Total, 37 wooden steamships.....113,960  
Total deadweight tonnage of 17 steel and 37 wooden steamships launched, 194,860.

**Vessel Assignments.**—It was announced at Victoria, B.C., that all wooden steamships under construction in British Columbia for the British Government, have been assigned to various firms for operation on the government's behalf. Of the 27 vessels built, or under construction in that province, 8 are said to have been assigned to English firms, and 19 to Scottish companies.

**Steamships Ordered and Launched.**—The following table shows the number of steel and wooden steamships ordered by the Imperial Munitions Board in Canada for the British Government and the number launched to Sept. 8, with the deadweight tonnage and the name of the builder in each case. The two vessels mentioned under the names of Dingwall, Cotts & Co. and the Port Arthur Shipbuilding Co., through subcontract, were being built for other owners when the general orders were placed, and taken over for the British Government. In addition to the foregoing, the car ferry steamship Leonard, 3,363 tons, was bought from the Dominion Government.

		Steel Steamships.			
		Ordered	Total deadweight capacity tons	Launched	Total deadweight capacity tons
British-American Shipbuilding Co., Welland, Ont. . .					
3		10,500		1	3,500
Canadian Allis- Chalmers, Ltd., Bridgeburg, Ont.
