LOSS OF THE CITY OF WASHINGTON. ALL THE PASSENGERS SAVED.

New York, July 7—The steamship City of Washington, of the Inman line, went ashore in a dense fog, at 2 o'clock on Saturday afternoon, on Gull Rock bar, seventy miles east of Sambro. All the passengers, crew, baggage and spare stores were safely landed. The ves-sel is tight avent in the engine room. sel is tight, except in the engine room where water runs in and out at high tide.

Halffax, July 7 (midnight)—The City
of Washington has about fifteen feet of
water in her hold, and is likely to become a total wreck. Her purser was expected here to-night but has not yet arrived, and it is impossible to get further intelligence from the wreck to-night, as she lies 20 miles from any telegraph office.
The telegraph lines have bee interrupt

The telegraph lines have been interrupted south of Halifax for two days, and it has been impossible to forward the news until to-night.

All on beard the City of Washington are reported saved.

The latest intelligence from the wreck states that the vessel has broken in two. Attorney-General Clark, of Manitoba

is a genius in his way. At the late session of the Court of Queen's Bench in Manitoba, one Peter Contois was charg-Manitoba, one Peter Contois was charged with stealing a purse containing a sum of money, and upon this charge he was indicted twice—for "stealing money," and for "larceny." The secret of this double indictment business may be explained by the fact that the Attorney-General, who acts as Crown Prosecutor, receives \$25 for each indictment. His ingenuity in double indictments last year gained to him an increase in his revenue to the extent of \$2,000. Who venue to the extent of \$2,000. Who says that the Attorney-General of Manitoba will not become a rich man? It must admitted on all sides that it if John Macdonald be innocent of the Sir John Macdonald be innocent of the Huntington charges he has played his cards badly; but if guilty he has played them with remarkable skill. His right hand must have lost its cunning if he, being innocent, could not have had the investigation over long ago, his innocece established; and the stain upon the national honor removed.

It is stated in well-informed circles It is stated in well-informed circles that the actual agreement between the Government and Sir Hugh Allan by which the latter was to receive the Pacific Railway contract on condition of his furnishing money to influence the elections in fayor of Ministerialists is in existence, and would have been produced in evidence had the investigation proceeded last week. eded last week.
