Walkerton Citizen Abroad With Gun

[Special to The Advertiser.]
Walkerton, Sept. 1.—Last night Herb Smith went home intoxicated, and then proceeded to make things interesting at home. Last week his wife had him convicted for driving an auto while drunk and he was fined \$5 and costs. Ever since he has been looking for trouble. He is Mrs. Smith's second husband, and domestic life has been considerably marred by Smith's habits. Yesterday he got a revolver and started to end the whole trouble by threatening to shoot his wife, but help arrived with Chief Ferguson, and he was arrested and taken to jail. He was remanded until Tuesday.

VETS IN SESSION

Two Thousand From All Over America in New York.

New York, Sept. 1.—Veterinary surgeons to the number of 2,000, from all parts of the country, assembled today for the 50th annual convention of the American Veterinary Medical Association, which will continue four days. The honorary president, Dr. Alexander Lianard, of Paris, has sent an address to be read, and others will be delivered by the president of the association, Dr. John R. Mohler, of Washington, and W. C. Edwards, of Ottawa.

Dr. Fowler's EXTRACT OF Wild Strawberry Soon Relieved Their Sufferings. THEIR TROUBLE WAS DIARRHOEA.

Mrs. EDWARD KINGSTON, Mirror, Alta., writes: "Coming to the North West from B.C. in the summer of 1910, we were face to face with the serious problem of being able to secure good drinking water; this we could not get, so were obliged to drink water containing a great deal of alkali, with the result that we were all troubled with Diarrhoea. Fortunately we had a bottle of Dr. Fowler's Extract of Wild Strawberry in the house, which soon relieved our sufferings. I have always kept a bottle in the house since obtaining such beneficial result from its use when my boy, as a baby, was similarly troubled. "It has always proved a friend in need."

Make up your mind to insist on getting "Dr. Fowler's," when you go to your local dealer. Don't accept some of the "phony" preparations that some of the unscrupulous dealers try to pass off as "Dr. Fowler's."

See that the name T. Milburn Co., Limited, Toronto, Ont., appears on the yellow wrapper. Price 35c.

Bryan Is Waiting For News From Lind

Nothing New Has Developed in the Mexican Situation.

Washington, Sept. 1.—Secretary of State Bryan this afternoon said that nothing of importance had developed in the Mexican situation. It was admitted generally in official circles that things are at an absolute standstill so far as President Wilson's program is concerned.

Nothing was heard today from John Lind, the president's special envoy. It is not even known at the State Department whether, as was reported from Vera Cruz, he has gone into the country for a few days' rest. Not only has there been for the last three days a total absence of developments in the Mexican situation, but it was clearly indicated today that not even administration officials expect anything of importance for some days. One of the President's advisers today said that the administration has not the slightest idea what the next turn of the situation will be, and much less has it any definite expectation as to when events will take another turn.

The senator also said that Lind's offer of the assistance of the United States with regard to a loan for the Mexican Government in return for acceptance of President Wilson's proposals was merely a promise of good offices and nothing more.

John D. Does Not Observe Labor Day

Cleveland, Sept. 1.—Every day is Labor Day with John D. Rockefeller. Employees of the richest man in the world learned this today, when they were ordered to go about their usual tasks, while other employees in the city were enjoying a day of rest and recreation.

"Instead of spending money on amusements, my employees will have an opportunity to add to their savings," said Rockefeller, in commenting upon the holiday. "Had they been given a holiday money would have been spent foolishly."

Although street cars jammed to the guards with workers enjoying the holiday passed the Oil King's estate, the Forest Hill groundskeepers, gardeners and grocers were kept busy at work with their usual daily tasks, and had no opportunity to "knock off" until quitting time in the evening. The employees in the Rockefeller mansion also were kept employed. The richest man in the world did not change even his own routine for the day. He was up early in the morning, took a long automobile ride in the country, and after a short luncheon at noon went to the golf links.

George A. Kelly, of Palmerston, Had Foot Caught in Frog.

Palmerston, Sept. 1.—George A. Kelly, brakeman of Palmerston, while crossing in front of an engine in the Galt yards, is supposed to have had his foot caught in a frog. He was run over and horribly mangled, resulting in instant death. He was a strong, well-built young man, a picture of health and strength. He leaves to mourn his loss and earning power his wife and two baby boys, aged 1 and 3 years. The widow was formerly Miss
