

THE JOSEPH HALL MACHINE WORKS,

(ESTABLISHED 1851.)

OSHAWA, ONTARIO.

THE JOSEPH HALL MANUFACTURING COMPANY

PROPRIETORS,

MANUFACTURE THE CELEBRATED

LEFFEL

PATENT

DOUBLE TURBINE

WATER WHEEL.

Our New Patent Iron Case or Flume.

We are the only manufacturers who can furnish the genuine LEFFEL WHEEL in Canada, as will be seen by the following certificate:—

SPRINGFIELD, Ohio, Dec. 25, 1868.

We take pleasure in informing the public of Canada, that we have sold and furnished Mr. F. W. Glen, of Oshawa, Ontario. Patterns, Forms, Drawings, Gauges, and all other necessary information to build our celebrated Double Turbine Water Wheel, invented by James Leffel, and known as the "Leffel Wheel." We have also obligated ourselves to furnish the same facilities for manufacturing to no other parties in Canada. Without the information we have given to Mr. GLEN, no one can successfully build our Wheels, and we advise parties in Canada to purchase our Wheels of no other manufacturer. Mr. GLEN's facilities are unsurpassed, and we feel sure that he will build a Wheel that will give perfect satisfaction. We therefore commend him to the public of Canada with entire confidence, feeling sure he will manufacture a Wheel in all respects equal to our own.

(Signed.)

JAMES LEFFEL & CO.

WARRANTY.

We are prepared to furnish Water Wheels, Gears, Shafts, Pulleys, and all Machinery necessary to attach the Wheels to the Machinery they are intended to drive; and if, after two months' trial, they are not satisfactory, we will take all back, pay freight both ways, and refund any payments made to us thereon. Where parties are not satisfied with the Wheel, and cannot make a change at the time without loss to business, they may run the Wheel and Machinery a reasonable time without charge, not exceeding one year, in order that they may make a change without injury to their business.

Below are given the names of parties who are now using from ONE TO TEN each of our wheels; and we invite parties who wish to purchase to correspond with them.
