FINANCIAL AND COMMERCIAL

STRICTLY FRESH EGGS

Basket Lots Secured at a Lower Figure-Price of Hogs Is Easier.

The attendance, both of buyers and sellers, was small on the market today, and as a result there were not many changes in the prices. The largest offerings in the vege-table section were cabbages, celery and cauliflowers, but no changes were

announced. The fruit market consisted mainly of grapes and apples, and the prices were the same as on Saturday.

The butter prices were the same as on Saturday, but the prices of eggs were somewhat easier. In the dairy hall today the prices moted for strict. ly fresh eggs were from 32 to 34 cent per dozen. When sold by the basket on the market the price was 30 cents per dozen. The wholesale prices were also lower, as the dealers would not guarantee their offerings to be strictly fresh. The prices were 27 and 28

cents per dozen. Dressed hogs were also easier today than for some time past, the quotation being \$11.50 per cwt. Live hogs were sold for \$7.90 and \$8.00 per cwt. at the shipment yesterday.

LONDON, Oct. 15.—Beaver, 40 to 41;

Thursday.

The stock market opened easy and irregular, but quickly rallied. Paris and Berlin buying helped a recovery in their favorites. Local traders covered in speculative issues, and investors picked up cheap investment stocks. The strength held during the day, and the market closed generally up. Consols advanced an eighth but lost the gain. Foreign bonds were inclined to irregularity.

American securities opened easy, and from 1/8 to 1/8 below parity. Continental and local buying followed and prices advanced under the lead of Canadian and local buying followed and advanced under the lead of Canadian Pacific. Later Wall street support and renewed Berlin buying scent prices higher and paused a firm closing.

BARRED AT BORDER, RETURNS TO LONDON

Angus McEachen Had the Reiection Papers on Person When Arrested.

Angus McEachen, late of Centralia, and now perforce a resident of London, came before Police Magistrate J C. Judd this morning to tell why he appeared on the streets of this fair his story, but did not relate the full de-Hanlon, when the famous oarsman was tails of his experiences of the past few days. He stated that he came down from Centralia a few days ago, ly stated this morning that he came back again. He did. At the some time Angus carried a check showing that the United States immigration officials at Port Huron did not look upon him as a desirable, in the condition in which he presented himself, and his baggage was accordingly stamped "Rejected." He was allowed to go this morning as a first-time drunk, but was ordered to behave better while a resident of the Forest City.

MR. LAWRASON'S PUPIL WITH "THE PINK LADY"

Miss Alice Doney Makes a Charming Impression at rand. G

Miss Alice Dovey, who plays the role of Angele in "The Pink Lady," is a oupil of Mr. Arthur Lawrason, of New achieving fame for himself in the development of theatrical stars. In Miss Dovey he has one of brightest pupils, a young lady destined to make a brilliant success in her profession. Possessing a voice exquisite tone, she has in addition ity of a very high order. Mr. Lawrason

DIES IN VANCOUVER

W. B. Walker Formerly Connected With Brick Busines in London.

Word was received this morning by Mr. F. B. Gidley, worshipful master of St. John's Lodge, No. 20, A., F. and A M. announcing the death in Vancouver of Mr. W. B. Walker, formerof this city. He was for years con ected with the brick vards on Adeside street, later going west. The body will be brought to London er interment, and will arrive here probably on Saturday. Mr. Gidley is at present making arrangements for the funeral.

DENFIELD.

Denfield, Oct. 15, - Mr. Hugh Bowman, of the Denfield Hotel, purchased a valuable driver from R. H. Siddoll and sold the same to Mr. Wallace, of London, at a high price. Sunday with the latter's parents,

Mr. Lumbey's assistant, Mr. Richard Simpson, has resigned his position. and returned to his home in Clande-

of valuable horses to Mr. Wallace, of Master Austin Matthews, of Ailsa

Craig, spent Sunday visiting friends and relatives in this vicinity. Mr. Charles Bogg and son, of Lon-

BOARD OF CONTROL AND HYDRO WORK

Opposition Likely to Arise Against Water Commission Being Under Board.

SEPARATE COMMISSION

Legislature May Take Up Matter of Control at the Next Session.

Objections may arise in the Legislature to Ald. Richter's scheme to place the water commission under the direction of the board of control, provided, of course, the ratepayers in January decide to adopt that form of government.

It is the intention of the hydro-electric commission to keep the eelctrical department free from aldermanic influence, leaving it, where possible, an independent commission.

That is the idea being worked out in London at the present time, and the fair water commissioners have kept aloof from the council as much as possible. City Solicitor Meredith, at the meeting on Monday night, made it clear that the city council had a perfect right to go through the books of the water commission, nevertheless little facility has been shown the aldermen in obtaining access to them. At the present time the aldermen have little knowledge of the inner workings of the de partment.

Following London's lead, Toronto has taken the electrical department out of the control of the council and board of control, and has selected an independent commission to handle the affairs of the department. Hamilton is following this lead, and it is expected that at the next election a separate body of men will look after the business. Some of the smaller cities in the power zone are doing the same thing, and where practicable the idea will be followed.

Separate Commissions. It is announced semi-officially that the Legislature at the next sesison will introduce legislation making it imperative that a separate commission han dle the hydro-electric affairs. This will preclude the possibility of the board crk, the former Londonre who is of control here obtaining power over

the water commission. "I would not be at ol surpised that such a course of action be followed," said a citizen closely connected with the hydro scheme. "In any event, the Legislature will have to give its con- by representatives of churches. sent to the council establishing a charm of manner and dramatic abil- board of control. If they object to the council and board handling the hydro affairs, they can do so. My own idea is one of the younger school of teachis that the Legislature will make the ers in New York, and today holds a fluence of the council and suggest the appointment of an independent commission such as we have here, and as they have in Toronto. The hydro has been a success under independent control, I claim, and it would be a mis-

take to spoil it. thinks that all spending bodies should ing of some of these European foreignbe under one control. Efficiency of management could be obtained. the cost of operating the municipal street, is very seriously ill with machinery could be reduced a great

KIND WORDS

(Continued From Page One.)

Ald. Wright moved that the engineer's resignation be not accepted, and Servis, of 43 Wilson avenue, London the motion was seconded by Ald. John-

Favors an Acceptance.

Ald. Ashplant favored the acceptance of the resignation. Mr. Wright to be undertaken by this new organhad worked honestly and hard, and had done the best he could for the interests of the city. However, under the circumstances he could not conscientiously vote to have Mr. Wright as much good will result from such retained as city engineer. He was a clever young man, and would undoubtedly make his mark, but under the circumstances it would be better Mrs. Hannah Margaret Kelly, widow for all concerned is a change were

"If Mr. Wright's department has fallen down, it has fallen down through his illness." explained his worship. "He has Illness." been ill all summer, and that has seriously interfered with his work. However, we will be swallowing a portion of the report on the sidewalks investigation if we do not accept his resignation

Ald. Richter felt that it was due moved from that place to London council to have some explanation from Mr. Wright, but as he did not request it. he did not consider the council had her home in this city. Mrs. Kelly is any right to grant it. He pointed out that the report of the special committee. survived by four daughters and six sons. They are: Mrs. Gordon Mallott, of Quinn, Ont.; Mrs. Verne Mifflin of Rumill was ill-advised. This was an error in judgment. The other stated that there was laxity in the supervision of the sidewalks. This might be due either to overwork or illness, and might easily be avalained. Rymill was ill-advised.

Ald. Coles and Ald. Spittal paid com pliments to Mr. Wright's ability, and stated that he was a good man, hardworking, honest and competent.

Ald, Wright then withdrew his former motion not to accept the engineer's resignation, and moved that the matter be

be accepted. The latter motion carried, the division being: Yeas—Alds. Spittal. Rose, Blandford, Richter, Ashplant and Coles; nays—Alds. Wright and Johnston.

Mr. Brazier Appointed.

The bylaw appointing Mr. Brazier en ineer for the time being was read three imes and finally passed. Ald. Moore called attention to the facthat Mr. Brazier was to be engaged at his present salary of \$1,300, when the minimum fixed by bylaw for the city engineer was \$1,800. However, the aldermen thought this would not matter much in that Mr. Brazier was only to act for a short time. Wright introduced a notice of

motion to make the salary of the city engineer \$5,000, but his worship ruled it
