## CRIME RECORD OF ONLY ONE DAY.

Several Lives Lost in Domestic Affray at Nashville Tenn. Saturday night.

### BROKER SUICIDES.

NASHVILLE, TENN., May 7.—Marvin Winters was shot and instantly killed and Thomas Stewart and his young daughter severely wounded during an affray at Stewart's home, near Pleasantview, Cheatham county, Saturday night.

A few days ago Stewart received a letter warning him that if he and his family did not leave the neighborhood within ten days they would be killed.

Saturday night a mob surrounded Stewart's house and opened fire upon it, and Stewart and his daughter were wounded. Stewart returned the shots and the mob scattered. Yesterday the body of Marvin Winters, was found about forty yards from Stewart's home dead from a load of shot. Three arrests have been made.

New York, May 7.—Mrs. Mary A. Waters, and her daughter, Agatha, were shot and instantly killed, supposedly by the mother during a fit of temporary insanity at their residence, 144 West 76th street, early to-day.

New York, May 7.—The Times says: Edwin Clark, a middle-aged broker and a member of the cotton exchange, shot himself early yesterday in his department at the Hotel Marcellier.

Mr. Clark, had suffered several attacks of acute indigestion on Friday and Saturday. Yesterday morning a still more violent attack taxed to the limit his endurance.

CHICAGO, May 7.—Burglars early to-day entered the office of Joseph Leiter, who became famous several years ago when he attempted to corner the wheat market, blew open two vaults and escaped with bonds said to be valued at \$100,000 to \$150,000. The building in which the office is within half a block of police headquarters.

CLEVELAND, May 7.—Following a quarrel between Samuel Wallace and Matthew Aurell, at Randall, a few miles east of here, on the Erie road, early to-day, the men fought a pistol duel with the result that Wallace is dead, while Aurell is missing. A posse is hunting for Aurell. Wallace was found in an open field in a dying condition. One bullet had shattered his shoulder and another had pierced his stomach, while a third broke his arm.

## JURY FINDS "NO BILLS."

In the two criminal cases before the Supreme Court Circuit last week, the Grand Jury in each case returned "No Bill", and the prisoners were accordingly discharged. The Young case was disposed of in a few minutes, being merely an action to revive a judgment, which was unopposed. The case of Clark v. Vanderbeck was taken up on Wednesday. Mr. Murray, K. C. in the absence of Mr. Lawlor, K. C., appeared for the Plaintiff. After hearing all the evidence, the jury came to the conclusion that they would like to either find a verdict for both or neither. They thought that it would be so more than fair that they should divide the costs between them. The court, however, directed that they would have to find either for the plaintiff, or the Defendant, and they very reluctantly found for the Defendant. Judgment was entered accordingly with a stay of postea, and leave reserved to set aside the verdict for the defendant and enter it for the plaintiff if the Court above should so direct.

## CANADA HAS LARGE SUPPLIES.

\$18,000,000 To the Good For 10 Months of the Present Year.

OTTAWA, May 4.—The statement of revenue and expenditure for the ten months ended with April shows a revenue of \$63,808,339, or an increase of \$6,677,798 over the same time in the previous year.

The expenditure for the ten months was \$43,348,499, an increase of \$2,950,792 over last year.

The capital expenditure was \$10,431,709, an increase of \$1,331,000. This increase was in public works and bounties. Every department of revenue contributed to the increase in revenue.

The increase of the revenue for the month of April was a little more than \$1,000,000, and the expenditure was about the same as for April, 1905.

## FREIGHT RATES ON THE I. C. R.

Sale of Liquors to Railway Employees to be Made a Punishable Offence.

OTTAWA, May 3.—Sir Wilfrid Laurier when the house met last Thursday, referred to the death of Hon. Peter White. The Premier said in part: "He was for one full Parliament the incumbent of the chair of this house and I may say that after an experience of more than thirty years, having sat here under the presidency of some of the ablest men that ever occupied the chair, Speaker White was the peer of any. For dignity, courtesy, for impartiality, he never had any superior."

Mr. R. L. Borden added his tribute of respect to the memory of one whose death is a loss to his party and to the house.

The Fruit Marks Act was read a third time.

Mr. Emmerson's railway bill was taken up in committee.

Mr. Barker asked whether Mr. Emmerson intended putting the freight rates on the I. C. R. under the railway commission.

Mr. Emmerson—"I have always been opposed to that. The I. C. R. is under the control of the government, not of the railway commission. The rates are somewhat lower, I will admit, than on a company lines, although they were recently increased."

Dr. Daniel—Is it true that the rates are only half that of other roads as asserted by Mr. Blain. I don't think the rates are so very much lower.

Mr. Emmerson—I have time and again repeated such statements. They are not correct.

Mr. Emmerson made some amendments to his bill. One was that any one who sold intoxicating liquors to any railway employee would be liable to a fine or imprisonment not exceeding five years.

Mr. Emmerson said he would refer the railway bill to a special committee, after which the inland revenue estimates were proceeded with in supply.

The steamer Ruthe made her first trip to Redbank yesterday afternoon. She had a large cargo of freight. Regular trips will be made to-day.

## WILL SULTAN BACK DOWN

Britain Gives him ten Days to Withdraw Troops From Egypt.

### FLEET SAILED.

LONDON May 4.—The presentation of what is tantamount to an ultimatum to Turkey and the preparation of the British Mediterranean fleet for a demonstration in Turkish waters in the event of non-compliance, is expected to produce a speedy yielding on the part of the sultan and the settlement by the withdrawal of small Turkish garrisons pending delimitation of the rival frontier claims in the Sinai peninsula, which were left somewhat doubtful in the previous negotiations.

The sultan possibly may hold out longer in the hope that Great Britain will be reluctant to open delicate questions involving the forcing of the Dardanelles in order to make a demonstration before Constantinople but, seeing that none of the powers are inclined to support Turkey in her present attitude, he is considered unlikely.

### ULTIMATUM PRESENTED.

The British ambassador at Constantinople Sir Nicholas R. O'Connor, yesterday, presented a note to Turkey demanding the prompt withdrawal of the Turkish troops from Egyptian territory. The note is practically an ultimatum and constitutes Great Britain's last word on the encroachment of Turkey on the Sinaitic peninsula.

The French and Russian ambassadors at Constantinople are supporting the British contention. Should the ultimatum fail to have the desired effect the British Mediterranean fleet will take the measure so often employed by the powers in recent years as the result of dispute with the Sultan and a naval demonstration, it is anticipated, will quickly bring out the evacuation of the Tabah territory.

The Sultan was given ten days in which to comply with the British demand for the withdrawal of his troops from Tabah and other points on Sinai peninsula pending the evacuation of the frontier by a commission.

A cabinet council was held late this afternoon to discuss the eventualities which possibly may arise as a result of the ultimatum.

### BRITISH SQUADRON SAILS

MALTA, May 4.—The British cruisers Caracrao, Barham Suffolk and Venus, and the special torpedo boat Vulcan with destroyers are proceeding to Piraeus tonight. The battleships Formidable, flag of Vice-Admiral Lord Charles Beresford, the battleship Irresistible and the cruiser Leviathan, have arrived here from a cruise.

## RIGH AND POOR ARE THE WORLD'S DRUNKARDS

Middle Classes Not Addicted to Use of Intoxicants so Much as Formerly.

CHICAGO, May 3.—The drinking of intoxicants is decreasing among middle classes of the whole world, and is increasing among the very poor and the very rich. Such is the conclusion drawn from a foreign tour by John G. Woolley, once prohibition candidate for President, who has returned to Chicago after a thirteen months' trip abroad. "Taking all the countries together" said Mr. Woolley yesterday, "the main body of people the great middle classes who do most of the business and form the backbone of people, are drinking less liquor today than ever before. I am forced to the opposite conclusion, however, with reference to some of other classes the idle classes, both poor and rich."

## First Steel Rail On G. T. Pacific Laid.

PORTAGE LA PRAIRIE, Man., May 3.—The first steel rail on the G. T. P. was laid here yesterday without ceremony or ostentation. The first sod on the new transcontinental it will be remembered, was turned at Portage last summer. This town will be the centre of distribution of supplies and it is the intention to lay out yards here on a large scale.

## King Edward's Health Was Never Better.

PARIS, May 3.—The British embassy here ridicules the alarming London reports concerning the condition of the health of King Edward. His Majesty's secretary said today that the King never was better. He was to visit friends yesterday evening and is expected to lunch with some friends today.
