Protection of migratory birds has
been added to the duties of the
Canadian Pacific Railway's con-
stabulary.

Airplanes attached to the On-
tario Forestry Department are now
equipped with radio sending appa-
ratus so that they can keep in con-
stant touch with the chief and other
rangers.

There was an increase of sixty-
three per cent in the number of im-
migrants to Canada during the last
three months as compared with the
corresponding period of last year.

Canadian Pacific agents in Brit-
ain recruited nearly five thousand
men for work in the harvest fields
of Western Canada and, through
lack of steamship accommodation
closed their doors on as many more
who, attracted by the special har-
vest rate, sought to enter Canada.

The branch lines program of the
Canadian Pacific Railway carried
out this year will bring into opera-
tion on the prairies a larger mileage
than any one year since 1914. Of
the 431 miles of line under construc-
tion, 281 miles will be ready for
handling grain in the Fall, and of
the balance, 115 miles will be ready
for steel by the winter freeze-up.

A building has been acquired by
the University of Toronto to be en-
tirely devoted to the manufacture
of insulin. This will be the only
factory in Canada to manufacture
the curative fluid in commercial
quantities and, although it is manu-
factured in the United States, Great
Britain and Denmark, the Canadian
product will be sold throughout the
world.

Dawson City recently celebrated
the twenty-seventh anniversary of
the discovery of the Klondyke. In
an exhibition of Yukon products
cabbages 16 inches in diameter and
weighing thirty pounds, potatoes as
big as a man's head, pumpkins as
big as watermelons, wheat, oats and
barley bore witness to the fertility
of the Yukon soil. Side by side
with these ranged gold nuggets,
gold dust and silver bars.

Dr. James Inches, Commissioner
of Police, Detroit, and a guest at the
Canadian Pacific Bungalow Camp at
Nipigon, holds the record for the
biggest speckled trout caught in the
Nipigon River this season, having
captured a fish weighing 7½ pounds.
This catch was above the average,
but a large number of six pounders
have been taken from the Nipigon
this season. Several years ago, and
from practically the same place, Dr.
J. W. Cook, of Fort William, caught
the world's record speckled trout,
which weighed fourteen and one-half
pounds, and was more than two and
a half feet long.

A record was established recently
when one of the latest type of Cana-
dian Pacific locomotives drew a train
of 42 cars of newsprint, weighing
more than 1,100 tons, from the plant
of the Abitibi Pulp and Paper Com-
pany, North Bay, to Toronto, with-
out mishap. Ordinarily, it would
have taken two passenger engines to
haul such a load for the 320
miles. After proving its worth by
this feat the huge engine, together
with an all steel train consisting of
the latest model tourist, dining and
sleeping cars, and a baggage and
compartment car, formed part of the
Canadian Pacific exhibit at the Na-
tional Exhibition at Toronto.

Here and There

Nearly four thousand men were
recruited by the Canadian Pacific
Railway agents in England for work
in the harvest fields of the Cana-
dian West.

A sudden demand for wheat in
Scandinavian markets has caused
increased activity in the movement
of grain through Vancouver. Four
boats left with bulk wheat for ports
of Norway and Sweden, marking the
first direct grain shipments from
the Canadian Pacific coast to Scan-
dinavia.

The rapid increase in the export
butter trade of Saskatchewan during
the past year or two has been
the outstanding feature of the prov-
incial dairy industry. Recently the
Saskatchewan Co-operative Cream-
eries made a shipment of 25,000 lbs.
of butter to China.

The export of gold bullion, gold
coin, and fine gold bars from Cana-
da, except as deemed advisable by
the Minister of Finance, and as
licensed by him, is prohibited until
July 1, 1924, by proclamation issued
in the current issue of the Canada
Gazette.

Breaking all 1923 passenger traf-
fic records, the Canadian Pacific
S.S. "Metagama," westbound from
Glasgow via Belfast, docked re-
cently at Quebec, and Montreal the
same evening, with a record number
of 3,2 cabin and 1,078 third-class
passengers.

"There are hundreds of first class
farm workers in Scotland anxious to
come to Canada, and the finest ma-
terial Canada could wish for, but
their wages are sufficient to barely
support them and they are unable to
accumulate funds for the passage." This
is the opinion of Thomas
Scotland, of the Canadian Pacific
Railway Colonization and Develop-
ment office in Glasgow, who re-
cently arrived in Canada with a
party of Scotch immigrants bound
for the western provinces.

To J. K. L. Ross, director of the
Canadian Pacific Railway, goes the
honor of catching the world's record
fish with rod and reel. At St.
Ann's Bay, N.S., he landed a tuna
weighing 712 pounds; length, 9 feet
2 inches; girth, 6 feet. Commander
Ross used a Vom Hofe tuna rod and
reel, No. 39 thread line, with
mackerel for bait. His catch took
three and a quarter hours to land.

The world's wheat crop this year
is estimated at 3,318,000,000 bushels,
as compared with 3,104,000,000 bush-
els last year, an increase of 214,-
000,000 bushels, according to fig-
ures carefully compiled by the In-
ternational Institute of Agriculture
at Rome. The estimated shipments
from supply countries of the world
for this year is 690,000,000 bushels,
of which Canada is expected to
supply 290,000,000 bushels, or about
one-third.

Canadian trade with Australia is
on the increase, according to re-
turns made public by the Bureau of
Statistics. Canadian exports to
Australia for the twelve months
ending with June were \$19,824,239
as compared with \$12,200,468 for
the corresponding period ending
June, 1922. Canada's imports from
the Commonwealth have also in-
creased. The imports from Aus-
tralia for the last twelve months
were \$1,545,829, as compared with
\$1,275,871 for the year previous.
