LENDUE.

Mr. C. A. Molynaux of Clinton, Iowa, arrived in Leduc on Friday, with the intention of acquiring land in the district and settling down to farming. Mr. Molynaux states that the land bought in Iowa for six acres thirty years ago now sells for \$250 per acre. The soil there cannot compare with the soil of this district, which about 100 bushels of oats per acre is the maximum there. It is more like the average here. Mr. Molynaux says that it is surprising the number of people in Chicago, Minneapolis, Des Moines and other American cities who intend coming to Alberta. The American railroads are offering special rates in anticipation of the exodus which will soon start.
