HURON SIGNAL

FRIDAY, APRIL 11, 1890.

MAKE A NOTE OF THIS!

The attention of subscribers to THE SIGNAL is called to the date on the address slip.

It is right! This should represent the time when their subscription expires, and it is important that it should be correct.

In the large number of renewals which we have received there might be a possibility of an error, notwithstanding great care is taken to correct our lists as the subscriptions are received.

To those who have not already renewed their subscriptions we would urge upon them the desirability of doing so at once.

Our terms are \$1.50 per year, but \$1.25 will be accepted in full on all subscriptions for 1890 paid before May 1st.

After that date no rebate will be made. Look at your label.

If our mayor and councillors don't settle down to business, and conduct themselves in a more becoming manner hereafter, THE SIGNAL will give extended reports of the meetings, which will open the eyes of the ratepayers who are not in the habit of attending.

The scenes that disgraced the last meeting could not have been surpassed by a congested gathering of gossips.

This latest Conservative aspirant for legislative honors in West Huron is a person named BROWN—JOHN BROWN.

He has advertised the fact in the Mail, and the Globe says his advertisement should be placed under the heading, "Situation wanted."

The insertion of the advertisement is strong evidence that BROWN is drinking again, and has pretty nearly reached the "jim-jam" stage.

In the recent tariff discussion at Ottawa, Mr PORTER, M.P. for West Huron, expressed the opinion that mortgages were not bad things, for a mortgage on a farm showed that the man who gave it owned the farm.

Perhaps that is the way that Mr PORTER proves ownership in his farm, but most men would rather own the farm without the questionable proof of ownership which a mortgage gives.

Mr PORTER might just as well endeavor to prove that the death grip (mortgage) was an excellent thing for a sick man to get because it demonstrated that life had expired.

John Cardiff, Grey, has purchased the 100 acre farm recently owned by Donald McLaughlin for the sum of \$4,500.

It is a bargain at the price. This gives Mr. Cardiff 250 acres of land now to cultivate.

There is quite a little history in connection with the property lately purchased. Mrs. Arch. McLean disposed of the farm about twelve years ago to Donald McLaughlin for \$7,000 and the same property is now sold by private sale for \$4,500.

This is not the only instance of depreciation in real estate on a wholesale pattern.

NOTES FROM THE CAPITAL

A WEEK OF DEBATE AMONG THE DOMINION LEGISLATORS.

The Delegates from the North-West, Mr. Tupper, Minister of Marine and Fisheries, accompanied by his private secretary, Mr. C. C. Chipman, has gone to Washington.

The negotiations in reference to Behring's sea are to be resumed at the United States capital, the Minister's presence there to assist Sir Julian Pauncefote.

The North-west delegates who have been in town for the last two weeks separated on Saturday evening, after a busy business.

During the morning they interviewed Hon. John Carling and submitted to him several suggestions for the purpose of promoting immigration to the North-west.

They proposed that the Government should send farmer representatives of the different nationalities settled in the North-west to their respective native countries to post their friends and countrymen upon the resources and adaptability of Canada and their own needs.

They suggested that the co-operation of the Imperial Government be asked for the purpose of securing representative persons resident in England, Scotland and Ireland to visit the North-west during the summer season, in order that they may see personally the fertility of the new land.

They asked that the Government grant a bonus to any company or corporation who would sell secure the location in the country of our own bona fide immigrants.

They suggested that the Government send through Great Britain an exhibition car, containing samples of Canadian cereals, fruits, minerals, etc., and to have the immigration officers in the Old Country supplied with the special immigration map of Canada to be published through pamphlets, one for Manitoba and the other for the territories, giving a complete description of the country, with views illustrative of its resources, ranching and mining capabilities; that the special immigration map of Canada be prepared, and that an edition of 200,000 be struck off, so that they might be distributed among all the school boards in Great Britain.

The Minister said that these suggestions would be carefully considered, and that Mr. Carling authorized Mr. Fitzgerald, of Calgary, to prepare a statement of the resources of Alberta, to be incorporated in the next official handbook of Canada.

The Winnipeg news fabricator must be pretty hard on these days. Yesterday Sir Charles Tupper called to Hon. Mr. Dewdney, stating that the London papers had published a sensational despatch from Winnipeg, via New York, giving an alarm-bell account of the condition of the Indians in the Athabasca district of the Canadian North-west, stating that they were actually starving and that the adults had had to resort to eating their children in order to preserve life.

The Superintendent of the province, acting in toto and adding that the report must refer to the condition of the Athabasca Indians two years ago.

The situation in regard to the Ottawa parliamentary vacancy is becoming decidedly interesting. Mr. C. B. Mackintosh has taken no action in the matter, but his friends have for him. A requisition was brought to him with a list of names attached asking Mr. Mackintosh to allow his name to be put in nomination, and with such backing he can hardly refuse. Mr. A. J. Christie, Q. C., is also making a good many friends in the city. A meeting of the Liberal Conservative Association has been called for Tuesday evening.

Another application for the use of convict labor has been received by the Department of Justice. M. C. Mullarky of Montreal has renewed his proposal to the Government to form a joint stock company for the employment of convicts in the manufacture of boots and shoes and ready-made-clothing for export. This proposal, it is understood, has not yet been considered by the Government, and from the unsatisfactory experience which the Department of Justice has had in connection with previous efforts to utilize convict labor for contract purposes, it is very doubtful indeed if the scheme can be matured.

It is understood that Mr. Davin is preparing a remarkable oration in which he proposes to explain to the people of the Dominion the reasons in regard to members of the Government the other evening.

Mayor Fremont, Aldermen Hearn and Mettler, and the City Engineer of Quebec arrived here Saturday. They will interview the Government with respect to the land grant, and to ascertain what the Government intend to do in the matter.

The contract for ferrying across the Niagara river between Victoria and Black River, which was awarded to George Moon in September last, has been cancelled, and the necessary security failed to put up the necessary security.

J. J. Devine, deputy collector of inland revenue, has resigned his position.

T. C. Connor, of Moncton, has secured the contract for the erection of an immigrant shed at the village of Thessalon, about 25 miles from the city.

Hon. M. Bowell is spending the Easter holidays in Belleville.

THE LOCAL ASSEMBLY. TORONTO, April, 7th.—The Local parliament has been engaged during the past week in clearing off the "dust," and early Friday morning the bill was introduced, which has a little harmless hilarity.

Formal propositions take place to-day.

LOSSES CAUSED BY FLAMES. A New York Village Wiped Out.—Incautious blaze in Michigan.

WATERTOWN, N.Y., April 5.—The business section of this city, was entirely destroyed by fire this morning. Forty-two buildings were burned, involving a loss of something like \$150,000 to \$200,000. About 20 of the buildings were dwellings and the remainder were stores and shops.

BAY CITY, April 5.—Bradley & Co's store, containing 150 hands, was destroyed to-night by fire, which broke out at 8 o'clock. The department was unable to check the flames, which spread to adjoining lumber piles and consumed 500,000 feet of the value of \$15,000. Some of the machinery was saved. The fire broke out in a shed back of the store, and was of incendiary origin, it being the third attempt within six weeks to burn up the industry. The loss on the mill will reach \$20,000, without insurance. There is a slight insurance on the lumber.

WORCESTER, April 6.—The Forest block was burned to-day. The ground floor was occupied by W. L. Davis, druggist; Richard & Co., druggists; E. C. Livingston, confectionery, and C. E. Eddy, billiard. Loss \$75,000. Philadelphia, April 6.—Fire in E. Middleton & Co's coffee, tea and spice warehouse here last night caused a loss of stock estimated at \$30,000. Adjoining buildings were damaged \$2,000. Five firemen were overcome by the fumes of burning pepper. Injuries not serious.

Table listing market prices for various commodities including Flour, Wheat, Corn, and other goods.

The receipts of cattle for the week were small, but large enough for the market, which was a weak tendency, this being more particularly felt toward close of week. Prices were fair, but demand was not strong. Several loads have already been received of extra quality, and containing a number of good specimens, a good Easter trade can reasonably be expected. Sheep supply larger, value increasing. Hogs plentiful and strong at 5c.

We quote the following as being fair values:
