We believe that there is nothing will tend more to produce this effect than the constant use of Murray & Lanman's Florida Water mixed with the water in the basin. It removes redness and roughness. The ladies of Cuba and South America were the first to discover the extraordinary virtues of this floral water as a cosmetic, and, after twenty-five years of every- day use, they have decided that it is the only fra- grant distillation combining all the requisites for a safe and reliable beautifier of the skin, as well as an exquisitely delicate perfume. Probably the most distinctive feature of Murray & Lanman's Florida Water is its wonderful REFRESHING POWER. The sense of smell never tires of it, but rather seems to find a more intense enjoyment the longer it is accustomed to its use. As there are counterfeits, always ash for the Flo- rida Water prepared by Lanman & Kemp, New York.	400 NOTRE DAME STREET. THE undersigned begs to return his grateful ac- knowledgments to his numerous friends and cus- tomers, for their very liberal patronage during the past ten years. He would, at the same time, remark that while yielding to none other in the quality of his Medicines and the care with which they are dis- pensed, the charges will only be such as are com- patible with a first-class article and a fair, honest profit. Being a believer in free trade in Physic, his store will be found equal to the wants of Allopa- thists, Homacpathists, Eelectics, Thompsonians, &c., with all the Patent Medicines of the day. As cer- tain interested parties have circulated a rumor cre- diting him with having an interest in other drug establishments besides his own, he takes this op- portunity to say that it is simply untrue. Trusting that the favors of the past will be continued in the future, he remains Their obedient servant, J. A. HARTE, Druggist, Glasgow Drug Hall.	<ul> <li>(Established 1859.)</li> <li>N. B—Physicians are respectfully informed that I have just received Sulpho-Carbolate of Soda, from one of the best London makers, and am expecting the other Sulpho Carbolates daily.</li> <li>S E L E C T D A Y S C H O O L.
