**HENRY TOMLINSON'S BUFF**

Cochins, winner of the silver cup at the great Birmingham (England) show, in December last, making the seventh silver cup he has taken at this great show. Also winner of the silver cup at Northampton (England), in March last. This celebrated strain of birds have been awarded prizes amounting to over £300, and numerous valuable silver cups at most of the great shows in England.

Partridge Cochins of the highest quality—cocks very large and perfectly black breasted; hens superbly marked, and of unusual quality.

White Cochins pure delicate white, large and perfect specimens, and free from the objectional straw-coloured tinge.

Dark Brahmans, very perfect specimens of large size, and very high class quality.

B T. is prepared to ex-ort a few trios of each of the above varieties, and undertakes to send out very high class birds, ONLY in well matched trios, in at our principal English shows.

Eggs from the finest specimens that can be put together, from the strains he has been so successful with, as per illustration in Wright's new Poultry book. 21 Shillings per setting, including box and carriage paid to Liverpool.
