**ARBOUR DAY**

The educational authorities in nearly every Province of Canada proclaim an Arbour Day, for which special exercises are prescribed. Interesting programmes, including tree planting, are carried out.

The planting of trees and shrubs and their protection and care is a feature of nature study well worth the attention of all school principals and teachers. Too many of our schools have

A 'good school,' but bare and uninviting. Shows lack of interest in surroundings.

a neglected and deserted appearance, an index of the character of those responsible for them. Nothing will overcome this drawback more easily or with less expense than the improvement of the school grounds. Trees, flower beds, borders and climbing vines add to the school a home-like and attractive

A home-like school, one with an air of welcome and which the pupil will always remember with pleasure. The flowers and foliage make a difference.

appearance, causing it and its teachers to be remembered with pleasure by the pupils in after years.

It is not too early to prepare for this year's observance of Arbour Day in our schools. Educational authorities, school principals and teachers should commence at once on a program, secure the necessary supplies of trees and shrubs, and interest their scholars in their work, so that when the day arrives they will enter with enthusiasm upon the task of beautifying their surroundings.

**BACK OF EVERY LOAF**

You put in the oven, must be good flour or your bread will be a failure.

**Banish Pimples And Eruptions**

In the Spring Most People Need a Tonic Medicine

One of the surest signs that the blood is out of order is the pimples, unsightly eruptions and eczema that come frequently with the change from winter to spring. These prove that the long indoor life or winter has had its effect upon the blood, and that a tonic medicine is needed to put it right. Indeed there are few people who do not need a tonic at this season. Bad blood does not merely show itself in disfiguring eruptions. To this same condition is due attacks of rheumatism and lumbago; the sharp stabbing pains of sciatica and neuralgia; poor appetite and a desire to avoid exertion. You cannot cure these troubles by the use of purgative medicines—you need a tonic, and a tonic only, and among all medicines there is none can equal Dr. Williams' Pink Pills for their tonic, life-giving, nerve-restoring powers. Every dose of this medicine makes new, rich blood which drives out impurities, stimulates every organ and brings a feeling of new health and energy to weak, tired, ailing men, women and children. If you are out of sorts give this medicine a trial and see how quickly it will restore the appetite, revive drooping spirits, and fill your veins with new, health-giving blood.

You can get these Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**"Canada in Flanders."**

"Canada in Flanders." Volume I of the Canadian Expeditionary Force, is the rather prosaic title of a book just issued by Hodder & Stoughton, Toronto, the author of which is Sir Max Aitken the official eyewitness.

In reality, this little volume is a thrilling and absorbing story, an invaluable record of glorious achievement and an inspiration to Canadians to do not only his 'bit' but his 'best' to ensure that the sacrifices and deeds of heroism and valor here portrayed shall not have been in vain.

It might be said that it is the duty of every Canadian to read this volume from cover to cover, but it needs the urging of such motive to insure this, once the enthralling nature of the narrative is known. The author has painted a picture of the Canadians' part in this stupendous drama of modern war, in this maelstrom of blood and passion, with a vividness that that seems to carry the reader in person through the scenes and incidents depicted.

The volume, neatly bound in cloth and well printed in large readable type, is for sale at all local book stores.

**THE BEST MEDICINE FOR THE BABY**

The best medicine for the baby is the one that never fails to cure and which, at the same time, the mother may give with perfect assurance that it is absolutely safe. Such a medicine is Baby's Own Tablets. They are the only medicine absolutely guaranteed entirely free from injurious drugs and what is more they never fail to free the baby from those minor ills. Once a mother has used them of babyhood and childhood, she would use no other medicine. They regulate the stomach and bowels; drive out constipation; expel worms and make teething easy. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
