DECEIVING THE PUBLIC
(Quebec Telegraph)

We repeat once more that the new
taxes imposed by the Ottawa Govern-
ment are not to pay this country's war
expenses and that the printing of the
words "War Tax" upon the stamps to
be issued by the Inland Revenue, the
Post Office or any other department is
a deliberate falsehood and public de-
ception, to which the people, who have
to bear these burdens, should be the
last to lend themselves by imagining
them to be or calling them "war
taxes."

Let there be no mistake on the sub-
ject. Canadians are now called upon
to pay not for their cooperation with
the mother country in the war, but
for the reckless extravagance of their
Government during the past three to
four years. Mr. Borden's Finance
Minister was perfectly clear on this
point. He admitted that to make good
the shortage in the ordinary revenue
he would have to raise \$150,000,000
before the end of the next fiscal year.
In other words, the ordinary expendi-
ture would exceed the ordinary revenue
to that extent. That would be the
amount of the deficit in the regular
budget. But, taking into account our
war expenses, the real deficit would be
\$150,000,000 more or \$300,000,000 in
all. However, this last was not press-
ing, as the Imperial Government had
undertaken to facilitate the necessary
loans to cover it, that is, we are go-
ing to borrow the money, add it to our
public debt, and let the future take
care of itself.

Consequently, as will be seen, not
one cent of the money raised by the
new taxes is needed or will be used to
pay our war expenses and therefore
people are only deceiving themselves
or letting the Government deceive
them in calling them "war taxes."
The money is simply needed and will
be used to make good the shortage
occasioned by the reckless extrava-
gance of the new regime, which, besides
squandering the large surplus left in
the treasury by the ex-Laurier Gov-
ernment, has carried on at such a pace
that it has landed the Dominion al-
ready in the financial mire, brought
back the era of Tory deficits, aggrava-
ted the hard times and destroyed the
country's prosperity.

Let there be no mistake then. The
new taxes are in no sense war taxes.
Not one cent of the moneys collected
under the new tariff will go to pay off
the interest—to say anything of the
principal of the war expenditure. The
Government proposes to leave this to
posterity; presumably because poster-
ity has no vote. The new taxes impos-
ed will not bring in enough to make up
the deficit in ordinary expenditure
some, consequently we will continue to
borrow and load the country with debt.
How different is the conduct of the
British Government, who have impos-
ed taxes enough (and these chiefly on
the rich) to pay not only their ordi-
nary expenses, but to pay \$40,000,000
a year off their war borrowings, so that
the total debt incurred by the war will
probably be paid off in the lifetime of
people now living.

The headlines in the Government or-
gans, entitling the new tariff as "war
taxes", are all wrong and delusive.
People ought to understand that they
are not paying one copper toward the
expenditure entailed by the war.

IMPORTANT MEETINGS
(From Montreal Pharmaceutical Jour-
nal—February Number)

Two very important meetings have
just taken place in Montreal. The
Wholesale Drug Association of Cana-
da and the Proprietary Trade Associa-
tion of Canada. These meetings
were both held for the purpose of con-
sidering the War Taxes proposed, and

TAKES OFF DANDEUR,
HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle
of Danderine right now—Also
stops itching scalp.

Thin, brittle, colorless and scraggy
hair is mute evidence of a neglected
scalp. It is not only unsightly, but
destructive to the hair as it grows.
It is brittle, so destructive to the
hair as it grows. It robs the hair
of its life, its strength and its very
life, eventually producing a feverish-
ness and itching of the scalp, which
if not remedied causes the hair roots
to shrink, loosen and die—then the
hair falls out fast. A little Danderine
tonic—now—any time—will surely
save your hair.

Get a 25 cent bottle of Knowlton's
Danderine from any drug store. You
surely can have beautiful hair and lots
of it if you will just try a little Dan-
derine. Save your hair! Try it!

which very seriously affect both the
Manufacturers of Medicine and Per-
fumes and the trade of the distribu-
tors, the Wholesale Druggists. A gen-
eral meeting of the retail druggists
has been called and will take place
this week. A reconsideration has been
asked of the Government and a de-
putation will present the views of the
trades interested at an early date.

The objections to the new measure
of taxation as voiced in these meet-
ings with unanimity are several in
number. The tax proposed, it was
shown, amounted to from 15% to 40%
on the usual trade selling prices. The
tax being imposed on the price of sale
at retail to the public represented on
that basis of calculation from 10% to
20%. No other business or industry
was taxed to any such extent, and
many important lines would actually
face ruin if the measure was persisted
in by the Government.

Instead of yielding for the war a
large amount, the prohibitory nature
of the Tax would defeat the object
sought, and ruin prosperous and legiti-
mate business enterprise in manufac-
turing.

The Minister of Finance will be ap-
proached on the basis of asking in-
vestigation in detail, it being claimed
that the treatment of the manufactur-
ers and dealers as well in the branch
affected, is unfair and unjust. The
goods involved it can be shown cannot
stand any such charge, and also have
already been taxed for the same pur-
pose in respect to all the crude mate-
rial employed in manufacturing same.

The general tariff advance of 7 1/2%
applies to the ingredients used and as
well also certain advances enacted
last year at the "War Session" of
Parliament. Alcohol is one important
item with many manufacturers who
have to bear the Inland Revenue Tax
of 3.96 per gallon on spirits. In
principle it cannot be held as just to
tax one and the same article under
several headings. It is a tax on the
poor and sick. The Manufacturers
cannot bear it on goods that can con-
tinue in sale. Medicines are the poor
man's doctor. This attribute of Pro-
prietary Medicine was recognized by
the Government of the United States
only recently. Perfumes were taxed by
stamp but Medicines were struck from
the proposed tax list in recent Re-
venue measure brought about through
the present war affecting the income
of that Government. It is hoped the
Government will reconsider, and it is
confidently expected this will be the
case if the Minister will look into de-
tails available which demonstrate that
an injustice is being done by the ac-
tion proposed and which cannot have
had mature or careful consideration
by the Officers of Department recom-
mending.

THE SEED LAW

With the opening of the 1915 seed
trade, seedsmen, farmers and garden-
ers may wish to review the conditions
under which sales may be made. The
Seed Control Act provides that timo-
thy, alsike, red clover and alfalfa seed
must not be put on sale for the pur-
pose of seeding without being plainly
marked with the grade, namely: Ex-
tra No. 1, No. 1, No. 2, No. 3. Farmers
may sell below No. 3 in quality only
brought up to grade. All other grass,
clover and forage plant seeds and
those of cereals and flax must be
marked in a plain and indelible man-
ner with the common name or names
of any noxious weed seeds present.

Seed of cereals, flax, grasses, clover,
forage plants, field roots and gar-
den vegetables must have a germina-
tion of two-thirds of the percentage
standard of vitality for good seed of
the kind or be marked with the per-
centage that are capable of germinat-
ing. "Papered seeds" must be mark-
ed with the year in which the packet
was filled.

Representative samples of seeds
for purity and germination tests may
be sent to the Seed Branch, Ottawa.
Two ounces of grass seed, white or
alsike clover; four ounces of red clover,
alfalfa or seed of like size and one
pound of cereals are desired. Sam-
ples under 8 ozs. may be sent without
postage and are tested free of charge
up to 25 in number for each person or
firm.

FREIGHT CARS GO

Bad Spill at Routherville Last
Week When Eighteen Cars
Leave Rails

A bad spill, in fact one of the worst
this year, occurred last Thursday
afternoon about 4.30 o'clock at a flag sta-
tion, known as Routherville, Que.,
about thirty-five miles north of Camp-
bellton. In all, some eighteen freight
cars left the rails, ten of these going
over the embankment, some of these
being literally smashed to kindling
wood. The other eight cars left the
rails, but did not go over the embank-
ment. Fortunately, no persons were
injured. The loss to rolling stock and
merchandise will be considerable,
while the road-bed was also torn up
badly. The cause is not known. This
is the same place where a military
horse special was wrecked some time
ago.

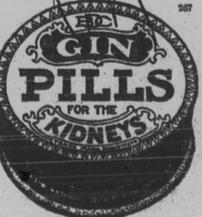

The wrecker which was established
at Campbellton recently was ordered
out from that place, and cleared the
line. The Maritime expresses were de-
layed some hours.

The steel mills at Sault Ste. Marie
will soon be rilling rails on a South
African contract. The shutting of
Germany out of the world's markets
begins to tell.

PROVINCIAL CON-
FERENCE AT MONCTON

Older Boys' Conference Will be
Held This Year From March
12th to 14th

The second annual New Brunswick
Older Boys' conference will be held
this year in Moncton, March 12-14.
The conference is being promoted un-
der the direction of a provincial advis-
ory board representing the Sunday
school boards of the several denomina-
tions, the New Brunswick and P. E.
Island Sunday School Association, and
the Maritime Territorial committee of
the Y. M. C. A. Arrangements are
being made for the attendance of 150
delegates from among the boys of the
province sixteen years of age and
over.

The committee in charge of the pro-
gramme have been particularly fore-
sighted in the personnel of the speak-
ers secured. The several denomina-
tions will be represented by their re-
spective Sunday school secretaries, as
also the Y. M. C. A. and the Sunday
school association. These will include
Revs. J. C. Robertson, J. K. Curtis, I.
S. Nowlan and W. A. Ross, and A. S.
McAllister.

The special leaders at the confer-
ence, however, will be John L. Alex-
ander, of Chicago, superintendent of the
secondary division of the Internation-
al Sunday School Association, and
Taylor Statten, of Toronto, national Y.
M. C. A. boys' work secretary. Mr.
Alexander is probably the greatest
authority of the day on Sunday school
work among boys of the 'teen age di-
vision. He has had a wide and fruit-
ful experience in this special field, and
is the author of several books along
these lines. He was the special speak-
er at the Provincial Sunday school
convention held in Sussex in Novem-
ber last, where he won golden opin-
ions from all who attended. Arrange-
ments are being made whereby the
people of St. John and Fredericton
may have the privilege of hearing him
while he is in the province.

Taylor Statten is well known as the
Canadian national Y. M. C. A. boys'
work secretary. He has had long ex-
perience with boys of all classes, and
will be remembered from his visit to
St. John a year ago in connection with
conference will be held in the First
United Baptist church, and is part of
a series being conducted in the mari-
time provinces at which Messrs. Alex-
ander and Statten will be present.

KAISER IS NOW NO
LONGER POPULAR

Writer Travelling Through Ger-
many Says People are Losing
Faith in Wilhelm

London, Feb. 18.—A neutral obser-
ver, who has just completed a journey
through Germany and Austria, writing
in the Times his impressions of a visit
to Berlin, says:

"The open criticism of German dip-
lomacy by all classes seemed to be ex-
traordinary. That the haute finance
was not advised of the war in due
time in order to call in loans rankles
in their minds. That the country was
not informed of the English point of
view, or was falsely advised, is felt
bitterly, in fact, German diplomats are
in such disrepute at the present
moment that I heard more than one
person declare: 'We will have no dip-
lomatic peace,' and I know that the
great industrial banking and commer-
cial men in Germany expect to be con-
sulted should the occasion arise.

"For not a man of Germany but be-
lieves that the end will be favorable;
but strangely enough one hears little
talk of victory, little boasting over the
prowess of the German arms, and,
stranger still to a foreigner, the Em-
peror's name rarely, if ever, figures in
conversation. In point of popularity
with the people he ranks about fifth.

"Hindenberg is, of course, the nation-
al hero, though among the well in-
formed his chief of staff, Ludendorff,
is given credit for these victories.
Next comes the Crown Prince and
nothing could attest to his rising fame
more strikingly than the fact that
bristling moustaches a la Kaiser have
practically disappeared, all officers
having cut theirs to the toothbrush
style worn by the heir apparent to the
Imperial throne. After him, and run-
ning a close third, comes Zeppelin, the
man who has made 'England shiver,
and shake with fear and mope about
the dark,' to the delight of all Berlin-
ers; then Crown Prince Rupprecht of
Bavaria, and the Crown Prince of
Wurttemberg, both having proved
themselves great military leaders;
then the Kaiser."

Russia's ability to successfully hold
her frontier against Germany, and to
maintain control in Galicia, is being
more clearly established with each
day's reports. German and Austrian
losses in recent engagements in that
region must have been as heavy as
those sustained by Russia.

MRS. ABRAHAM H. GRANT

alike were ever sure of a kind word
and a warm welcome.

The funeral was held from her late
residence on Friday afternoon and
was very largely attended. Rev. W.
McN. Matthews conducted the religio-
us exercises and interment was

of Vancouver, B. C. and Miss Nellie
at home, and two sons, A. Mitchell and
G. Winfred, residing at home.
