There is now positive proof of Mr. Huntington's main allegation. The Globe publishes to-day four columns of a most starting and instructive converpondence between Six Bugh adian and thee other—Mr. C. The foregoing are the main points of the correspondence, though there is much interesting detail which we have not space for. No comment of ours is needed on this most shameful expose—the facts themselves are eloquent enough.

10 per cent. off for Cash

As Mr. STEWART is leaving for the British and Continental Markets in July, he has determined to reduce his large stock of Dry Goods and Clothing by \$20,000 this month. To effect this he has resolved to allow a discount of 10 per cent. on all purchases of \$1 and upwards. So rare a chance of securing cheap goods seldom occurring, the public should avail themselves of making and saving money. Quotations of prices being no real criterion of cheapness, an inspection of goods is solicited.
