THE many friends of Mr. James E. McDonald, M. L. A. for Canada, will be deeply grieved to learn that his illness took a very serious turn on Saturday last, in the Massachusetts General Hospital, Boston, where he underwent an operation for stomach trouble. It was the intention of himself and Mrs. McDonald to have started for home the first of this week but the news for the worse assumed by the sickness prevented this. Rev. Dr. McMillan of Cadillac was telegraphed for and left for Boston Monday morning.

Word comes from Boston that two changes of considerable importance to the traveling public takes place in the new management of the Plant Linethere. One of these appointments is that of J. A. So numerous have been the instances during the past year or two of the breaking away of barges from moors in the coastwise shipping that one of the large Boston towing companies have decided to equip one of their tugs with wireless telegraph system. The first tug on which the apparatus will be installed is the tug Savage of the Consolidated Coal Co., and two topmasts and the necessary rigging will be ready for the vessel when she next comes to that port.
