Court of Revision—Wm. Campbell.
Municipal Notice—Wm. Campbell.
Contract To Let—S. N. No. 2, Goderich Tp.

BORN.

RISSET—On Sunday, May 13th, the wife of W. C. Bisset, of a daughter.

TOWN TOPICS.

A child's samang ye, takin' notes.
"A faith he'll print it."

A GOOD PRESENT.—The most useful gift you can make is to give a Writ Pen. Apply to D. McGillicuddy, agent, Goderich.

Stewart, the photographer, is now busily engaged taking outside views with his large camera. His photo gallery is also in constant work.

When round the Square you promenade
And hear news-gossip mooted,
Drop in and get your best suits made
If you would be well suited.

F. & A. Priddan.

THE WOMEN'S CHRISTIAN TEMPERANCE UNION will meet regularly for the transaction of business every Tuesday afternoon at 2:30 o'clock, in Knox church. Every woman interested in the work is cordially invited to attend.

A lady who had been visiting in town said she must pay one more visit to RHYMAN'S PHARMACY before leaving. On being asked why she must go there she said, "I must have one last good buy before going home." Evidently she appreciated the privilege of dealing at Rhyman's.

Everybody goes to Saunders & Son to get their home-made soap. Their wall paper is pronounced pretty and cheap. A fine line of ceiling decorations at very low prices. A stock of kaleidoscopes, mirrors, card-pet tables, stove enamel and everything necessary for housecleaning. The cheapest house under the sun.

The postmaster still remains in absence, as Mr. Kelly, of By, would say, and there is a big mail every day by the interested parties. Nobody knows what the outcome will be and divers views are held on the question. That is one of the differences between government appointments and regular business, for nobody has the slightest doubt about the quality of the work turned out by R. B. Salovey, the regular photographer.

BRIEFLETS.

Mr. M. J. Proudfoot is on a visit to the South.

Mr. W. B. Dickson, barrister, Brussels, was in town during the week.

Mrs. R. Boswell, of Goderich, has been the guest of Mrs. Buchanan, Zurich, for a few days.

Devotions will be held in St. Peter's church every Wednesday and Friday during May.

Dr. McDermott will be in Goderich for consultation on the first Saturday of every month.

Remember Dr. Uo's lecture on Thursday, May 20th, on "A Trip to the Motherland."

Samuel S. and Alex J. Cooper, of Clinton, were visiting their uncle, Mr. Samuel Sloane, this week.

Mr. Keith McLean has recovered from the effects of his recent accident, and returned to Stratford.

Mrs. Hawley and her daughter, Mrs. Stevenson, have returned to town from their Detroit residence.

Mr. Luther Braund, Exeter, is at present in Goderich, where he has secured work for a few weeks.

East Huron Teacher's Institute will be held in Clinton on Wednesday and Thursday, May 22nd and 23rd.

The next meeting of the West Huron Teacher's Institute will be held in Exeter on Wednesday and Thursday next.

Mr. A. Stratton, G. T. H. station agent, was in Ottawa last week, attending the obsequies of his brother-in-law, Mr. Grant.

The Dundas board of education is a fatherly institution. It gave \$15 to purchase base ball outfits for the school boys of the town.

The regular meeting of the Knox Church Mission Band will be held tomorrow (Saturday) afternoon at half past two. A full attendance is requested.

Runciman Bros have this week closed a contract with Mr. Yurax, of Keene, Peterborough County, for changing his flour mill to the roller system.

The celebrated singers Mrs. Agnes Corlett Thompson and Miss Annie Langstaff will take part in Prof. Aarinksen's concert on Tuesday evening May 22nd.

Dr. M. Nicholson, the West-st dentist, makes the preservation of the natural teeth a specialty. Gas administered from 9 a. m. to the painless extraction of teeth.

A special meeting of Orange Lodge, No. 182, will be held on Tuesday, the 21st inst., at 7 p. m. A full attendance is requested as important matters are to be discussed.

Rev. Father Boubat intends holding his annual picnic about the 25th of June next. His picnics are always popular and no pains will be spared to make this a great success.

McLean's block is being pushed forward rapidly under the supervision of Mr. Jamieson Reid. When completed it will be a handsome addition to our business edifices. Mr. Robt. McLean, the proprietor, is a hustler.

The man with the lawn mower has been engaged on the Court House Square during the past week, and has succeeded in placing a fine surface on the green.

Miss Humber left yesterday morning to visit her cousin, Dr. Gomerich, of Dundas, Mich., and will return with her brother, A. Milton Humber, when the Ann Arbor college closes.

Owing to continued ill health, Mrs. Oliver, Clinton, has decided to try a two month residence in Goderich, and is accompanied by Miss Minnie Oliver. We hope the change may be beneficial.

The foliage on the trees is further advanced this year than any time the memory of the oldest inhabitant can go back to. The town will look at its best by the 24th if the warm weather continues.

Persons wishing to improve their memories or strengthen their power of attention should send to Prof. Loisset, 237 Fifth Avenue, N. Y., for his prospectus post free, as advertised in another column.

MECHANICS' INSTITUTE.—The secretary has received advice from the Education Department that the Institute is entitled to the sum of two hundred and eighty dollars, which will be paid early in June.

The town band is putting in big work on lively Orange airs for the benefit of the members of an orchestra to be held at the Supreme Grand Orange Lodge, to be held here during the week commencing Monday, May 27.

Saturday morning last about 4:30, the shed where the s'one-cutters are working at the new post-office building caught fire from the combustion of a quantity of lime in proximity to it. The fire was extinguished before any damage was done.

We are pleased to learn that Miss Radcliffe has sufficiently recovered from her recent severe indisposition as to be able to drive out. At one time serious apprehensions regarding her condition were held by her medical attendants.

Ray Joe Edge, of Clinton, delivered his lecture, "Bring back things that you borrow," in Victoria street Methodist church, on Thursday evening last week. The audience was not large, but thoroughly appreciated the many good points brought out.

The many friends of Mrs. Thomas Harris, of Danganung, will be pleased to learn that she is recovering from the second attack of paralysis, under the skillful treatment of Dr. Case, of Danganung, and the careful nursing of Mrs. R. McEwen, of Goderich.

DON'T INVENT THE TONES.—Complaints have been made of persons tying horses to shade trees and the trees being damaged by the horses' teeth. The Council will make an example of the offenders if the practice is not stopped. The trees cost money and should be taken care of.

PASSED.—Mr. H. Cooke, of Garrow D. Pender's office, recently succeeded in passing his first intermediate law exam. Mr. Dud. Holmes, of Cameron, Holt & Cameron's office, has succeeded in passing his second intermediate. Goderich boys are keeping up with the procession.

PORTER INSTRUMENT.—A new scale Upright Piano forte recently composed by Messrs Newcombe & Co., Toronto, is affording great satisfaction. It fills the requirements for a reliable instrument by a first class maker at a figure within the reach of all. Write them for particulars.

Saunders & Son have just passed through the customs a car load of American sewer tile, 4 and 6 inch. Those who intend putting in drains for sewerage should see them. Estimates given for plumbing or heating in all its branches, and only first-class work done. Water services in either lead or iron. Reasonable rates.

Remember Professor Aarinksen's concert on May 22nd. A number of talented outsiders have been secured, and the concert promises to be the event of the season.

The balmy days are almost here, when picnic woods are dry, and picnic pants get full of ants, and sit in the picnic pie.

MECHANICS' INSTITUTE.—At a meeting held on Saturday evening, the 11th inst., the Board was again re-organized for the year. Committees for the different departments were appointed, and the Secretary was instructed to make application to the town for the usual grant. A motion was passed making the reading room free to the public for the year.

WARNING.—It is said a number of pedlars are carrying on operations in the adjoining sections of country without the necessary license and it is said an example will be made of them if the license fee is not speedily forthcoming. It appears to be only fair to the men who have secured the necessary qualification and the hint should be taken and further trouble and expense saved.

H. S. L. S.—The following program was presented at the meeting of the High School Literary Society last Friday evening, the 10th inst.: Chorus, by the Glee Club; inaugural address, by the president, Mr. McKenzie; reading, Mr. McLaughlin; editress' selections, Miss N. McCormack; reading, Mr. Strang; chorus, Glee Club; criticism, Mr. Hyslop. Owing to the near approach of the examinations, and the consequent lack of interest taken in the society, it was resolved to discontinue the meetings for this term.

WOMEN NOT BEHIND.—At a recent ploughing bee on a farm not far away from Goderich, a fair, buxom woman in her 50th year followed a team the greater part of the day, taking her place before the stiles and turning over her furrow as well as any of the crack ploughmen present. One of them, an Englishman, was greatly astonished at how ably she maintained the lead all day with her team. Has Canada any more such women, was the Englishman's thoughts as he drove homewards, who can plough as she did?

POSTAL CHANGES.—The principal change in this so frequently condemned advance—the two-cent drop letter, which, being expanded, means that in future it will cost two cents to send a letter from one part of the town to another. Other changes are:—For letters addressed to any other place in Canada or the U. S., three cents an ounce, instead of three cents a half ounce as formerly. For registered mail, five cents will be charged. The old rate of registration stamp may be used, and the deficiency made up by ordinary stamps. The regulations went into force on Thursday last week.

Mrs. Scott-Siddons.—This talented rhapsodist appeared in the Grand Opera House on Tuesday evening to a fair audience. In all but one of the various passages that she read she was an undoubted success. Her failure was in rendering the Irish brogue in "Father Patrick's Collection." She didn't get the undertone, and merited the applause which was freely given.

CHANGE IN THE WOOLEN MILL.—Mr. John Dickson, of Port Hope, has leased the woolen factory carried on in Goderich for the past seven years by Mr. E. McCanna. Mr. Dickson has been for the past fifteen years superintendent of the extensive woollen mills of Dyer & Son, of Port Hope, and comes hither strongly recommended by many of the best business men of the town in which he lived for so many years. He will carry on the woolen works in conjunction with his son, and both being practical men, we are led to believe that there will be a boom in the woolen mill line. The Port Hope Times has the following: "Mr. John Dickson, foreman for Messrs Dyer & Sons for many years, leaves town to accept of a position in a woolen mill in Ontario, and will re-open the Goderich Woollen Mills. Mr. Dickson is a practical business man and in all branches of the woolen business he is no superior. The esteem in which he is held here and in the town of Port Hope, is well known to a goodly number, as well as a good workman, and while sorry to lose him from Port Hope, we join his many friends in wishing him the greatest prosperity in his new venture at Goderich."

THE SUPREME GRAND ORANGE LODGE.—A meeting of the Grand Lodge of Ontario for the purpose of holding a convention on Friday last, County Master Floody in the chair. Among those present were Messrs F. W. Johnson, John Reid, C. See, Saunders, D. Holmes, Jas. Donohoe, L. Nether, A. Woodman, Wm. Crooks, Robert Scarlett, John Torrance, A. A. Todd, and Geo. Starbuck. The report of the work done since the last meeting was very satisfactory and it is expected that the Grand Lodge meeting at Goderich will be the largest ever held in Canada. County Master Floody has received letters from brethren in the different provinces, to the effect that a large gathering may be expected. The delegates will be tendered a grand banquet on the evening of the 29th inst., and arrangements are being made to receive the delegates from brother in the steamer Campana. A number of the delegates have already engaged rooms. Grand Secretary Keyes, Grand Treasurer Anderson, and Grand Auditors Lockhart and Floody will meet at Goderich on Saturday, 25th inst., to examine the books and prepare auditors' report.

GODERICH BOYS GET THERE.—A recent number of the Detroit Evening News has the following reference to an old Goderich boy:—George M. Savage drew his first breath under the British flag in Goderich, Ont., in 1861, and got from under it in 1864. Heading straight for Detroit, like all brainy Canadians, he pulled off his little jacket and went to work for John J. Wagner, the manufacturer of French enamel for ladies' complexion, used very extensively, in those days, along Woodward avenue, First street, another avenue where the elite resided. Savage was small of size, but he was smart, and when Wagner went on his travels to extend his trade he left the boy to attend to the home factory. He was with Wagner until he became acquainted with James E. Scripps, who was then business manager of the old Tribune. Inclining naturally to the business department of a newspaper he did odd jobs for Mr. Scripps, soliciting subscriptions making collections and later on he traveled over the State and ran the circulation of the weekly up to 22,000 from 14,000. Subsequently Mr. Savage went in for himself and established an advertising agency in the old Rotunda building. Gradually enlarging his business he changed his name, hence to the Chandler block, Griswold street, where he remained five years, and in 1880 took Mr. Farnum in as partner. When the new Campan block was erected the entire Larned street side of the

top floor was taken by the firm, and extensive additions made to the business. In 1884 Mr. Savage began to develop as a breeder of Percheron horses, the Reunon farm was purchased on Grosse Ile, and the Island Home stock farm developed, with the largest stallion stables in the United States. A great live stock trade was entered upon, sales having amounted already to half a million of dollars. Percherons and s'achers being imported direct from France. Mr. Savage takes to sports naturally, and is a member of the North Channel and the North Anderson shooting clubs. He is happily married, has a family of five children, and is a member of St. Patrick's (Dr. Reilly's) catholic church.

The Von Graf Medical Company, No. 3 Park Row, New York City, in 1888, made seventy-eight per cent of cures of various diseases of men, chronic and otherwise within the time allotted for treatment. The record of cures of diseases of women was nearly as large. This is the highest record ever achieved in this country by hospitals or private practice. In the treatment and cure of diseases, science, skill and discovery keep pace with inventions in other directions. The new book lately issued by the Von Graf Company, of valuable hints and information to young and old, free to all who call for it or order it by mail.

LEEBURN.

Mrs. Thurlow, with her son Albert, are away on a visit to friends in Michigan.

Our old friend, Mr. Horton, of Goderich, a former resident here, who recently made his second venture in the joys of married life, gave our burg a visit this week, accompanied by his bride.

Miss Horton, who was appointed at the annual meeting of the congregation of the Presbyterian church, to collect for schemes of the Presbyterian Church of Canada, was out last week collecting for it in the Leeburn division, and was very successful. Miss McAlister, who was also appointed, had fair success in her canvass of Dunlop and south Leeburn, undertaken by her.

The other day Geo. Fulford with his team was rolling on his north farm field, near the roadside, a friend passing by called him to speak to him for a few minutes, which caused him to leave the team. While talking to his friend the sawmill whistle blew six o'clock, which frightened the horses, who galloped off without their driver's permission, in their flight running over a valuable pig of Daniel Carney, leaving it half dead. Seeing from a distance the flying team, Joseph Healy, with great presence of mind, managed to head them off, bringing the procession to a halt before further damage was done.

PERSONAL.—Bro. R. Y. Cox and S. A. MacPhail, of the South Star Lodge, I. O. G. T., of Porter's Hill, attended the I. O. G. T., No. 213, weekly meeting on Friday night of last week, as delegates from their lodge to make arrangements for the coming picnic, noted by us in our items of last week. Both of them after the close of the meeting made a close inspection of the hall inside, expressing themselves well pleased with it, and we hope shortly to hear of the new lodge at Porter's Hill building a hall like ours. If built in the heart of the village it would be as useful to the public there as the one here is, to be let for local meetings and elections in its ward when required.

The Grey and Morris cheese factory commenced operations for this season on Monday of this week.

Many will regret to learn of the death of Mr. John Baines, Sunshine, after a brief illness of ten days. He caught a cold which terminated in inflammation of the lungs, resulting in his death on Thursday morning of last week. Deceased was a man in the prime of life, being only 31 years of age. He was married a little over a year ago, and leaves a young widow to mourn a kind husband.

Mr. Donn's daughter, who left Wingham some months ago, has purchased land and is starting a market garden some 25 miles from Vancouver, B. C. He is greatly pleased with the country, and thinks the prospects excellent for young men in the Pacific province. The cost of living is double what it is here. For instance, eggs sell for 35 cents per dozen, butter, 35 cents per pound, bread, 24 cents per loaf.

The community of Tuckeramith were startled on Sunday morning to hear of the death of Mr. Geo. Broadfoot, son of Mr. Jas. Broadfoot of the Mill Road. Few were even aware of his illness, which was only of a week's duration. He caught cold while doing some work, which resulted in a high fever, and he continued to sink notwithstanding all that was done for his relief. He was a promising young man of about nineteen, and the grief-stricken parents have the heartfelt sympathy of the community.

If the sufferers from Consumption, Scrofula and General Debility will try Scott's Emulsion of Cod Liver Oil, with Hypophosphites, they will find immediate relief and a permanent benefit. Dr. H. V. Mott, Brentwood, Cal., writes: "I have used Scott's Emulsion with great advantage in cases of Phthisis, Scrofula and Wasting Diseases. It is very palatable." Sold by druggists at 50c and \$1.

THE REPROACH OF ANSELME.

We have received from the publisher, Wm. Bryce, Toronto, "The Reproach of Anselme" by Maxwell Grey, author of "The Silence of Dean Maitland." It is a well-written story. Price 50 cents; on sale at the bookstalls.

DUNLOP.

From our own correspondent.

Miss M. Adams, of Goderich, was the guest of Mrs. Fisher last week.

HOME OF A FLYING VISIT.—Geo. B. Morris, of Garbraid, now of Gualph, in the hardware business, spent Sunday at his old home here. George is in good health and still upholds single blessedness in the Royal City.

B and T Hogarth dug a large well, deep and wide, for A. A. Williams last week. Since this well was dug no less than three of the leading farmers on the lake shore in Leeburn are going to do likewise, as they are afraid the lake might dry this summer, and they don't want to be short for the cattle if it did.

Since the late fire our popular sheriff of Huron has not felt very well, and his despondent manner was noticed by the local County Attorney, who advised the genial sheriff to visit Dunlop and partake of a draught or so of our Dunlop tonic; so on Friday morning of last week he followed the good advice given, and registered his name at the consulting room and parlour of one or two draughts of our famed tonic heartily, agreeing with the crown attorney that it is far ahead of any of the patent medicines ever used by the county officials at the court house. Since his visit he is a new man.

LEEBURN.

From our own correspondent.

Mrs. Thurlow, with her son Albert, are away on a visit to friends in Michigan.

Our old friend, Mr. Horton, of Goderich, a former resident here, who recently made his second venture in the joys of married life, gave our burg a visit this week, accompanied by his bride.

COUNTY CURRENCY.

Newsletters from Correspondents, and Other Items.

A Weekly Digest of the County News served up to our Readers of "The Signal," Fifth and Paint, Clipped and Canceled from Every Section.

Wm. J. Eaket, Morris, who has been sick for a year, is gradually growing weaker.

Mr. Dulmage, Wingham, has sold out the business of the Brunswick House to Mr. Martin, of Danganung.

Allan H. Cochrane, Morris, heads the list of successful students at the Stratford Business College.

Mr. John G. Wilson, Seaford, has gone to London to spend a few weeks at the Military College there.

Mrs. Hooper, Bluevale, was let out on bail by the County Judge and will have to appear for trial at the fall assizes.

It is reported that postmaster Timmins, Bluevale, has purchased J. Jackson's farm near Bluevale for \$2,520.

Mr. J. J. Anderson, Wingham, left on Saturday on a prospecting tour through Manitoba. He goes to Doloraine first.

This week W. L. Oulmette, London, sold to D. D. Wilson, of Seaford, 1272 doz. of eggs; last week he sold 1305 doz.

Owing to the decease of Thomas Fortune, J. Burgess, Bluevale, has been appointed clerk for the township of Turnberry.

One day last week Mr. Ephraim Batt, of the Base Line, sustained a paralytic stroke from the effects of which he is still very low.

Last Saturday W. H. Cleasley, Morris, started for Algona, where he will work at his trade as a carpenter during the coming summer.

Mr. John McLean and Mr. John Cole, East Wawanosh, had some what worried by dogs one night recently. The dogs have been shot.

Richard Armstrong, 3rd con., Morris, who went west this spring, has taken up land in the vicinity of Moose Jaw, Northwest Territory. He is a good farmer.

Mildred, daughter of E. S. Scott, Brussels, went down in their garden where the bees are kept on Monday and was badly stung on the face and body by the insects.

Mr. Edward Oulm, M. A., well known in this section of Ontario, and lately Principal of the Methodist College, at Tokyo, Japan, has returned to Canada to stay.

We are sorry to hear that Mr. D. B. Kennedy, Clinton, is suffering from softening of the brain. Although not confined to his room, it is feared the ailment will prove serious.

Lorne Hunter is home from Toronto, having completed his term at the Business College in the study of photography and type writing. He is now ready to accept some good opening.

Mr. James Steep, Clinton, went up to Winnipeg a few weeks ago, with a load of apples, and report says that he had to dispose of them at a considerable sacrifice, as the market was overstocked.

Alex. Brock, Brussels, goes to Owen Sound this week. He takes a position in the Polson Works and will be the catcher for the town base ball club. Alex. will prove a source of strength to any club.

A young woman named Rose Mooney was found dead in bed at her mother's place in Locknow on Wednesday morning last. It was rumored that she had taken an overdose of laudanum during the night.

C. B. Harris and family left Brussels for Algona last Saturday. They went to Owen Sound, thence via steamer. For the present they will reside at or near Day Mills. We wish them prosperity in their new home.

With a view to having the lower mill pond cleaned out, the proprietors, Messrs. Hutton & Carr, Wingham, have decided to offer the timber lying in the pond free to anyone who desires to take it out for fuel, or any other purpose.

Some time ago mention was made of an accident to the son of Mr. E. Floody, Clinton, by which it was feared he would lose his eyesight. We are glad to know that the child has entirely recovered, without any serious damage.

School was closed in the highest room at Winton last week on account of Miss Hillen receiving severe injuries from a runaway horse on Saturday last. We hope she will soon be able to go back fully recovered. Her sister, who was along with her, was also badly hurt.

Rheumatic Pains. Require no description, since, with rare exceptions, all at some time have experienced their twinges. Rheumatism is not easily dislodged, only the most powerfully penetrating remedies reach to its very foundations. The most successful treatment known and it is now freshly resorted to by medical men, is the application of that now famous remedy for pain—Polson's Nerriline. It is safe to say that nothing yet discovered has afforded equal satisfaction to the suffering. A trial can be made at a small cost, as sample bottles of Nerriline can be had at the drug stores for 10 cents, large bottles 25 cents.
