MADOG ROAD TO FOXBORO MADE A

Work of Grading Will be Commenced in the Spring—Good Work by H. K.

Denyes, M. P. P.

Microphones used by submarines to detect the approach of surface ships are being used by Norwegian fishermen to signal the arrival of shoals of fishes. The microphone connects with a telephone placed in the fishing sloop, and the character of the sound displaces the kind of the sound displaces the kind of the sound displaces.

This decision was arrived at last vince already had too big a program. But at last he relented, but assured carried on by Mr. H. K. Denyes, M. Mr. Denyes that not another foot of P.P., representative for East Hastings. Mr. Denyes induced the ministruction will be observed.

But at last he relented, but assured be ceived slight scalp wounds and Donovan himself, aged twenty-two was also slightly hurt. The car was badly damaged. ings. Mr. Denyes induced the minis-ter to come to Belleville a few weeks sumed were fully completed.

The Department of Public Works ago and took him out over the proof Ontario, through its minister, Hon
F. C. Biggs, has decided to take over
the Madoc Road, leading from Belleville to Foxboro as a full Provincial
highway.

The work of grading will comthis would be the natural route less than the character of the sound discloses the kind of fish approaching. Herring causes a sort of ahrill whistle, whereas cod produces a low rumble.
