No range made has so many good features as this one. It's plain surface with almost a mirror finish and graceful outlines serve to make it the most beautiful range made.

And it is so absolutely satisfactory, no range could be made to give more genuine satisfaction, cook, heat and bake perfectly.

Economical too. The drafts are so arranged that every unit of heat is absorbed and given to the work need to be done.

Won't it pay you to investigate this range? We should be very glad to have you in the rapidly growing circle of satisfied users. 4 or 6 holes, square or with reservoir and with any style shelf.
