Schooners Can't Sail.

We learn by the Fogota that it is feared a number of schooners in Fogo District will not be able to prosecute the Labrador fishery owing to shortage of men. Mr. R. Whiteway, of Mus-

grave Harbor, will barely be able to crew one of his schooners, but must leave another large vessel at her anchors.

MINARD'S LINIMENT USED BY PHYSICIANS.

SEAMEN'S WAGES.—The question of seamen's wages is still unsettled. Owing to the number of deserters lately the merchants are not in a mood to increase sailors pay. Vessels have been delayed this spring for days owing to this cause.

APPEAL FILED.—The defendant in the case of Dr. T. Mitchell vs. W. H. Crowley has given notice of appeal from the judgment in this case and filed it in the Registry of the Supreme Court. Mr. H. Knight for appellant; Mr. Kent, K.C., for respondent.

Paralyzed on Roof.

About 4.30 p.m. yesterday Mr. John Murphy, of William Street, carpenter with Mr. M. W. Myrick, was repairing a skylight on the roof of Mr. Moses Maher's house, Catherine St., when suddenly he was stricken with paralysis as he sat on a ladder while engaged at his work. Had the unfortunate man not been discovered so quickly he must have fallen from the roof (a slanting one) and been killed. Mrs. Hagan, who lives near Mr. Maher, noticed the man's condition first. Just previously she had heard him humming a tune as he worked, and on coming out later was horrified to see Mr. Murphy clinging to the ladder and moaning, evidently with the intention of attracting the notice of some passerby. He had been paralyzed in the right side, his tongue was affected and he could not speak intelligibly. Mr. Maher, who is a cripple, now made a brave attempt to help the man, and getting up on the roof climbed across the saddle and held on Murphy, who was fast losing his hold. Later his grandson, Levi, in coming from school and passing there, took in the situation and called his uncle, Mr. Murphy's son, William, from Edens' store, where he works. In the meantime Mr. W. Ryan, son of Engineer John Ryan, had arrived. He mounted the roof and after great difficulty the stricken man was taken down. He was driven to his home where he was attended by Rev. Dr. Greene and Dr. Mitchell. He was in a dangerous condition last night and it is feared cannot live.

She is Now Telling Her Neighbors

THAT DODD'S KIDNEY PILLS MADE HER FEEL YOUNG AGAIN.

Mrs. John McRea had Kidney Disease. She was nervous, run down, and suffering from Rheumatism. Two boxes of Dodd's Kidney Pills cured her.

Previl, Que., May 22. (Special).—Nearing the three score mark, but feeling like a woman of thirty, Mrs. John McRea, wife of a farmer living near here, is telling her neighbours that she owes her health to Dodd's Kidney Pills.

"For two years and seven months," says Mrs. McRea, "I was a sufferer from Kidney Disease brought on by a strain and a cold. My eyes were red and swollen, my muscles cramped, and I suffered from Neuralgia and Rheumatism. My back ached and I had pains in my joints.

"For two years I was under the doctor's care, but he never seemed to do me any lasting good. Then I was advised to try Dodd's Kidney Pills. Two boxes made a new woman of me."

Dodd's Kidney Pills make tired, rundown women feel as if life had started all over again for them by curing the kidneys. Healthy kidneys mean pure blood, and pure blood means new life all over the body.

Puffin Island Coal.

Capt. Geo. Green, of Greenspond, who runs the coaster Invermay, called at our office before sailing north yesterday, to make a complaint against Capt. Winsor, M.H.A., and Mr. Piccott because they would not give him the coal for Puffin Island Light House to make up a freight. Capt. Green is in the coasting trade the past seven years and depends on it for a living for himself and his crew. He called on Mr. Piccott and asked him for the coal for Puffin Island Light House. Mr. Piccott told him that he could not give it to him as it had been engaged since last March by Capt. W. Winsor, M.H.A., for his brother who will take it down later on in the schooner Birdie. Capt. Green was highly indignant at the treatment and says that the Winsor family are controlling most of the public jobs about Greenspond and that unless one is related to the family in some way he will get no show.

Capt. Kean's Report.

On arrival at Bay of Islands from Battle Harbor last night, Capt. Kean wired the following to the Reid Nfld. Co.:—

"Arrived at Battle Harbor at 2.30 p.m. Saturday, having made all the ports of call between Red Bay and Chateau. The standing ice is not yet all melted, but the Straits is entirely free of drift ice. The settlers on the Labrador side are netting a few seals every day. Had heavy westerly gales on the 19th and 20th."

OBITUARY.

There died at 18 Cathedral Street, after a long illness, Kathleen, the 14-year-old daughter of Mr. and Mrs. T. M. White. Deceased was a general favourite and was beloved by all her companions who will greatly miss her. Mr. and Mrs. White will have the sympathy of all their friends in their sad bereavement. The funeral will take place to-morrow afternoon.

Zam-Buk Cures Piles

Read What Those Who Have Proved It Say.

Mr. Thomas Pearson, of Prince Albert, Sask., writes:—"I must thank you for the benefit I received from Zam-Buk. Last summer I suffered greatly from piles. I started to use Zam-Buk and found it gave me relief, so I continued it and after using three or four boxes I am pleased to say that it has effected a complete cure."

Mr. G. A. Dufresne, of 183-185 St. Joseph Street, St. Roch, Quebec, P.Q., writes:—"I can highly recommend Zam-Buk to everyone who suffers from piles. I have also found it most effective in curing a sore thumb with which my little son was suffering. The thumb had begun to swell and fester and had lost the nail. I persevered in the application of Zam-Buk and the sore is now entirely healed."

Not only for piles, but for inflamed sores, ulcers, eczema, ringworm, boils, eruptions, scalp sores, itch, chilblains, sore heads, old wounds, etc. Zam-Buk is without equal as a healer, and also for cuts, burns, stiffness and whatever and whenever a handy balm is called for. All druggists and stores at 50c. box. Zam-Buk Soap will be found as superior amongst medicinal and toilet soaps as the balm is amongst salves. Mothers should use it for baby's bath. 25c. tablet, all druggists and stores or post free from Zam-Buk Co., St. John's, Nfld.

One Marriage Law Only.

ANGLICAN CHURCH SPEAKS.

Mixed Marriages Are Ever To Be Depreciated—Annulment of Marriages.

One marriage law for the Dominion of Canada is advocated by a decision of the House of Bishops of the Anglican Church in Canada. A letter is being sent each Anglican clergyman in Canada.

"We, the archbishops and bishops of that branch of the Catholic church, known as the Church of England in Canada, to the faithful in Christ Jesus: Greeting:

"Whereas, the minds of many have been greatly disturbed by a decision in the courts of the Province of Quebec annulling a marriage between two members of the Roman Church, solemnized by one authorized by the state to officiate at marriages and by enforcement of the decree known as the 'ne temere' decree by the Bishop of Rome; and

"Whereas we believe the said decision to be contrary to the Christian ideal of marriage, to involve grave civil injustice and to be in its consequence destructive to the home life of the people;

"We desire to remind you that the Anglican Church in Canada has ever taken the strictest view regarding the sanctity of marriage. It is a holy ordinance, instituted by God, and is the foundation of our social and family life. The Church and State must unite to guard the marriage bond and to preserve its indissolubility. To this end our General Synod has decreed that no clergyman of our church shall officiate at the marriage of any divorced person during the lifetime of the former partner in the marriage.

Deplore Lowering Ideals.

"It is most desirable that those who enter the holy estate of matrimony should realize its solemnity, and have due regard to its blessings and mutual responsibilities. We greatly deplore the lowering of the ideals and purposes of marriages which is so common in many quarters. It is of the greatest moment that those who en-

ter into the estate should be married by a clergyman of the church before proper witnesses, and wherever possible, in the church building, and that they should be in agreement concerning their religious convictions. Mixed marriages are ever to be deprecated, as they deprive husband and wife of that mutual help which the one should be to the other in life, and make the religious training of the children in the home most difficult.

"Nevertheless, we emphatically assert the validity of such marriages when duly solemnized, and we maintain that once consummated they are indissoluble.

Annulment of Marriages.

"No marriage should be annulled because of the divergent religious convictions of the parties; nor because of the ecclesiastical connection of the one solemnizing the marriage.

"The Church and State, though separated by law, must unite in protecting those who have been married by a duly competent officer, authorized by the State for the solemnization of marriages, and in upholding their civil status and rights. Nor should the State permit marriage to be annulled for an ecclesiastical offence, or because it is contrary to the Canon law of the Church of Rome, or contrary to the laws, rules and regulations of any religious organization whatsoever.

The Civil Law.

"We do not desire to express any opinion upon the civil law. We leave that to our final court of justice. But we would remind you that decisions of various judges have differed upon this question in the Province of Quebec. It is in the interest of all our citizens to have the law clearly defined.

"Whatever may be the proper interpretation of the existing law, it is of the greatest importance that there should be one uniform marriage law for the whole Dominion.

"In conclusion, we urge upon all the duty of safeguarding in every way the sanctity of marriage, and we deplore and deplore all interferences with legally sanctioned family life—fraught, not only with injustice, humiliation and suffering to the parties concerned, but as imperilling the fundamental basis of our social system."

We commend you to the grace of God, and pray that His Holy Spirit may in all things direct and rule your hearts.

Signed on behalf of the House of Bishops of Canada.

S. F. RUPERTSLAND, Primate.

CHARLES OTTAWA, Archbishop of the Ecclesiastical Province of Canada.

Hints to Householders.

PROFESSOR HENRY ADAMS in his Presidential Address to the Institute of Sanitary Engineers early in 1908, said:—"Gas fires for heating are already widely adopted for offices, consulting rooms where a fire may be required at short notice. I have had nothing else in my office for the last thirty years and do not find any of the ill effects that have been ascribed to them."

Gas fires are universally used by Medical men in London, and they recommend them for use in the homes of their patients.

The Coal Smoke Abatement Society, among whose members are many men of high scientific and artistic attainments, are strong advocates of the use of gas for heating. The Society carried out a most elaborate series of tests with gas fires, etc., in May and June, 1906.
