Rug Department

A rug is as givable as a gem—indicative of cultured taste. And like a gem a rug is a permanent pleasure. They practically do not wear out.
SEE OUR LARGE WINDOW FOR RUGS AND PRICES.

How to Make a ROUGH SKIN SMOOTH

There are some whose skin is naturally very tender, so much so, that a slight change in temperature, either heat or cold, will cause it to become rough and scale. This is very annoying, whether it makes the skin sore or not. A trouble of this kind is due to the skin being too dry, the underlying glands not giving it food enough. It must, therefore, be fed artificially. This may be done by using OLA CREAM, a scientific skin food. OLA CREAM is not a thin, watery fluid, but is of a creamy consistency. Prepared from a valuable formula, consisting of healthful ingredients, which feed the skin, building up the tissues, supplying to the glands that which they lack to prevent roughness.

Anyone who is troubled with roughness of the skin or chapped hands will find OLA CREAM a sure preventative.

We are receiving many testimonials for OLA CREAM. We have made a study of the care of the skin, and will be glad to give any information to anyone writing us.

Kennedy's Pharmacy, Dundas Street.

SMALLPOX APPEARS ON A PASSENGER TRAIN

Which Arrived at Winnipeg From the West—The Disease in Sorel.

Quebec, Dec. 10.—The Quebec Provincial Board of Health has decided to take charge of health matters at Sorel, where there is considerable smallpox, and where the local authorities, it is claimed, have not dealt with the matter with sufficient vigor.

Winnipeg, Man., Dec. 9.—Passengers who arrived from the west on yesterday's P. R. train are greatly alarmed at the presence of smallpox on the train. A patient suffering from the disease boarded the train at

MIRROR, SCALES, ETC.

There was a man. And his mirror said "sallow skin." And the scales said "losing weight." And his friends did wag their heads as he passed by. But being a prudent man he forthwith swallowed daily certain pleasant doses of Scott's Emulsion.

Then his mirror said "ruddy face." And the scales sunk beneath his weight. And his friends looked upon him with amazement.

(NOTE.—This is no fable—but is true history.)

We'll send you a little to try, if you like.

SCOTT & BOWNE, Chemists, Toronto.

a station west of Brandon. He was not detected and rode as far as Brandon where he was removed and taken to the quarantine. Health Officer McDonald wired from Brandon to the Provincial Board of Health and on arrival in Winnipeg the conductor, Joseph Bertrand, was quarantined at his residence. It was found impossible to locate any of the passengers who had been brought into contact with the patient.

Orange, N. J., Dec. 10.—Attempts to locate a smallpox hospital in several sections of this place failed owing to protests of residents and injunction proceedings. Authorities finally hit on the plan of locating the building on the property in the center of a street and to belong to the city. People are hotter than ever.

NEW SMALLPOX CASES.

Toronto, Dec. 9.—Seven cases of smallpox were reported to Dr. Bryce on Saturday from Charlottetown. A number of new cases also occurred at Ottawa. In Massachusetts there is a serious epidemic, the first case now in the South Boston and Roxbury isolation hospital.

Deaf as a Door Nail

Not an uncommon expression, but quite true of many people, whose hearing can be perfectly restored by inhaling Catarrh-Ozone. It quickly relieves and cures all kinds of catarrh, catarrhal deafness and diseases of the respiratory organs. Don't give up hope till you have tested Catarrh-Ozone. It has restored lost hearing to thousands, and can do the same for you. Catarrh-Ozone is a vegetable anesthetic, pleasant and convenient to use, absolutely certain to quickly benefit and ultimately cure. Two months' treatment, \$1 small size, 25c, at druggists or by mail from N. C. Folsom & Co., Kingston, Ont.

A Yale professor has grafted the tail half of a viper on the head half of a rattlesnake, and the combination is alive and ready for business.

HOW TO CURE ALL SKIN DISEASES.
Simply apply Swayne's Ointment. No internal medicine required. Cures tinea, eczema, itch, all eruptions on the face, hands, nose, etc., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by no other remedy. Ask your druggist for Swayne's Ointment.

THE RAILWAYS

Another Combine Appears on the Programme.

Pennsylvania and Rock Island May Soon Pull in Double Harness—Passes Soon To Be Discontinued.

The Detroit and Michigan Air Line Company, incorporated at Columbus, Ohio, is not a new road, but a link in the Detroit and Toledo Shore Line.

It is announced at Montreal that I. G. Ogden, controller of the C. P. R., has been appointed third vice-president, and M. L. Bosworth, traffic manager, fourth vice-president of the company.

Representatives of the Vanderbilt lines in Detroit have received notice from W. H. Newman, president of the New York Central, advising them of the discontinuance of passes after Dec. 31. The circular letter contains advice to the traveling men to purchase mileage only when it is absolutely necessary, and to the railroad companies to issue only when it is absolutely necessary.

New York financial and railway circles are animated by reports that the official announcement is about to be made of important developments along "community of interest" lines. One of these, foreshadowing at least a new president is about to be elected by the Chicago, Rock Island and Pacific Railroad. W. B. Leeds is the section leader. Leeds is one of the chief promoters of the American Plan Plate Company, has affiliations in the railway world, being with the Pennsylvania system—a fact which is edge to the theory that his acceptance of the Rock Island presidency is preliminary to some close traffic alliance with the Pennsylvania.

A NEW TURN IN LIFE

"I have taken a new turn in life," says a well known Ottawa lady. "After using that marvelous health breakfast cereal, Malt Breakfast Food for nearly four months, I have gained ten pounds in weight and feel more active and stronger than ever before. It is the only breakfast food which I quite agreed with my weak digestion." This is encouraging information for men and women weak and run down and subject to stomach troubles. Malt Breakfast Food is a cereal which contains more nutriment for the body and nerves than any other food on the market. Try it for a week. Your grocer sells it.

GONE UP IN SMOKE!

A Michigan Village Scorched to the Extent of \$100,000—Other Conflagrations.

Kalamazoo, Mich., Dec. 9.—The entire business portion of the village of Gobles, 20 miles west of Kalamazoo, was destroyed by fire yesterday. Sixteen business places were burned, and the total loss is estimated to be about \$100,000. The insurance is small.

Rhineland, Wis., Dec. 9.—The Wabash Screen Door Company plant was entirely destroyed by fire early today.

Several residences near the plant were destroyed. The total is \$400,000, almost covered by insurance.

Scranton, Pa., Dec. 9.—The North-western breaker of the Pennsylvania Company, situated at Vandling, was

Twelve Years of Awful Pile Pain.

A. E. Aurling, Braidwood, Ill., says: "After suffering untold agony for over twelve years from both forms of piles, and trying all sorts of pile remedies, without relief, I am completely cured by Pyramid Pile Cure." Sold by all druggists, 50 cents a bottle. "Piles, Causes and Cure," mailed free. Pyramid Drug Co., Marshall, Mich.

totally destroyed by fire tonight. The loss is \$45,000. Five hundred hands are thrown out of work.

OFFERS \$10,000,000!

Carnegie Willing to Donate This Large Sum of Money for Educational Purposes.

Washington, Dec. 10.—The Post, confirming the reported offer of Mr. Andrew Carnegie to give a large sum of money for education, says: "President Roosevelt has received a letter from Andrew Carnegie, in which the latter offers to make a donation of \$10,000,000 to the United States. The letter will be referred to congress by the president in a special message. Mr. Carnegie's gift is for the purpose of establishing in Washington a university for high education."

Mr. Carnegie proposes that the university, which he is to endow shall be the greatest institution in the world for the development of the higher education. He has consulted President Gilman, of Johns Hopkins University; President Hadley, of Yale; President Eliot, of Harvard; former President White, of Cornell, and all the leading educators of the country.

"They heartily endorse his plans. The proposed university will not enter into the least with the educational institutions already established, but will supplement them, for according to the present plans, its doors will be open to those who desire to take up a post graduate course. Mr. Carnegie also wants the new university to take the lead in original research, and the United States can eventually stand side by side with Germany if not excel that nation in scientific development."

Mr. Carnegie's plan does not propose a national university in the sense that an appropriation will be simply to the trustees of the magnificent endowment. It is possible that a board of regents will be appointed, or it may be that the government will be asked to appoint a board of directors, which, it is contemplated, shall consist of men of national reputation.

"Mr. Carnegie has kept the proposed endowment a secret until he could definitely arrange the plans and scope of the new university. Even yet all these details have not been arranged, but printing from government departments is being sent to Montreal, while work is slack at the printing bureau."

The Scranton mob is getting desperate. Three deputies tried to arrest boys for forcing cars run by non-union men, and the mob gave them a severe drubbing, which landed two in the hospital. Five deputies made arrests later and the prisoners were taken away and the deputies put to flight. They returned with reinforcements, but could not find the mob.

The amount of money to be given by Mr. Carnegie equals the sum of the present endowment fund of Harvard, and is considerably more than the invested fund of Yale. With the Catholic University, the Methodist University and the proposed Carnegie University, Washington will be the educational center of the country."

The petition from Ottawa citizens, asking that two years' disqualification for the mayor's chair incurred by ex-Mayor Morris for buying drinks after hours be removed, has reached the government. It is signed by 2,500 names.

Rev. Arthur Hughes, canon of the Church of England Cathedral in Hamilton, Bermuda, is dead in St. Luke's hospital.

One of the oldest navigators of the great lakes passed away Monday morning, in the person of Capt. Samuel C. Malcolmson, No. 2 Barton street, East Hamilton. For 45 years the deceased had been a sailor.

MISS BLAIR'S FUNERAL.

Ottawa, Dec. 10.—Miss Blair's funeral took place yesterday afternoon at 2:30. After a brief service at the house by Rev. Mr. Herridge, the body was taken to Beechwood. All the cabinet ministers attended, and representatives of the governor-general were also at the funeral. The floral tributes sent by friends were the most magnificent seen at a funeral in Ottawa for many years.

Hon. A. G. Blair and his three sons and son-in-law, Mr. Bebour, of Fredericton, were the chief mourners in the funeral procession, and walked for some distance behind the hearse.

GOT AWAY WITH \$100,000.

San Francisco, Cal., Dec. 10.—Chief of Detectives Seymour is in receipt of a telegram from the chief of police of Los Angeles, saying that Henry J. Fleischman, cashier of the Farmers and Merchants Bank, of that city, absconded on Saturday last with \$100,000 in currency, and no trace of him has been discovered.

NEW CAVE.

Denver, Col., Dec. 10.—A special from Butte, Mont., says a new and wonderful natural cave, believed to be one of the largest known, has been discovered in the canyon of the Jefferson, about 50 miles east of Butte. An exploration party from that city spent several days in the cave, going over an area of 10 miles and to a depth of nearly 1,000 feet.

BUILDING BOOM IN TORONTO.

Toronto, Dec. 10.—The number of houses built in Toronto this year so far is 550, together with a new large apartment house. Their cost, including that of the apartment house, has been nearly \$1,000,000. Last year 397 houses were erected, at a cost of \$722,000. As the increase of population in the past year was nearly 7,000, it is evident the house-building is not keeping pace with the population.

APPLICATION OF THE BOYCOTT.

An Interesting Discussion Regarding Machine-Made Cigars

Indulged In By the Convention of the American Federation of Labor.

Scranton, Pa., Dec. 9.—The convention of the American Federation of Labor was in session only two hours today, adjourning after a discussion of the boycott of machine-made cigars.

There was a lively discussion on the floor of the convention over the question of boycotting machine-made cigars. The matter came up in the form of a resolution, and was referred to the committee on labels. It denounced a certain company for making cigars by child labor and machinery, and called upon the federation to assist in the unionizing of the various plants of the company.

The committee reported the resolution back with the recommendation that the word "machinery" be stricken out, and the word "child" be inserted. The cigar makers opened their fight. The discussion promised to be very lengthy, but the meeting was adjourned after a quickened debate, and the resolution, with the word "machinery" stricken out, was adopted. The committee on resolutions reported a number of resolutions, which were adopted in every instance where the committees brought in a favorable recommendation.

This resolution also was adopted: Petitioning congress to amend the marine laws so that every seaman shall have a right to quit any vessel without them. They are something every family should have. Yours truly, T. A. PETERS.

ONE TO THREE OF RADWAY'S PILLS, once in twenty-four hours, will regulate the bowels, and from the bowels. Persons who for twenty years have not enjoyed a natural stool, and have been cured by a few doses of Radway's Pills.

Persons advanced in life often suffer from indigestion and from paralysis of the bowels. We have the evidence of a large number of aged persons from 70 to 90 years of age who have been compelled to resort to injections, and have been cured by the use of Radway's Pills. Two or three pills every night in all cases insure the regular flow of urine.

In cases where there is irritation of the bladder, Radway's Pills should be used with the Pills. If these organs are kept regular, life may be extended to a much longer period. By keeping the Liver, Stomach, Bowels and Kidneys in a healthy condition the blood will continue pure and the system will be kept in good health. Radway's Pills and Resolvent are used by the aged, life will be prolonged to the full measure of time. Another great end is secured by nourishing the body with these remedies—the faculties will remain in a healthy condition. A weak and enervated body enfeeblies the intellect and clouds the brain.

Price 25c Per Box. Sold By Druggists or Sent By Mail.

Radway & Co., 7 St. Helen Street, Montreal.

Be sure you get "Radway's" and see that the name is on what you buy.

NOTES.

The United States trades unions propose to erect a monument to the late President McKinley, and started off in Chicago with \$200, contributed by the letter writers.

The Ottawa Typographical Union has appointed a committee to investigate a charge of printing from government departments is being sent to Montreal, while work is slack at the printing bureau.

RADWAY'S PILLS

Always Reliable. Purely Vegetable.

Perfectly tasteless, elegantly coated, purge, regulate, purify, cleanse and strengthen. RADWAY'S PILLS for the cure of the disorders of the Stomach, Bowels, Kidneys, Bladder, Nervous Diseases, Dizziness, Vertigo, Costiveness, Piles.

Sick Headache, Female Complaints, Biliouness, Indigestion, Dyspepsia, Constipation and All Disorders of the Liver.

Dr. Radway & Co.—As an introduction I must make the following remarks: Had each one of the lawbreakers of our country the virtues and powers of your pills, America would soon become a paradise. That your pills would conquer the obstinacy of my complaint is more than wonderful. The movement of my bowels is as regular as the works of a good watch. I began with four pills and decreased to two, and for a time took one or two before dinner, and have a free movement of the bowels every morning. It is seven weeks since I have not taken any of your pills, but still have regular movement every morning.

Kind gentlemen, I wish further to tell you: A poor washerwoman that suffered from a tumor and would have paid \$50 for an operation, I dissuaded her from doing so. Owing to her tumor she was obliged to stay in bed, but now she has been cured by Radway's Pills and Resolvent, taking your Pills and Resolvent, as you direct in your treatise on tumors. Respectfully, T. A. PETERS.

Messrs. Dr. Radway & Co., New York: Please send me by return mail one box of your pills, for which you will find 25 cents enclosed. Having had a box before, I can not without them. They are something every family should have. Yours truly, T. A. PETERS.
