### BYRON RESIDENT IS RUN OVER BY CUTTER, **BUT ESCAPES INJURY**

Joseph Young Receives Severe Shaking As Result of Accident.

Byron, Jan. 20.—Joseph Young of Byron had a miraculous escape from severe injury tonight when a cutter driven by George Wickerson passed completely over his body.

Mr. Young had just stepped from the 6 o'clock Springbank car, and was proceeding up the road to his home, when he passed some children making a snowhouse. Mr. Young passed over to the opposite side of the road, just before Mr. Wickerson came along, driving a spirited horse, which, on seeing the snow-house bolted across the road. The shaft knocked Mr. Young down, and the cutter passed over his body. Fortunately no bones were broken, as Mr. Young was wearing a heavy coat, and was also crushed down in the soft snow. Young was wearing a heavy coat, and was also crushed down in the soft snow. Eyewitnesses of the whole affair declare that Mr. Young was lucky to get pected that Mr. Young will be around

### LEVEL CROSSINGS PLAY BIG PART IN **CROWDING SCHOOLS**

Parents Won't Let Children Cross Them Alone.

Level crossings are playing their part in adding to the trouble caused by London's overcrowded schools. In more than one district it is impossible to use the schools to the best advantage because there is a level crossing somewhere in the district and the parents do not like to let their children cross it by themselves by themselves.

Accordingly the younger children arc kept home and the older ones are sent to a school in another district, helping to create crowded conditions there.

School Inspector C. B. Edwards told No. 2 committee of the board of education Tuesday that if the level crossing on Colborne street south were elimi-

are the lives of the children endangered, ton and her staff. The following are but also that they are often made late for school by the delays at the crossings. Small children have to stand suivering on the streets while the cars are being shunted.

Needless Hold-Ups.

Other aspects of the level crossing problem are also occupying the attention of the council. Ald, John Ashton, a street railway conductor, claims there are many needless delays at the crossings, particularly at Rectory street, He shinks this might be rectified by publishing daily the delays in car service caused by hold-ups at the level crossings.

Combing Won't Rid Hair of Dandruff

The only sure way to get rid of dan druff is to dissolve it, then you destroy entirely. To do thus, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scal, and rub it in gently with the finger tips. Do this tonight, and by morning, moe if not all, of your gandruff will be gone, and three or four more applic tions will

completely dissolve and entirely destroy every single sign and trace of it, no natter how much dandruff you may nave. You will find, too, that all ftching and digging of the scalp will stop at once, and your hair will be firfy, lustrous,

glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never falls to do the work .-- Advt.
