacturers. This Triple Alliance combines all the time to keep a "High Tariff Wall" built around the people. Here is a striking illustration how the high tariff works:

A man pays out \$2.70 for a pair of shoes and gets \$2.00 worth in return. The reason he only gets \$2.00 worth is because the duty amounts to 70 cents. But, you ask, "what becomes of the 70 cents?" Why, that is a contribution which he makes to the "protection fund." Millions of these contributions are made daily by the Canadian people, and

yet this process is supposed to make Western farmers rich. Just think of it. Two dollars' worth of goods and seventy cents worth of tariff. When, in all history, was there a delusion half so great as this?

Help us in our great fight for better times by asking your friends to subscribe to the paper that is fighting the farmers' battles.
