What aboutFall Wheats ?

Every Farmer who is "up to date" will invest in anything that will help him increase the yield per acre, and thereby increase his profit and put money in his pocket—money is what we are all after.

We are Leaders in Fall Wheats

And have a number of new and choice varieties that will be **leaders** for the next two or three years. You will consult your own interest and buy a few bushels of one or more of these varieties of Wheats. Send for Catalogue, now ready.
