

DOMINION PARLIAMENT.

Ottawa, May 10.

On the orders of the day being called Mr. Blake asked if the Government intended to introduce legislation to give effect to the land clause of the Pacific Railway Charter.

Mr. Tilley said in answer to the question would be given on Monday.

Mr. Tilley then moved to go into Committee of Supply.

A lengthy discussion took place on the item left unroted in the Supplementary Estimates for the current year being a sum of money for the Pacific survey— which was interrupted by a call upon the members appointed to try the East Northumberland Election Petition to come before the table and be sworn. Hon. Sir John A. Macdonald and Mr. Pearson were absent.

Mr. Stuart Campbell, as chairman of the Committee of Elections, moved that both the defaulting members be taken into the custody of the Sergeant at Arms to wait the pleasure of the House.

The House then went into Committee of Supply.

After recess, Hon. Mr. Mitchell's Bill for the classification and registration of shipping, and the Insolvent Law Continuation Act were both read a third time.

The Shipping Act was read a second time and referred.

In Supply a discussion arose as to the employment of a dredge on the Ottawa river, in which Messrs. Langvin, Casey, and Wright (Ottawa) took part.

Mr. Mills then called attention to the condition of the Ottawa river.

Mr. Langvin promised attention.

The vote of \$10,000 for repairing the Government House in Manitoba was severely criticised.

In the discussion on grants for piers and harbours, some very strong comments were made upon the partially shown by the Government for places represented by their supporters and partisans.

Mr. Ross (Prince Edward) alluded specially to the harbours of Port Hope and Picton.

Mr. Ross (East Durham) contrasted the difference in the trade between Port Hope and Cobourg, and showed how the former, with superior claims, was made to suffer for its political independence.

Hon. Mr. Langvin could only promise attention to the case.

Mr. Cameron, in a very effective speech, complained that Bayfield harbour, in his riding, was neglected, and, alluding to his election, said a telegram had been received from the Minister of Public Works declaring no vote would be taken for that harbour: if an opponent of the Government were elected.

Mr. Snider, in a speech of unusual force and energy, referred to the treatment of Owen Sound as compared with Meaford, represented by a Ministerialist, who would get more done in one session than he (Mr. Snider) had obtained in six.

The public money, he contended, should be spent fairly in the interest of the whole people.

Mr. Gillies claimed consideration for Port Elgin, the people of which place had their title to be assisted.

Mr. Burpee (Sudbury) showed that the Government papers in New Brunswick had openly announced the policy of the Government to be one of helping their friends.

Hon. Mr. Tilley defended the Government from this imputation.

Mr. Ferris complained that a promise to send a dredge to his constituency had not been fulfilled.

Mr. E. B. Wood asked the Minister of Finance, if on his honor as a gentleman whether he would say that, in the appropriation of public money for public works, the politics of the member made no difference.

Hon. Mr. Tilley was significantly silent. The vote was then carried, and at midnight the House adjourned.

BASE BALL NOTES.

The game for the championship between the Baltimore Club and the Philadelphia Club, in Baltimore on Saturday, resulting as follows: Philadelphia, 4; Baltimore, 7. There were three thousand spectators present.

The Toronto papers record the death of Col. Wells' wife, after a long illness.

CRICKET MATCH.—The cricket season was inaugurated on Saturday last by a match played between the Trinity College and Toronto Clubs, resulting in favor of the Collegians by four wickets.

SENATOR A. A. BURNHAM, of Cobourg, died at Ottawa on Saturday. The deceased gentleman contracted a severe cold a few days since, which finally resulted in inflammation of the lungs.

A TERRIBLE TORNADO.—A terrible tornado passed over Belle Centre, Ohio, on Friday, blowing down eight dwellings, a church and four or five stores. No loss of life is reported. The loss of property is estimated at \$40,000.

LAKE SUPERIOR.—We learn from the Owen Sound Advertiser that the "Cumberland," which arrived at that place on Wednesday night, from Bear Lake and Sault Ste Marie, reports the canal open; and a party who came from Whiskey Bay says Lake Superior is full of ice—no water to be seen as far as the eye can reach. They do not think any boat can go up to Duluth or Thunder Bay before the 15th inst. The Cumberland left the Sault on Monday morning, and tried to get to the Mine, but found the channel blocked and had to come back by Detour. She met a great deal of ice between Cove Island and here. She reports Owen Sound Bay full, and blocked for 18 miles straight out from Cape Crocker.

UPPER CANADA BIBLE SOCIETY.—The annual meeting of the U. C. Bible Society was held in the Metropolitan W. M. Church, Toronto, on Wednesday night. The President, Hon. G. W. Allen, occupied the chair, and beside him on the platform were many distinguished clergymen. After devotional exercises the chairman delivered a brief address, alluding in terms of satisfaction to the state of the society, and called upon the secretary, Rev. Jno. Gemley, to read the thirty-third annual report, which was a record of extension and prosperity. The stations of the society now number 428. An instance is recorded of the public burning of a number of bibles by a priest at Sault Ste. Marie last fall. The total issue of bibles and testaments by the U. C. B. S. since its commencement is 857,922 copies. The income of the Society to the 31st of March was \$30,646.95. The society appropriates the sum of \$10,000 to home and foreign work this year. The purchase account to the close of the year, amounting to \$14,396, has been paid. The following figures are given:—Population of the globe, 1,300,000,000; number of Protestants, 100,000,000; number of copies of the bible distributed by the British and Foreign Bible Society since 1804, 72,000,000; by kindred societies, about 52,000,000; from other societies, about 17,000,000; probable circulation prior to 1804, 5,000,000; total, 146,000,000; number yet to be supplied, 1,154,000,000.

Wellington Field Battery of Artillery—

The resignation of Second Lieutenant Hugh Macdonald has been accepted.

Hon. Joseph Howe was sworn in Lieutenant-Governor of Nova Scotia, on Saturday, by Sir William Young, Chief Justice. He appeared in a plain suit, accompanied by his sons and a few personal friends. There was no ostentation.

BURGLARY.—The jewelry and fancy store of Mr. W. J. Acheson, in Orangeville, was entered by burglars on Saturday night, who carried off jewelry and fancy goods to the value of \$250. The store was entered from the rear, the door post having been cut so as to admit of the bolt being withdrawn. No clue has yet been found to the perpetrators of this robbery.

ATTEMPTED ASSASSINATION.—An attempt was made upon the life of the Emperor of Germany while His Majesty was reviewing the troops at St. Petersburg during his recent visit to Russia. A pistol-fired at him. The ball passed through his helmet and severely wounded an Adjutant. An effort was made to keep the event secret but the irrepressible New York Herald found it out.

BEAKFAST.—EPPE'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Eppe has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills."—*Civil Service Gazette.* Made simply with Boiling Water or Milk. Each packet is labelled—"JAIR'S EPPE & CO., Homoeopathic Chemists, London."

MANUFACTURE OF COCOA.—"We will now give an account of the process adopted by Messrs. James Eppe & Co., manufacturers of dietetic articles, at their works in the Euston Road, London."—See article in *Cassell's Household Guide.* 3206mdw

CAUTION.—In our changeable climate, coughs, colds, and diseases of the throat, lungs and chest will always prevail. Cruel consumption will claim its victims. These diseases, if attended to in time, can be arrested and cured. The remedy is *Dr. Wistar's Balsam of Wild Cherry.*

Office of Geo. C. Goodwin & Co., 38 Hanover St., Boston.

Mr. James I. Fellows.—Dear Sir: We have been dealing in your Hypophosphites about two years, and although the price seems high (none too high considering its virtues), we think it has succeeded better than any other preparation we have ever handled, and cheerfully recommend it to all in need of a good medicine. Yours respectfully, GEO. C. GOODWIN & CO.

PHOSPHOROUS, Lime Iron, Cal-

isaya or Purvian Bark, Dr. Wistar's Compound Elixir of Phosphates and Calisaya combines these valuable remedies in the form of a delicious cordial, and is an abrain food; Lime, an excitant of nutrition; Iron, a blood maker; and Calisaya or Purvian Bark, the only specific for cholera and fevers, and all conditions of nervous prostration and general debility. Phosphates are the only agents known that act immediately on the stomach, perfecting the digestion and assimilation of food, and determining the formation of pure blood. No combination ever discovered is so remarkable in building up constitutions run down with old complaints. That have heretofore resisted all ordinary methods of treatment, sold by all druggists.

THE GREAT REMEDY FOR CONSUMPTION

which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.
