**Electric Restorer for Men Phosphonal** restores every nerve in the body to its proper tension; restores the vitality, prevents decay and all sexual weakness averted at once. Phosphonal will make you a new man. Price \$12 a box, or two for \$22. Mailed to any address. The School Drug Co., St. Catharines, Ont.

**FR. CLARKE COMING.**—Rev. M. J. Clarke, the former Parish Priest of Corbay, leaves Ireland for St. John's Saturday next and will come here by the next Allan boat. He is coming to make a holiday amidst old scenes and friends, and from those of the city and down the shore will be given a hearty welcome.

Ask your Druggist for **SERRAVALLO'S TONIC** (Bark and Iron Wine).  
 Cures: **ANAEMIA, CHLOROSIS, DEBILITY.** Delightful Taste.

**RETURNED YESTERDAY.**—Mr. John Brake, of Bay of Islands, who while driving an engine on the Bonavista branch 18 months ago met an accident and lost the use of his legs, arrived here by yesterday's express from Montreal. He was sent there by the Messrs. Reid and learned the trade of repairing rubber goods. He has been given a position at this class of work by the R. N. Co.

**SAVED FROM AN OPERATION**

How Mrs. Reed of Peoria, Ill., Escaped The Surgeon's Knife.

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's Vegetable Compound has done for me. For two years I suffered. The doctor said I had a tumor, and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a well and healthy woman. For months I suffered from inflammation, and your Sanative Wash relieved me. I am glad to tell anyone what your medicines have done for me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. CHRISTINA REED, 105 Mound St., Peoria, Ill.

Mrs. Lynch Also Avoided Operation.

Jessup, Pa.—"After the birth of my fourth child, I had severe organic inflammation. I would have such terrible pains that it did not seem as though I could stand it. This kept up for three long months, until two doctors decided that an operation was needed."

"Then one of my friends recommended Lydia E. Pinkham's Vegetable Compound and after taking it for two months I was a well woman."—Mrs. JOSEPH A. LYNCH, Jessup, Pa.

Women who suffer from female ills should try Lydia E. Pinkham's Vegetable Compound, one of the most successful remedies the world has ever known, before submitting to a surgical operation.

MILNARD'S LINIMENT USED BY PHYSICIANS.

**Episcopal Visitation at Bell Island.**

On Saturday, June 29th. His Grace Archbishop Howley accompanied by Monsignor Roche, V.G. went to Bell Island to perform the Episcopal Visitation. The occasion was also availed of for the blessing of a new bell and the consecration of an altar, both presented by the good Syrians of the Maronite Rite who form a large portion of the congregation.

The Archbishop and suite went by motor, kindly lent by Mr. Reid. At the Cove the Episcopal Party was met by the Rev. Father McGrath, the worthy pastor of Bell Island, and a deputation of the principal inhabitants of the place. The steamer "Othar" was ready at the wharf with steam up, and under the able guidance of Capt. Sedgman a happy and speedy transit of about twenty minutes landed the party at "The Beach". A large concourse of people lined the pier and landing place, and a most hearty welcome was tendered to His Grace and party. The welkin resounded with cheering and a splendid display of variegated bunting fluttered on every side and made a beautiful picture in contrast with the green fields and russet groves. It was only an hour and twenty minutes from the time the Archbishop left the Palace till he found himself comfortably seated in the hospitable home of the Reverend Pastor of Bell Island. The evening was occupied by the priests preparing the children for Confirmation. On Sunday Morning, June 30th, His Grace celebrated Mass at The Mines, Wabana.

Immediately before the Mass a very interesting ceremony took place, a beautiful illuminated address to His Grace was read by Mr. Joseph Murphy on behalf of the Syrian Community and the presentation was made of the Altar and bell donated by the Maronites. His Grace replied in suitable language. The address and reply appended. His Grace then consecrated the Altar and Tabernacle, and celebrated Mass for the first time on the new altar. The bell was blessed after Last Mass in St. Michael's Church of St. Michael's.

An early Mass had already been celebrated by the Rt. Rev. Monsignor Roche. At the close of the High Mass the Pontifical Blessing was given by His Grace who then proceeded to perform the very beautiful ceremony of the bell. His Grace explained in a few brief words the mystical meaning of the function and the origin and use of the bells in the church. The vast congregation which filled the spacious edifice listened with wrapt attention. The Choir under the direction of Miss Nugent rendered the sacred chants in a very superior manner, especially the music of the solemn entry of the Bishop into the church which was performed for the first time in accordance with the late decrees of the Pope. The Congregation were then dismissed with orders to assemble again at 10 o'clock when the Sacrament of Confirmation would be administered. At 2 o'clock the church was again filled with a vast and interested congregation, among whom were the children prepared for Confirmation. His Grace robed in full pontificals gave a simple and instructive exhortation on the nature and the effects of the Sacrament, which was listened to with great and respectful attention. Then the sacrament was administered to the candidates, 82 males and 72 females.

The function was terminated by the conferring of solemn Benediction of the Blessed Sacrament, and so terminated a most impressive and fruitful visitation which will long be remembered and cherished by the devout and fervent people.

**ADDRESS OF THE MARONITES**  
 To His Grace, the Most Reverend Michael F. Howley, D.D., Archbishop and Metropolitan of the Archdiocese of St. John's, Newfoundland.

The address of the undersigned Assyrians of Bell Island setteth forth:  
 1. That as Christians we believe we have watched and taken a part in its industrial growth and welfare and look forward to the future for its further development and expansion.

2.—That a Christians we believe there can be no real growth, no real prosperity, or no solid foundation of civilisation laid without the teaching of the Gospel and an obedience to and communion with the Pope of Rome.  
 3.—That it is our proud privilege to-day to be able to claim both traditionally and historically that our ancestors had heard and listened to the preaching of Jesus Christ Himself.

4.—That it is also a tradition with us that the Most Adorable Sacrifice of the Mass was first offered in our Language, and that through the special favour of His Holiness the Pope we still have the privilege of offering it according to the Maronite Rite.

5.—That it is unnecessary to remind one so well versed in the History and traditions of Christianity as you, Grace that we are called Maronites after St. Maro, a French Priest, who in the perturbed times of A. D. 565 came

out to preach to us and fan the embers of faith into a ruddy glow.

6.—That we, the oldest Christians in the world, have suffered for the Faith that is in us ever since the Hegira down to the present time, but why repeat a story known world wide, or why recall tales of butchery that made a Napoleon to land troops in Palestine and called forth the fierce antagonism of the immortal Gladstone.

7.—That in welcoming you to Bell Island we claim that we are lineal descendants of men who heard Christ preach and as a token of the Faith that is in us, we, Your children, Most Reverend Father, ask you to accept of us to bless and dedicate this bell which shall call the faithful to worship, and this Altar upon which shall soon rest the Most Adorable Body and Blood of Jesus Christ Our Saviour.

We are your devoted children as undersigned, and date this address of jubilation this day of June, 1912.

**REPLY OF HIS GRACE THE ARCHBISHOP.**

Dear People of Bell Island.—

It is a great joy to me to-day to find myself among you and to witness the signs of material prosperity which I see on all sides. No less, but a great deal more, pleasing is it for me to

know that this material prosperity goes hand in hand with the moral advancement of your community in all branches of life, and that your record is a proud one for sobriety, charity, purity of conduct, and intellectually that you bear your standard high among the ranks of our countrymen. In the presence of your worthy Parish Priest I cannot not say much of a personal character; but I should be lacking in plain and simple justice if I did not say hear to-day that in a great measure is owing to the noble example and wise precepts of your clergyman this high and enviable position which you occupy and embellish, and I am sure I can say the same of the clergyman of other Denominations among you. To our worthy people of the Syrian race and of the Maronite rite who dwell among us I must this day address a special word of congratulation. You are to-day making two beautiful and costly presents to the Church, an altar and a bell. These will, for generations to come, stand forth as monuments of your faith and generosity.

I appreciate fully all you say in your beautiful address, as to the ancient glory of your nation. I have had the great happiness, a few years ago when travelling in those holy places which were once trodden by the footsteps of our Divine Saviour, to visit that portion of Palestine from which you come. The grand City of Beyrouth and fertile slopes of Monte Libanon show the industry and progressive character of your people.

I saw the magnificent Church of the founder of your rite, St. Maro, I enjoyed the hospitality of your Venerable Patriarch in his grand Palace of Bekkerli. I met there, among the Bishops and Prelates who formed the Court of His Beatitude, many who have been fellow-students of mine at Propaganda College, Rome. The Patriarch Monsignor Habib Haggi was a saintly and venerable man. His

great boast was that his See is the oldest in the world, he is the successor of Peter as Bishop of Antioch, before Peter came to Rome. The language used in the ritual of the Syriac rite is the same, the Chaldaic, that was spoken by Our Lord Himself when on earth. The Maronite Church retains the proud boast of being the only branch of the Eastern Church which never fell away into schism, but always remained firmly attached to the See of Rome; and the Patriarch declared himself to me as "The brother of the Pope."

As you have never lost your faith in the Holy Catholic Church, and have sustained persecution and bloodshed rather than allow the hydra-headed monster of heresy or schism to spread its foul poison among you, so also in worldly, secular and national matters you have always preserved your independence and autonomy. It is true you acknowledge suzerainty to the Ottoman Empire and pay a small annual tribute to the Sublime Porte in acknowledgment thereof, but otherwise you enjoy the privileges of self-government and Home Rule, having the appointment of your own Governors, or Pashas, the collection of your own taxes, and the administration of your own revenue; and so it is that on entering your territory from the Turkish dominions one is struck at once with the evidence of material prosperity and progress. I am sure, that here in Newfoundland you will hold sacred the traditions of your Faith and Country and keep your names unsullied as good and upright citizens of your adopted country.

**HYMNAL.**—Dr. T. M. Green, of Gambo, was married yesterday to Clarice Lily Oldford, of Musgrave-town, at the residence of Mr. G. Way, Power Street, the officiating clergyman being Rev. P. R. Matthews, B.A., assisted by Rev. S. Snowden, uncle of the bride. After the ceremony a reception was held, at the conclusion of which the parties took the express for Gambo, their future home.

**Are the Fly and Mosquito Dangerous?**

The fly, with spongy feet, collects the invisible germs of disease, spreads them over our food and poisons us with typhoid and cholera. The mosquito with its bite injects into our veins malaria and yellow fever. The bacteria of consumption, or grip, are everywhere present for us to breathe into our lungs. The blood which flows through our veins and arteries is our protection. It should contain healthy red and white blood corpuscles—capable of warding off these disease germs. Dr. Pierce's Golden Medical Discovery is a blood medicine and alterative made entirely without alcohol, a pure glyceric extract of bloodroot, golden seal, Oregon grape root, queen's root, mandrake and stone root, which has enjoyed a good reputation for over forty years. The refreshing influence of this extract is like Nature's influence—the blood is bathed in the tonic which gives life to the blood—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which has accumulated during the winter.

M. MAGUIRE, Esq.

"About forty years ago while in Newark, New Jersey, I had chills and fever," writes Mr. MICHAEL MAGUIRE, of National Military Home, Kansas. "I went to Kansas City and in the spring of 1877 the chills and fever returned. Doctors and everything I tried failed to do me good. Finally I saw Dr. Pierce's Golden Medical Discovery advertised. I took one bottle of it and the chills vanished. In about a year afterward I felt them coming back so I got another bottle and have never had any symptoms of fever or ague since. That is all of twenty years ago, for I had the chills about twelve years before I started to take 'Golden Medical Discovery'."

Dr. Pierce's Pleasant Pellets are for liver ills.

**Household Notes.**

- To prevent metal teapots taking on a musty odor, put a lump of sugar into the pot before putting it away.
- If a piece of putty is wrapped in oiled paper and kept in a covered tin can it will keep pliable for a long time.
- Unbutton all clothing before sending it to the laundry and you will find fewer buttons will be lost or broken.
- To clean lacquered brass, wash it in hot water, using soap if necessary. Polishes should be applied to unlacquered brass only.
- Dusty and faded straw hats may be improved in appearance by being well rubbed with a piece of velvet of the same color as the straw.
- To apply hair tonic to the scalp use a medicine dropper, as it enables you not only to gauge the amount, but to apply it to the spot desired.
- To turn a cake easily out of a tin set the tin on a wet cloth for a few seconds immediately after removing it from the oven, and then turn it out.
- To keep gloves shapely press small pieces of absorbent cotton into the tips before putting them away. They will be less likely to rip if they receive this care.
- Save the stocking legs. There is nothing better for dusting and wiping polished wood. Dampen them in boiled oil and they will give the wood a splendid polish.
- Tiled vestibules, especially the old-fashioned black and white tiles, may be kept shiny by rubbing once a week with a little linseed oil. Polish with a dry cloth of chamouis.
- To get the best results in canning fruit, use good, ripe fruit. It is a mistake to think by waiting till fruit is poor and cheap one can get from it just as good results in canning.
- The next time that you pass a real Japanese store, invest in a bamboo fan holder—not for fans, oh, no, but for the most artistic flower holder that you ever put in your American home.
- To make candles self-fitting, do not cut the candle, but hold its end for a few moments in hot water. This will soften the wax, and then the candle may be easily pressed down into the candlestick.
- To banish moths from carpet put powdered borax around the edge of the carpet and work it into the pile where the heavier (and, therefore, less frequently moved) pieces of furniture stand.

**HEALTH RESTORED TO THIS FAMILY**

Wife's experience with Dr. Chase's Nerve Food led to husband's cure.

"Since childhood I was afflicted with biliousness and sick headache," writes Mr. A. K. Van Wyck, Park Hill, Ont., "and as all the doctors' medicines and prescriptions failed to do me any permanent good, I had lost faith in all medicines. It was by accident that I came to use Dr. Chase's Nerve Food, for it had been recommended for Mrs. Van Wyck and did her so much good that she wished me to try it."

"I did so, and was surprised at the results. It is now three years since I discontinued the medicine and I have not had an attack of the old trouble. I hope that others may benefit by my experience."

The cures effected by Dr. Chase's Nerve Food are lasting because it builds up the system and removes the cause of trouble. 50 cents a box, 6 for \$2.50; at all dealers, or Edmansson, Baker & Co., Toronto.

**BADLY SCALDED.**—Monday the little 9 months' old daughter of Mr. Charles Truscott, of New Gower St., suffered a painful accident. A servant accidentally spilled the contents of a vessel almost filled with boiling water over the child as it lay in the cot. The little one's legs and arms were badly scalded.
