

am come to tell you how you may secure me always, if you will, "I and my brilliant sisters are many in number, and a bright and joyous life we lead, for there is nothing on this large Earth that does not love us, and welcome our approach,—the little insects flutter lovingly about us, the flowers look brighter and more glad when we rest upon them; the water dances and sparkles with glee in the light of our smile; the animals love us, and sleep the sounder when we watch over them;—everywhere we are welcome, we make ourselves bright pathways through the foliage of the trees, and in the silent woods lie and sleep upon the fragrant violets: and here in the busy streets we are welcome too, and though we love the flowers and the open fields the best, still we come to the dark, close streets and gladden them.

"In the gloomy prison we can enter, no heavy bolts can keep us out, and do we but know some poor being is there immured, who repents him of his crime, we enter there, to cheer and comfort him. The dark hold of the mighty ship tossed on the cold waters, we visit too, bringing back sweet thoughts of their own land, to the exiles from their home.—By the sick and the sorrowing we take our place, we are with all who seek us, who try to find us;—with all who will lift up their eyes from the earth, from the world and its grovelling cares, and seek us where alone we are to be found, in our own bright sky.—Though clouds may obscure us for a while, we are still there and shine the brighter for the passing gloom.

"But 'tis true in this world we are hard to catch, David Coombe, harder to some than others, you are one who find it hard, you say neither Winter or Summer is your dwelling gladdened by our light; do you invite us, David Coombe? we love bright places and clean, and brave hearts, David, and above all, true and grateful hearts, who love, and worship, the Being who made us, and them. In these hearts, David, there is always a Sunbeam; no place is dark and joyless, however poor and wretched, to such hearts as these.

"Do you, then, endeavour to catch one of us, to gladden your heart and your dwelling,—I will tell you how to set the Trap. "It must be bright and pure, and baited with Energy, Perseverance, Industry, Charity, Faith, Hope and Content. Do thus, David Coombe, and you will never say again, no Sunbeam gilds your dwelling, nor gladdens your declining days;—till then, Farewell."

The voice ceased,—David uncovered his eyes,—nothing was to be seen but a small streak of light, which gradually faded quite away,—and David was alone in the darkness.

"Why I've been dreaming surely, and that 'ere grinding organ is the musical voice as I thought I heard, querish dream too,—lay a trap for the Sun, eh? Querish, why, who can have energy in this world, when everything's done by steam, it's gone out,—it ain't no use.—Perseverance, well don't I persevere; mending boots and shoes for twenty years is Perseverance I should think and Industry too. Charity, well, I don't exactly know what that is, giving of money I s'pose,—well, I never had any to give, never. Faith, ah! I used to know what that meant once, my mother used to tell me something about that, in a big Bible with pictures, but it's long, long ago: Mother, poor mother, I've forgot all you taught me.

"I had a Bible though,—now I wonder what's gone with it, that would tell me about faith, I'll have a look to-morrow. Hope,—I always have hoped, but it's never been no use, as I could see; and Content, content with what? this old dark place,—oh lor!" and poor David more puzzled and bewildered than he had ever been before, lay down on his straw mattress and tried to sleep, but his thoughts were full of his strange vision, and he could not sleep, the musical voice still rung in his ears, the bright being still glittered in his eyes.

THE COLONIAL LIFE ASSURANCE COMPANY, Registered and Empowered under Act of Parliament, 7 and 8 Victoria, Cap. 110. CAPITAL £500,000 STERLING.

GOVERNOR: The Right Honourable the Earl of Elgin and Kincardine, Governor General of Canada, &c., &c., &c. HEAD OFFICES: EDINBURGH, 1, George Street. LONDON, 4, A. Lothbury. GLASGOW, 35, St. Vincent Place. MONTREAL, 49, Great St. James Street.

THE Directors of the Colonial Life Assurance Company being desirous to afford all those advantages to their Policy-holders in this country, which are commanded by Assurers in Great Britain, have invested the Board in Montreal with full powers to examine into and accept proposals, putting the Company on the risk, at once, without communicating with the Parent Board. A party has it thus in his power to effect an Assurance on his Life immediately, without incurring the delay to which Life Assurers in this country have hitherto been subjected. The sanction of the Head Board being required to complete the transaction; the deliberance of the Board at Montreal being final and irrevocable. This arrangement gives to the COLONIAL all the facilities of a Company essentially local; and, combined with the additional advantage of a large Guaranteed Capital, affords the most perfect security in all Assurance transactions.

The Colonial Life Assurance Company Has been established for the purpose of extending the benefits of Life Assurance in the Colonies of Great Britain, and affording increased facilities to persons assured in passing from one country to another. The success which has attended its operation testifies how greatly such an Institution was required, and how much it has been appreciated.

IN BRITISH NORTH AMERICA The Company has been received by all classes in the most satisfactory and welcome manner, and the number who have connected themselves with it by Assurance, show how very much such an Institution on a broad and liberal basis was required.

THE CAPITAL OF THE COMPANY Gives complete security for all its transactions; and parties dealing with the Office incur none of the risks of Mutual Assurance.

THE RATES Adopted have been framed after a most careful and searching inquiry as to the value of life in different countries, and the Directors are confident that they have adopted a moderate a scale as can be held, compatible with safety.

PROGRESS OF THE COMPANY. The Colonial commenced business in 1846, and the result which has attended its operations fully bears out the anticipations of success which its founders entertained. The Company have granted Assurance, during the last two years alone, to the extent of £300,000 sterling.

DIVISION OF PROFITS. The Directors look forward with confidence to a very favorable result at the first Division of Profits in 1854, and persons assuring before 25th of May, 1850, will participate in that Division to the extent of five years' claim for bonus. Every information can be obtained by application at the Company's Offices, KING-STREET, TORONTO.

BRITANNIA LIFE ASSURANCE COMPANY. No. 1, Princess Street, Bank, London. CAPITAL—ONE MILLION STERLING. Reduced Rates of Premium—Half Credit Rates Premium.

THE great and decided success which has attended this Institution, has induced the Directors to reduce the rates originally required in British North America, to the ordinary European rates. The result of such reduction is to enable parties to avail themselves of the important benefits of Life Assurance, at much lower rates of Premium than those of any other Assurance Company, transacting business in Canada. The most liberal conditions are offered to the assured in the limits to which they may proceed by sea or land. AYER'S CHERRY PECTORAL For the Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA and CONSUMPTION

The annals of medical science, affording as they do ample proof of the power and value of many medicinal agents, have furnished no examples to compare with the salutary effects produced by AYER'S CHERRY PECTORAL. DR. PERKINS, President Vermont Medical College, considers it a "composition of rare excellence for the cure of that formidable disease, Consumption." Norwich, April 26, 1846.

Dr. J. C. Ayer—Dear Sir:—Agreeable to the request of your agent, we will cheerfully state what we have known of the effects of your CHERRY PECTORAL and they have been astonishing indeed. Mrs. Betsey Streeter had been afflicted with a severe and relentless cough, which reduced her very low; so low that little hopes could be entertained of her recovery. Numerous remedies had been tried without effect, before the CHERRY PECTORAL. And that has cured her. George Watkinson Esq., had to our knowledge been afflicted with Asthma, for eleven years, and grown yearly worse, until the CHERRY PECTORAL has now removed the disease and he is as free from any of its symptoms as we are. The Rev. Mark Dane had been so severely attacked with the Bronchitis, as to disable him from the duties, and nothing had afforded his relief until I (Mr. Thorne) carried him a bottle of your PECTORAL, which cured him at once, and he now officiates as usual in his place.

These are three of the cases in which we have known it successful, but never to fail. We have great pleasure in certifying to these facts; and are, respected sir, your humble servants. REV. DAVID THORNING. HON. JOSEPH BATTLES.

Among the distinguished authorities who have given their names to recommend CHERRY PECTORAL, as the best remedy that is known for the Affections of the Lungs are "The London Lancet," "Canadian Journal of Medical Science," "Boston Medical and Surgical Journal," "Charleston (S. C.) Medical Review," "New Jersey Medical Reporter," Prof. Bartlett, Transylvania University of Medicine, President Perkins Vermont Medical College, Dr. Valentine Mott, New York City Parker Cleveland, Bowdoin College, Prof. Butterfield Willoughby College, Ohio, Prof. Braithwaite, Leeds (Eng.) Medical School, Sir Richard Kane, Queen's College, Ireland, Prof. Rosenbaum, Leipsic. The public have but to know the virtues and astonishing success of the "CHERRY PECTORAL" in curing diseases of the Lungs, when they will feel secure from these dangers whenever this remedy can be obtained. PREPARED BY J. C. AYER, CHEMIST, LOWELL, MASS. Sold by Iyman & Kneeshaw, Toronto; Hamilton and Kneeshaw, Hamilton; Wm. Lyman & Co., Montreal, Agents for the Canadas.
